Which was read and referred to the Committee on Finance.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 1783.

WHEREAS, It has pleased Almighty God, in His infinite wisdom, to have removed from our midst, by death, Louis C. DiNardo, on Saturday January 4, 1975; and

WHEREAS, Mr. DiNardo was employed by the City of Pittsburgh for thirty years, rising to the position of City Clerk, which position he held for eight years; and

WHEREAS, he was a conscientious energetic and reliable city employee and who gave generously of his wisdom in the way of city government; and

WHEREAS, he was a loving husband and a devoted father, dedicated to his family; and

WHEREAS, the Mayor and the Members of the Council of the City of Pittsburgh, who were associated with him, desire to formally record upon the minutes of the Council of the City of Pittsburgh a tribute to his memory.

THEREFORE, Be it

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh do hereby express their grief and sorrow over the death of Louis C. DiNardo; and be it further

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh extend their sincere sympathy to the bereaved family; that this resolution be spread upon the minutes of Council and that a copy be forwarded to his family.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason:

Prior to adjournment, gentlemen and madam, somewhere around 1:30 p. m. Tuesday afternoon, as many as are free, plan to go as a group to the funeral parlor.

On Wednesday, immediately following the Finance Committee meeting, we would like to have as many of the Councilmen and Staff as can, attend the funeral. The proper arrangements have been made as to the complete Staff attending the funeral at St. Raphael's Church and in light of that, we have called on the personnel of the Mayor's Office and the Chief Operator, so that there will be some communication and dialogue between the public and this office. That is roughly our schedule immediately following the Finance Committee meeting and since we have few items, we can go at 11:45 a. m. and be at the funeral by 12:00 p. m.

The City Councilmen, as I understand from Mr. DiNardo's son, will be the honorary pallbearers as we have been in the past. Any questions on that?

Mr. DePasquale moved

That the Minutes of Council of Monday, December 30, 1974, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Which was read, received and filed

Also, with an affirmative recommendation,

Bill No. 1752. Resolution authorzing the Urban Redevelopment Authority of Pittsburgh to acquire in accordance with the terms and conditions of the Proposal for the Hill District Recovery Program, as amended, all the right title and interest in the properties situate in "The Terrace Hall Hotel Site No. F" in the Fifth Ward of the City of Pittsburgh, County of Allegheny, Pennsylvania and approving the Budget setting forth the project cost in an amount not to exceed Two Hundred Thousand ($200,000.00) Dollars, One Hundred and Forty-two Thousand ($142,000.00) Dollars for the real property plus the personal property.

WHEREAS, by Resolution No. 147 of 1968, the Council of the City of Pittsburgh approved the Proposal, dated June 19, 1968, for the Hill District Recovery Program in the 3rd and 5th Wards of the City of Pittsburgh; and

WHEREAS, by Resolution No. 242 of 1968, the Council of the City of Pittsburgh approved an Amendment, dated November 1, 1968, to the said Proposal for the Hill District Recovery Program; and

WHEREAS, by Resolution No. 299 of 1969, the Council of the City of Pittsburgh approved a Second Amendment, dated December 5, 1969, to the said Proposal for the Hill District Recovery Program; and

WHEREAS, by Resolution No. 157 of 1971, the Council of the City of Pittsburgh approved a Third Amendment, dated March 27, 1971 to the said Proposal for the Hill District Recovery Program; and

WHEREAS, by Resolution No. 73 of 1972 the Council of the City of Pittsburgh approved the Fourth Amendment, dated March 1, 1972 to the said proposal for the Hill District Recovery Program; and

WHEREAS, in accordance with the purposes of the Proposal for the Hill District Recovery Program, as amended, the Urban Redevelopment Authority of Pittsburgh is to acquire sites and demolish vacant and vandalized structures for the construction and rehabilitation of new housing, commercial facilities and other community services; and

WHEREAS, in accordance with the program set forth in said proposal, as amended, the Urban Redevelopment Authority of Pittsburgh is acquiring the Terrace Hotel Site No. F designated as Deed Registry Block and Lot No. 10-L-29, in the Fifth Ward of the City of Pittsburgh and has submitted as Exhibit "A" to the amended proposal a budget allocating sufficient funds for the acquisition of the Terrace Hotel Site No. F; and

WHEREAS, the Urban Redevelopment Authority of Pittsburgh believes that the acquisition of the said "Terrace Hall Hotel Site No. F" will be consonant with the declared purposes of the proposal for the Hill District Recovery Program and in the public interest; and

WHEREAS, the Council of the City of Pittsburgh believes that the aforesaid acquisition of the "Terrace Hall Hotel Site No. F" by the Urban Redevelopment Authority of Pittsburgh will effectuate the purposes and provisions of the said Hill District Recovery Program Proposal and desires to give approval to the acquistion of said parcel by the Urban Redevelopment Authority of Pittsburgh.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

1. That the Urban Redevelopment Authority of Pittsburgh be and it is hereby authorized to acquire the said "Terrace Hall Hotel Site No. F" in the Fifth Ward of the City of Pittsburgh in accordance with the terms and conditions of the Hill District Recovery Program, as amended.

Also,

Bill No. 1753. Resolution approving a Fifth Amendment to the Hill District Recovery Program Proposal dated June 19, 1968, as amended, providing for the expenditures of funds from the Hill District

Recovery Program for acquisition of properties by the Urban Redevelopment Authority so that housing may be developed for families displaced by the Urban Redevelopment Authority programs in the Fifth Ward, specifically providing for an increase in the number of existing commercial sites from five to six and amending Exhibit "A" and the Hill District Recovery Program map contained as exhibits to said Proposal.

WHEREAS, the Urban Redevelopment Authority of Pittsburgh, submitted its proposal dated June 19, 1968 entitled "Hill District Recovery Program Proposal" to carry out certain public activities in the Third and Fifth Wards of the City of Pittsburgh; and

WHEREAS, the City Planning Commission of the City of Pittsburgh by resolution adopted June 21, 1968, and the Council of the City of Pittsburgh by Resolution No. 147 adopted July 12, 1968, approved the said Proposal; and

WHEREAS, said Proposal was amended by an Amendment dated November 1, 1968, approved by the Urban Redevelopment Authority of Pittsburgh on November 1, 1968 by Resolution No. 387 and by the Council of the City of Pittsburgh on November 12, 1968 by Resolution No. 242; and

WHEREAS, said Proposal was amended by a Second Amendment dated December 5, 1969 approved by the Urban Redevelopment Authority of Pittsburgh on December 5, 1969 by Resolution No. 418 and by the Council of the City of Pittsburgh on December 21, 1969 by Resolution No. 299; and

WHEREAS, said Proposal was amended by a Third Amendment dated March 27, 1971, approved by the Urban Redevelopment Authority of Pittsburgh on April 2, 1971 by Resolution No. 110, and by the Council of the City of Pittsburgh on May 28, 1971 by Resolution No. 157, wherein the Urban Redevelopment Authority of Pittsburgh was authorized to expend an amount not to exceed Two Hundred Forty Thousand ($240,000) Dollars from the project expenditure account for the Hill District Recovery Program for construction of industralized temporary replacement housing.

WHEREAS, said Proposal was amended by a Fourth Amendment dated March 1, 1975; approved by the Urban Redevelopment Authority of Pittsburgh on March 3, 1972 by Resolution No. 38 and by the Council of the City of Pittsburgh on April 7, 1972 by Resolution No. 73 wherein the Urban Redevelopment Authority of Pittsburgh was authorized to expend an amount not to exceed One Hundred and Ninety-five Thousand ($195,000) Dollars from the project expenditure account for the Hill District recovery program for construction of industrialized temporary replacement housing; and

WHEREAS, the Urban Redevelopment Authority of Pittsburgh on December 6, 1974 by a Board resolution approved a Fifth Amendment to the said Hill District Recovery Program Proposal, said Fifth Amendment providing for the expenditures of funds from the Hill District Recovery Program for acquisition of properties by the Urban Redevelopment Authority, specifically providing for an increase in the existing commercial sites from five to six and amending Exhibit "A" and the Hill District Recovery Program map contained as Exhibits to said proposal, said site to be known as "Terrace Hall Hotel" Site No. F; and

WHEREAS, the said Fifth Amendment has been submitted to the City Planning Commission of the City of Pittsburgh

WHEREAS, the Council of the City of Pittsburgh desires to approve said Fifth Amendment.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF PITTSBURGH.

1. That a Fifth Amendment, dated December 6, 1974 to the Hill District Recovery Program Proposal as amended, as submitted to the Council of the City of Pittsburgh by the Urban Redevelopment Authority of Pittsburgh, be and the same is hereby approved.

2. That the Urban Redevelopment Authority of Pittsburgh is hereby authorized to expend an amount not to exceed Two Hundred Thousand ($200,000) Dollars, One Hundred Forty Two Thousand ($142,000) Dollars of this amount for the realty plus the appraised fair market value of the personal property, said amount so authorized for the acquisition

of the Terrace Hall Hotel, Site No. F., said funds to be allocated out of funds currently designated for "N. D. P. Activities" and from un-allocated interest earned.

Mr. DePasquale presented

No. 1823. Report of the Committee on Public Safety for January 8, 1975, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1769. An Ordinance entitled, "An Ordinance governing the Existence of the Companies of the Bureau of Fire, Department of Public Safety, City of Pittsburgh, and Mandating a Table of Organization."

Which was read.

Mr. Lucchino:

Mr. President, I move that Bill No. 1769 be recommitted to Committee.

Mr. Mason:

Is there a second to the motion?

Mr. Lynch:

I would like to say I support this bill and I think ——

Mr. Mason:

Are you seconding the motion?

Mr. Lynch:

I am going to make a statement on the motion and I have a right to do that. I would like to say, I support the intent of this bill. I think the crux of this dispute is whether or not we should retain the fire rescue squads. In my opinion, they are essential and these are the crux of the problem. I met with the Mayor for about a half hour on Friday and he is willing to commit that there will be no reduction in the coming years within the firefighters. He is not willing to commit the retention of the rescue squad and will not support this bill if presented.

In private discussion with Mr. Lucchino and other members of Council, there seems to be a general feeling that perhaps we have not taken enough time to properly explore all of the avenues available to us and in that context, I don't see that anything would be lost to recommit this bill for further discussion.

I have, as all of us probably have, at least three divergent legal opinions and it might be appropriate for us to take more time in view of the seriousness of it and litigation likely to follow. On that basis, I second Mr. Lucchino's motion, with the understanding it does not indicate a lack of support for the bill. I therefore second Mr. Lucchino's motion to recommit.

Mr. Lucchino:

May I speak on the motion?

Mr. Mason:

Yes.

Mr. Lucchino:

It seems you're always misconstrued as to what you say. In this particular issue, I have been persuaded by evidence presented that the rescue squads are a valuable adjunct to the Fire Department of the City of Pittsburgh, but I think Council has to act as a deliberative body.

This bill was introduced last week and is one of great consequence to the future of this City but we have gotten two conflicting opinions; one from our Solicitor and one from the firefighters' solicitor

Council has a budget that we can retain our own legal council to give council an opinion on this issue. I believe if this bill is passed, it should not be the firefighters who should fight this issue but it should be Council that would push the implemenation of this bill, should the Administration not do it.

So I think that before we proceed, we ought to get what everybody would agree to be an unbiased opinion. Some would say that would only delay the issue. My response to that would be, there won't be any significant delay because the Mayor has already said he is not going to do this and that means it will go through the courts and by the time it goes through the lower court and the appeal court, (because nobody is going to stand still for a lower court opinion) it's going to be a year or 18 months before getting a nal opinion on this matter anyhow, so how does it harm things for this Council to take another three of four weeks, get its own legal counsel, and know exactly where we are going?

I think it is so imperative that we do that, that I seek to have this bill recommitted so we can move with due caution.

Mr. Caliguiri:

I am also in favor of the bill and particularly I am in favor of the squads that the Fire Department wants retained in this bill. However, is it the intent of Council to hire our own solicitor? Since it is Council's bill, we should be spending our funds to fight the bill as to whether it is legal or illegal, not the firefighters. Why should they spend their funds to fight an ordinance that is really Council's ordinance? So, if it is the intent to recommit this bill to hire our own attorney to tell us whether it is legal, I think, at least in this case, it is logical; it should be done in order that we can pass this finally and assure ourselves it is legal and allow the firemen to get these squads back.

Mr. Coyne:

Mr. President, I would not vote to recommit the bill to Committee because I feel it has served its time in Committee, if we are going to preserve the Committee process in this legislative body. This legislation was referred to the Committee on Public Safety and all provisions were made in that Committee to have a hearing on both sides of the issue. At the public hearing last Monday on the bill the Chairman of that Committee saw fit that enough people had been heard from that we could go on with the bill and pass it finally here today, or act on it one way or another and for those reasons, I am reluctant to vote for it to be r ferred back to Committee where it just came from last Wednesday.

Mr. DePasquale:

I certainly rsepect the rights of my fellow Councilmen on this, as to the pros and cons of recommitment of this bill. At the same time, I think it is a waste of time to recommit. I have to quote Attorney Craig in his opinion of January 9, 1975:

> "It is regrettable that the city solicitor's opinion fails even to mention the clear Pittsburgh City Charter Act language quoted above — that Council has the power to enact ordinances governing the organization of the fire department. To attempt to conceal those explicit statutory provisions from the members of City Council is a breach of the professional duty of the law department to its client, City Council."

I would even go a step further and say it may be a breach of his oath as an attorney and might even call for action from the Bar Association.

> "As pointed out above, the reference to the director of public safety does not change the situation, particularly when the city administration itself has violated that provision by abolishing that directorship.
>
> "The two court decisions cited simply are not applicable. **Bosler v. Rahn**, 395 Pa. 600 (1959) dealt with the borough code, a statute entirely different from the Pittsburgh Charter Act. Because the borough code explicitly said the Burgess 'shall direct the time during which . . . the police force shall perform their duties', the court, in light of that borough code provision, correctly said that borough council did not have the power to regulate hours. There is no such provision applicable to Pittsburgh at all.
>
> "The other case, **Commonwealth v. Warwick**, 185 Pa. 623 (1898) is also

clearly inapplicable. The decision there was based on a statute applicable to Philadelphia only, an act of 1885 that expressly forbade the ordinance. No such statute is applicable to Pittsburgh.

"We submit that the law department should be called to account, to explain, why Section 22503, prescribing that Council 'shall provide by ordinance' for bureaus, and Section 23149, empowering Council, by ordinance, to organize the fire department, were not mentioned in the solicitor's opinion."

Mr. Stone:

Mr. President, if I may, as I understand the present ordinance and the present collective bargaining agreement which covers the past three years, it has, in effect, by virtue of the collective bargaining with the Administration and the firefirghters, attempted to reduce the amount of hours that each fireman is required to work. It was therefore obvious and known to the Administration for three years that in any collective bargaining where he reduced the amount of hours a man works or the amount of staff, there is a consequential result. In short, you have to hire additional men to pick up those hours to maintain the effort you had before.

I am becoming slightly appalled by the constant reminder that we are equal to other cities when we, in fact, are so much unlike those other cities it is almost ridiculous to cite those statistics.

Every city that we are compared with is a city of flat, level terrain unbarred by rivers and dales and hills for which the City of Pittsburgh is unique.

In addition to that, it has been testified to here by Superintendent Colville that the population of the City of Pittsburgh swells during the day up to a million more persons. How you can use statistics based on the actual census tract and ignore the fact one-and-a-half times more people come into town over and above that and not adjust your statistics for that increase is either to be unaware or deliberately trying to ignore the statistics.

I was told by the Mayor at the meeting we recently had that there is an analogy between the firemen and police. If I am to accept his premise, then I find a contradiction, because when we were talking about police, Superintendent Colville indicated the only way he got his mobility, flexiblity and abilty to move from place to place, under the circumstances of having less men than needed, was to use the roving squads. Here we are now with the Fire Department, which is described by the Mayor's own statement as analogous. Then why are we now removing these roving squad which would give us the flexibility so necessary? I am fully aware, and I think this Council is aware, the Administrative body and Legislative body must cooperate together. In short, before they can act in the best interests of this community, they all should have the same facts before them.

I know of no one in this City Council who has stated they knew in advance that four squads were going to be eliminated.

In view of that, we must then see if anyone has proven to us they should be eliminated.

As I see the testimony presented here and removing from it any emotion but rather getting down to the cold facts, as I have heard testimony presented at that particular hearing, if nothing else is shown to me as reason to eliminate the four squads, in view of that, I think then that City Council has its obligation and that is, *until someone proves to them* there should be a reduction of men, number one, and, two, a reduction of mobility, under the circumstances, we ought, then, to maintain the present effort.

The Administration nor the department head, has convinced me there is just cause for reduction. To say we are not going to get rid of any men when at the same time you have shown an obvious and clear contradiction that if you are going to reduce each man by four hours, then obviously you need some additional personnel to pick up that amount of hours not picked up by the men previously, what we are going into, from the facts as I have seen them, is an admitted shortage of men.

I am not convinced we should get rid of the four squads. I do not think we should dilly-dally and get this ordinance back and forth. If you can't stand the heat, get out of the kitchen and I am prepared to vote today.

Mr. Kamyk:

Mr. President, members of Council, I am of the opinion that there is nothing wrong, legally, with this legislation. I believe City Council, under the Charter and other laws has a right to supply the regulations by which this department should operate. If there is anything legally wrong with the bill, I would like to have it go through the proper channels. I think we ought to pass it, and then, we will see.

As far as the cost of court procedures, etc., the firemen are having the advantage of this particular piece of legislation and I am sure they will take action if the Mayor challenges it in the court.

I believe we can pass this legislation and if it is challenged, we will find out then if it is legal and if he vetoes it, we can override his veto.

That's the way I feel about it and I think we ought to pass it now.

Mr. Lucchino:

I am speaking strictly on the merits of the motion to recommit, not the merits of the entire bill. I would point out to my colleagues on Council, the section Mr. Craig uses to support his position is under that part of the City Charter called Municipal Powers in general — not to the Council or Mayor or Department. Now, those members of Council on here longer than me would probably be familiar with Section 23162, the title being, "To Designate One Way Streets . . ."

Now, if there has ever been an issue in this Council, in my opinion, that has done the more harm, it is the Forbes and Fifth Avenues dispute. If the Charter is so clear for the firefighter issue here, why in the world was that issue never won in court.

Section 23162, "Municipal Powers in General," "To designate one-way streets . . ." Forbes and Fifth Avenues are still not the way Council voted them to be. If Council believes it can regulate traffic by ordinance, Council passed the ordinance but it is not in force.

I am not trying to dilly-dally. I am not trying to delay a decision. All I am saying, if you make a decision, make it with a judgment where everybody agrees it is unbiased.

Mr. Craig was employed by the Firefighters to render his opinion and I don't think Mr. Mulvihill should be faulted for rendering his. If there was an issue of Mr. Mulvihill's loyalty it should have been questioned at the time of his confirmation hearing as City Solicitor at which time he was approved without opposition.

Mr. DePasquale:

I am saying he never gives a negative opinion.

Mr. Lucchino:

Mr. Mulvihill is a professional and I don't think his ethics should be taken to account in this manner because he renders an opinion different to what some of us might prefer.

Mr. DePasquale:

Mr. Luccaino is out of order. We know why we were beaten on one-way streets. It's because we had a gutless judge. Why are we bringing this up?

Mr. Mason:

Mr. DePasquale, let Mr. Lucchino have his say and then you may speak on the issue.

Mr. Lucchino:

There are only a small minority of attorneys having anything to do with City government. I don't think there would be any problems getting such legal counsel. That section of the Charter he quotes as supporting his position also covers one-way streets and I think it is important that that is pointed out because Mr. Craig did not point that out to this Council. If anybody is called to account, maybe Mr. Craig should be called to account and asked the question, why he didn't point out this also dealt with one-way streets.

I say send it back in Committee, hire our own legal counsel, and act as a deliberative body.

Mr. Mason:

For the information of Council, Mr. Craig was not City Solicitor. Mr. Lynch was the attorney. Also, we didn't ask him for an opinion.

Mr. Lucchino:

All I am saying, Mr. Craig could have pointed out to us other instances

where the ordinance was taken into question and the case lost.

Mr. Lynch:

I have one further item. I would say, I concur with all the statements of Mr. Stone. I am prepared to vote with the issue but he did not address himself to the motion. Are we willing to hear further discussion on a subject with this much of an impact on the future of City government?

Getting to the merits of the bill, I would support it. I would think there is strong feeling on the part of some of the Councilmen that this should be recommitted. For myself, further, I support that motion, and that is the motion before us.

Mr. Coyne:

I would point out, it was not said that that was Council's wish, to call someone in to hear more than those we heard from. We could have done that last Monday when we had the hearing.

Mr. Mason:

I would remind you, it was the honorable Chairman who raised the question about legal opinion. It was at that time I foresaw something and called Mr. Mulvihill and asked for a legal opinion. At that time, the firefighters got their legal opinion. I have not had an opportunity to discuss with you since last Monday the elements in the legal opinions which have been rendered.

I have no quarrel with recommitting this to Committee. If it is not the desire of Council, we won't recommit but it seems to me, and it was me who asked for the legal opinion, Mr. Coyne, but we didn't have a legal opinion when we had the hearing on the previous Monday. So, on Wednesday, I indicated clearly, without any equivocation, that I had called Mr. Mulvihill on Tuesday, asking for a legal opinion. I have not talked with Council either individually or collectively since the opinions have been submitted to us.

Mr. DePasquale:

I take back what I said before. The past two solicitors who served the Mayor of Pittsburgh Flaherty, Solicitors Lynch and Mulvihill never have given the Mayor a negative opinion. He is batting a thousand, but even Ted Williams made an out sometime.

I honestly think in my heart that this is probably the most serious ordinance I have ever voted on, or that the members of Council have voted on. I think I am trying to get this ordinance passed because it is going to protect and benefit the citizens of the City of Pittsburgh. Before I would hurt the City of Pittsburgh, I would resign my office. At the same time, I would do nothing to disavow my oath to the City Council.

Mr. Mason:

The motion is the bill be recommitted.

Mr. Stone:

One closing remark. I would like to join Mr. Lucchino on one thing. I don't think we should take to task or accept one attorney over another. I agree, but I think what we are getting into, I think we have a solicitor who rendered an opinion. I personally have no reason to feel there was any irregularity other than, there was a good, legal opinion. There was the opinion from Mr. Craig, former solicitor, and I have no reason to accept it other than that it is a good opinion. If we were to wait and get three opinions, I have no reason to feel they wouldn't be correct. A multiplicity of legal opinions would not certainly solve our problem.

One reason I am opposed to delaying this matter is because I think ultimately this has to be resolved by somebody and I think we ought to get on with it. I think if there is going to be a legal opinion, this can be resolved with less inconvenience and as expeditiously as possible. We can get the thing up and a fast decision and get it over with and that way we don't fault any one as it is being done by an independent individual. The judge can resolve it.

That's the reason we should pass it now rather than going back to getting three, four, five, and maybe even the tenth opinion. Therefore, I am opposed to recommitting.

Mr. Caliguiri:

I think we recognize this thing

has to go to court but I think it is unfortunate that it is going to court and the firefighters have to fight it. It is our legislation and if it goes to court, we should fight it and I think this is the only reason we should retain our own attorney.

I don't think there is a member of this Council who is opposed to those squads being put back. If that were all to it, I think we are all in favor, but I think it is doing an injustice to the firemen if we send them back to court again. They have been there so many times.

If we feel this ordinance is right, we should fight that battle.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes

Mr. Caliguiri	Mr. Lucchino
Mr. Lynch	

Noes:

Miss Ballinger	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. DePasquale	(Pres't)
Mr. Kamyk	

Ayes 3 Noes 6

And a majority of the votes of Council not being in the affirmative, the motion to recommit the bill was defeated.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. DePasquale	(Pres't)
Mr. Kamyk	

Ayes 8 Noes 1 (Mr. Lucchino voting "no.")

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Coyne:

Mr. President, I voted for Council Bill 1769 because it will, in my opinion, restore certain firefighting units and will establish a mandated minimum manpower level for the Bureau of Fire. I think the philosophy of tradition of checks and balances in government suggest that a legislative body who are of the opinion adequate services are in jeopardy will accept its responsibility and that is, to enact ordinances that provide for the public welfare. I am confident if any administration of this city were to allow the number of firefighters to dwindle to ridiculously low levels of men the public will want to know what is Council going to do about it. The answer is, we will do only what, in the legislative branch, we have the ability to do, and that is, enact an ordinance that will establish minimum manpower levels above 700.

In effect, that is what Council Bill 1769 proposes. It mandates that personnel within certain units in its Fire Bureau will not fall below the level Council feels is necessary to provide public safety. What is different about the intent of Council in Bill 1769 and what City Council saw in restoring engineering personnel to their departments even though the Administration was requesting in their budget presentation that they be paid from Bond Fund money under the umbrella of Public Works Department?

Council objected and mandated that engineering personnel not be assigned in that way.

We did this because we felt there would be better performance if each had their own engineers assigned to them. It was only our judgment, and we mandated this.

The Fire Bureau likewise will perform more adequately if the rescue squad is kept intact and personnel is able to function at no less than mandated minimum manpower levels.

Thank you.

Mr. Lucchino:

I would make remarks to the

merits of the bill, itself.

I am appalled at the lack of candor the Chief of the Bureau of Fire had with this Council when he was at the hearing and did not advise us of his intentions. His excuses for not discussing his intentions were very weak. He wanted to avoid the heat in the kitchen, and you can't avoid that, but I don't believe this is a legislative decision, regardless of legal opinions one way or another.

I understand those of my colleagues would disagree with that and I think they have an absolute right to have their opinion, as I have a right to have mine. The hardest thing you find sometimes in government is telling your friends that what they want you to do is not the right way to do it. I think there would be other ways explored to reach these squads that would be far more successful and far better.

You see, because this ordinance said we shall have 43 engine companies of 16 men each, at another public hearing, that was referred to and up until this day, there has not been one shred of evidence presented on that to support it. Not one shred of evidence that we need seven aerial truck companies or 13 junior aerial truck companies or two elevated platform companies. If we are truly trying to do this for the public safety of the people of Pittsburgh and not in response to a request made by the firefighters, but for the public safety of Pittsburgh, then we should hear evidence on those particular points so that we can decide whether that is the right amount.

Maybe for the safety of Pittsburgh, we should have 45 and not 43 engine companies, so why should we make the decision uninformed?

I might point out, the only evidence presented was on the squad companies and that provides for four squads. The City of Pittsburgh has 15 districts or battalions and the Hartley report recommends one squad company in each battalion. Everybody agrees, squad companies are good. Like American pie, everybody agrees its good. Why not agree there should be 15 because that is what the Hartley report recommends on Page 19 of the Hartley report.

So I say, this is not being done and the public is not going to be convinced it is being done, for their benefit. I think for Council to move ahead with the evidence we have now is not proper, in my opinion, and that is why I would vote, No.

Mr. Caliguiri:

Mr. President, since I feel so strongly about the squads and even though I would like to have had an opinion given here on this legislation because we do have conflicting opinions, but since this may be the only time I will have to express my support of the retention of the squads, I would vote, Yes.

Mr. Lynch:

Mr. President, I also wish to express my concern about the legality of what we are doing. I am disturbed with the Mayor's uncooperativeness and disturbed that the squads might be dismissed, so I vote, Aye.

Mr. Stone:

I would comment, dealing with the merits of this particular matter as far as the table of organization as laid out in the ordinance. It my understanding that is the table of organization as it existed in 1974. What variables do we have and the variables under the collective bargaining agreement amounts to six hours per man were dropped to four hours per man. In view of that, if all is held constant, it will be undermanned. In view of that, we would have to look to whether or not we are doing this to reduce our present maintenance of effort as exhibited and recommended to us by the Bureau of Fire in 1974. I see no evidence which would show me we should reduce it in view of that one crucial, main variable, which is the reduction of hours per man and no additional personnel being added.

I don't see there is anything shown us that we should change this and until we have seen anything that will make us change it, we should at least maintain the status quo so we don't get into a worse problem.

Mr. Mason:

I have agreed with the sentiments of all, with the exception of this minor observation. I do not think the Hartley report is a bible, any more than I think the statistics relative to topo-

graphical areas we have to cover can be compared one with the other. I think sometimes we are going to have to diverge from the Hartley report, notwithstanding elements in this report are used to estiblish insurance rates in this community. I agree with the comments made here and therefore, I vote, Aye, to the passage of the bill.

Mr. Kamyk presented

No. 1824. Report of the Committee on Lands and Buildings for January 8, 1975, transmitting one ordinance and one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1770. An Ordinance entitled, "An Ordinance PROVIDING for an Agreement or Agreements with a professional Real Estate Appraiser or Appraisers for real estate appraisal services in connection with the purchase or sale of real property by the City for the calendar year of 1975 and providing for the payment thereof."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr Mason
Mr. Kamyk	Pres't)

Ayes 9 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 1771. Resolution repealing Res. No. 77, approved 3/20/73 authorizing the sale of property in the 20th Ward, on Glen Mawr Avenue, to John J. Bonkowski and Eileen M. Bonkowski, his wife, to return hand money of $240.00, due to vandalism of property during process of sale.

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9 Noes none

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 1825. WHEREAS, the Pittsburgh Steelers, having convincingly won the 1975 Super Bowl IX title; and

WHEREAS, this being the first championship title the Steelers have brought home to their loyal fans, who predicted the victory; and

WHEREAS, the Steelers indefatigable defensive team, which made a shambles of its opponents, and the versatile offensive team, which put the points on the Board; and

WHEREAS, the Pittsburgh Steelers and management have brought honor and prestige to themselves and the City of Pittsburgh.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the Members of the Council of the City of Pittsburgh, on behalf of all the citizens of Pittsburgh, congratulate the

Pittsburgh Steelers, the players and coaches, and Mr. Art Rooney and family for achieving the ultimate football goal and can truly be called "Super Bowl Champions."

Which was read.

Mr. Caliguiri moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

Bill No. 1826. WHEREAS, the Mayor and the Members of the Council of the City of Pittsburgh join the many friends and associates in mourning the death of Harry G. Washington; and

WHEREAS, he was a dedicated employee of the City of Pittsburgh for fifty years, during which time he met and made friends of Presidents, Senators, Congressmen, leaders of the business, civic and labor community and almost all elected and appointed leaders of our city and county government; and

WHEREAS, he was a devoted husband, loving father and grandfather and was loved by all who knew him.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the Members of the Council of the City of Pittsburgh express their deepest sympathy and condolences to the family and friends of Harry G. Washington in their hour of bereavment, and that copies of this resolution be sent to the immediate family.

Which was read.

Mr. Stone moved

The adoption of the resolution.

Which motion prevailed.

Ms. Ballinger:

Last Thursday at the Allegheny Labor Council they adopted a resolution, in fact a reaffirmation of a resolution adopted some time ago, prior to the time Governor Shapp took his trip to China. At that time, there was a resolution on mass rapid transit. They asked for a private meeting with the Governor to discuss this. However, the Governor had gone away and there wasn't a meeting set up at that time because he wanted to send one of his aides and the Labor Council didn't feel they wanted to talk to his aide; they wanted to talk to the Governor.

Therefore, last Thursday, at their meeting, I presented a resolution on mass rapid transit which I wouldn't ask Council to vote on because I know they are anxious to get to the parade, but I would like to have Council consider it and have it made a matter of record at this time.

"WHEREAS development and construction of a modern rapid transit system is absolutely vital to the well being and economic growth of Allegheny County; and

"WHEREAS the Port Authority of Allegheny County, after years of thorough study and review by recognized transportation experts, developed a first-stage rapid transit program known as the Early Action Program; and

"WHEREAS the Board of Allegheny County Commissioners approved filing of an application with the United States Urban Mass Transportation Administration for funds to construct the Early Action Program; and

"WHEREAS planning, design and property acquisition has progressed to a current status where construction can proceed immediately; and

"WHEREAS construction of the rapid transit system would provide thousands of jobs and millions of dollars in payroll within the construction industry at a time when unemployment is one of the area's most pressing problems:

"THEREFORE, BE IT RESOLVED, that the Allegheny Labor Council fully supports the Early Action Program and urges all union officials and members concerned to take any and all actions necessary to proceed immediately with the construction of the Early Action Program."

Again, I reiterate, this resolution is going to go to all members of the Allegheny Labor Council requesting the members to contact Governor Shapp and, of course, he will be contacted immediatly after his inauguration next

week requesting that we sit down and attempt to get the Early Action Program started.

Mr. DePasquale

Mr. President, for the record, aren't we on record as approving the Early Action Program?

Mr. Mason

Yes, we are.

Ms. Ballinger

This is a reaffirmation, but I think we, too, should get started again and ask Governor Shapp to do something about it.

Mr. Coyne

Mr. President, is it in order for other business now, other business of Council? I would like to take this opportunity to advance a thought for consideration that might be of some help to Council in the future.

In the past, it is my understanding Council had formed a Labor Sub-committee to air complaints of certain municipal employes. Apparently, that subcommittee has been disbanded and none formed to take its place. For the benefit of Council, I would suggest we give some consideration to forming such a subcommittee for the reason to avoid such disputes and lack of information such as here, today. On any issue, this subcommittee could gather information and present it to Council and I make that suggestion as an idea to consider.

Mr. Mason

I would be happy to talk about why that labor committee fell into dissolution and the impediments that go with it.

Mr. Stone moved

That the Minutes of Council of Monday, January 6, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Municipal Record

Proceedings of the Council of the City of Pittsburgh

Vol. CIX Monday, January 20, 1975 No. 3

Mr. Caliguiri:

Mr. President, I wish to speak on Bill No. 1460. It is on my negative vote and as to the reason why

Mr. Mason:

On your negative vote?

Mr. Stone:

I want to amend the bill as we indicated on Wednesday we would do.

Mr. Mason:

I am obliged to hear from Mr. Caliguiri first since he voted no.

Mr. Caliguiri:

Mr. President, although I agree with my colleagues on part of this bill, Item IV under Industrial Land Use in the Community Development Block Grant Program to be transferred to the Capital Improvement Program, I cannot agree with. I have reservations on Items I and II, the fire station and particularly the streets. I recognize that a recommendation has been made and that these were placed in the Capital Improvement Program and the findings shown thereto.

However, in talking with Director Paternoster regarding the Community Development Act, he indicated that they will push these projects and hopefully get these projects completed this year.

I recognized that these streets were in the Capital Budget for two years and we have not seen action yet. My concern is putting them back an giving the Administration an opportunity to delay these projects.

I intend to ask Director Hess to give me a timetable on Perrysville and Hazelwood Avenues. I am reluctant to push these back and that is the only reason I voted no on this bill.

Mr. Mason:

Does that complete your negative vote?

Before you speak Mr. DePasquale, I am recognizing Mr. Stone to see what the amendment is in order to find out what we have here on the floor.

Mr. Stone:

Mr. President, if I may, if you recall, on Wednesday we moved the Bill affirmatively and we indicated we would be amending the bill with changes, deletions, substitutions and recommendations. Council recommended that those amendments would be part of the ordinance in final form. We made it according to our suggestions on how the amendment should be made and requested it to be approved by the City Solicitor and he would come back with approval to the changes. Everybody now has the copy of the ordinance as ameended. What it is doing in effect is adding to the 'whereas'." They are as follows:

WHEREAS, the Pittsburgh City Planning Commission has prepared a 1975 Community Development Block Grant Program, final draft, dated November 1947; and

WHEREAS, the Council of the City of Pittsburgh has made certain revisions therein;

Said application shall include the 1975 Community Development Program draft prepared by the Pittsburgh City Planning Commission, dated November 1974, as revised by City Council, which revisioins are set forth in Exhibit A to this ordinance.

The asterik in front of Exhibit A, A-3, should be removed. We did not recommended that Industrial Land Use be placed in the 1975 Capital Budget.

Mr. President, I would like to have included in the record the report of the City Council Sub-Committee on Housing dated January 15, 1975.

FROM: CITY COUNCIL SUB-COMMITTEE ON HOUSING

TO: CITY COUNCIL OF CITY OF PITTSBURGH

SUBJECT: COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

DATE: JANUARY 15, 1975

The Sub-Committee on Housing of the City Council of the City of Pitts-Murgh, makes the following recommendations.

We recommend the approval of Bill 1460, more specifically, we recommend the approval of the Community Development Block Grant Program (Final Draft), as prepared by the Pittsburgh City Planning Commission, November, 1974, with the following changes, deletions, substitutions and recommendations.

WE RECOMMEND THE FOLLOWING DELETIONS:

I. **Fire Station (Vintal Streets):**
Be deleted and transto the 1975 Capital Budget $ 450,000.00

II. **Streets:**
"A" Perrysville Avenue 157,000.00
"B" Hazelwood Avenue 190,000.00
Be deleted and transferred to the 1975 Captal Budget

III. **Tree Planting:**
To reduce the amount from $215,000 to $155,-000 and return the $60,000 to the 1975 Capitol Budget (the same as 1974) 60,000.00

IV. **Industrial Land Use:**
Be deleted 500,000.00

TOTAL DELETIONS ..$1,357,000.00

We had originally felt that "Housing Inspection Items (conservation in sound areas $40,000; and City wide ongoing safety inspection $75,000, totalling $115,000) should properly be deleted from the C/D Program and put into the 1975 Tax Operating Budget.

We still do, but because it is so necessary and vital to the overall housing effort, we did not want to chance the possibility of an administrative decision not to fill the positions, if, they were in the Tax Operating Budget.

Reluctantly; therefore, we are leaving them in the C/L Program in 1975, with the proivso that these items be Tax Operating Budget items, in 1976.

As to some items deleted, it was our belief that those items, which were in the 1975 Capital Budget, should remain and continue in the 1975 Capitol Budget, and at least at the same level—to demonstratrate our maintenance of past effort.

As to some new items deleted, it was our belief that they were clearly and properly Capital Budgt items, and should be provided for, at the outset, in their proper place—the Capital Budget. Especially is this so, with those items, which were not likely to be fully completed in 1975; thus possibly adversely affecting our C/D performance level in 1975.

As to all items deleted, above, we do not suggest that they be transferred and added to the Capital Budget.

The presently announced 1975 Capital Budget, plus these suggested additions (by transfer) would still be below the 1974 Total Capital Budget.

WE RECOMMEND THE FOLLOWING ADDITION/SUBSTITUTION:

I. **"Unspecified funds:"** $1,357,000.00
(NOTE: The Act permits a maximum of 10%)

The Sub-Committee found that there were many worthwhile programs submitted to the Planning Commission, to City Council, and to this Sub-Committee.

We realized the monumental task involved in this community development program, and its preparation. We, therefore, take note that many, many worthwhile suggestions and requests might have gotten overlooked—even under our combined review,—especially, under the pressurs and scarcity of time during our year-end budget deliberations.

Regretably, although unintentional, the final draft was not received by some citizens and citizen groups, in time for our first Council Hearing. They therefore did not have an opportunity to offer their full constructive responses.

We wish to fault no one, but only to point out that it is a big undertaking and could not possibly be without some problems.

SECOND OPPORTUNITY

This is a second opportunity to review all requests (which they have documented so well) without time pressures, to ascertain which are meritorius and

should be advanced. It is our recommendation however that those programs, which can actually and fully be completed in 1975, have first priority!

In the long run, we feel that our amendment will aid tthe overall C/D Program's effort!

OUR CONCERN

As to the actual performance of this program, this Housing Sub-Committee cannot over-emphasize our continued deep and sincere concern, for the need of effective co-ordination; and the ability and power of the Co-Ordinator to oversee and push this massive program, so that we can fulfill our announced 1975 Community Block Grant Program goals.

PERIODIC REVIEW

While we wish our best to those who will administer this program, and while we publically offer our assistance, at any time; nevertheless, we feel compelled to request, from time to time, priodic reviews, to insure substantial progress, along the way.

OUR THANKS

In conclusion, we of the Housing Sub-Committee wish to extend our heartfelt appreciation to the Planning Commissioin and Staff for an overall good effort. We and this City are indebted to them for their dedicated service.

We likewise pay tribute to the many organizations, citizens groups, and citizen's who responded so constructively during all Public Hearings.

Good Luck to all—

Respectfully submitted,
ROBERT RADE STONE, Chairman
WILLIAM J. COYNE, Member
FRANK J. LUCCHINO, Member

Mr. Mason:

Pardon me, could you correct me?

Mr. Stone:

You have the whole ordinance. All of the items are underlined.

Mr. Mason:

What asterik?

Mr. Stone:

Exhibit A, next to the last page.

Mr. DePasquale:

I share the sentiment of Councilman Caliguiri. I think there is a great reluctance on the part of Director Paternoster and the Mayor to carry out Perrysville and Hazelwood Avenues in the Capital Improvement Program, as well as the fire station. I would hate to see these projects lost.

I also share the sentiment of Councilman Stone, his intentions are good, but at the same time, I don't think this will be carried out. The people have waited a long time for Perrysville and Hazelwood Avenues.

Mr. Lucchino:

Mr. President, I want to respond briefly. I totally agree with Councilman Stone's position. I think we should approve this motion. Council has acted at times where our authority may be clouded, but our authority is clear on this issue and we can't put ourselves in a position to be a whipsaw between the Mayor and the community. He had this in the Capial Budget before and we should appropriate this money again if it is necessary to have the job done. Let the Mayor answer to the community why he is not doing the job. Mr. Stone is right. This is where they belong and not in the Community Development Block Grant Program, and therefore I second the motion.

Mr. DePasquale:

We are in a position where we have to answer these peopl,e not the Mayor. We keep telling people we want to help. I don't care to make it an issue, but if we put it in the Capital Budget, we won't get the fire staion or the streets.

Mr. Stone:

If I may, Mr. President, when the bond issue has to be approved, it has to be done in Council. All we are talking about is $857,000 additional of what is proposed. Besides the $857,000, htre will still by $1.3 million for unspecified projects for 1975, and I don't see any jeopardy. The Administration should accept its responsibility, it was in the Capital Budget in 1974! This is the opportunity for us to do and we should do so. All we have done is to increase that amount by $857.000. We should not let it go unsaid that our Committee and I as Planning Chairman in making these particular changes, aside from belonging in the Capital Improevement Program Budget, were, as well, not likely to be fully accomplished in 1975. Therefore, we felt to place them in the

Community Block Grant Program in 1975, it would result in poor performance; and thusly, would effect and jeopardize the Community Development performance in 1975. Taking everything into consideration, it was our belief that this was the best, under all of the circumstances, but I would not like anyone to believe that the intention of this amendment or anything we have done, was intended to reduce the present efforts of the City Administration, but rather to do more!

While I have the figures in front of me, I ought to say this at the present time. We amended the figures as follows: Under the entire program, the housing and housing improvements will be in the amount of $5.94 million. The neighborhood capital portion will be $3.8 million. The neighborhood expense for commercial renewal will now be remaining at $2.1 million and on the existing urban renewal it is $1.5 million.

Mr. Mason:

Is this relative to your amendment, the figures you are quoting? Is it in your amendment or on the otherhand, an addendum?

Mr Stone:

I stand corrected.

Mr. Caliguiri:

Before we go on with this, we have a legal right to make the changes clear on these items here. It is not a question of whether it is right or not, but my concern is the best way to get these projects completed.

As I said before, in talking to Director Paternoster, if for some reason or other we can't get this Community Development Act completed in this year, it is not whether this money is in this Act here or reflected in the Capital Budget, because it does not make a difference. We should try on this program and this Act. For that reason I would like to see them stay in the Community Development Program rather than move back and forth, even though, we have the right to increase the Bond Fund. Is the money, in fact, spent or unspent for last year? This is the thing and I don't want to see that happen.

Mr. Mason:

It seems, Mr. Caliguiri, that your remarks are timely. This seems to be a shuttle bus kind of operation going on. I appreciate your deep concern and the fact that the two items you mentioned have not been expedited. This is a fact of broader latitude on the part of the Administration to do what the heck they please with the Capital Improvement Program.

Under the Community Development Program, if I understand correctly, there is a plan to have coordination and follow through money. We subsequently, under the Community Development Act, have to make sure we fully expedite and complete the projects in that program year in order to justify its existence in the following year, because this just might make the difference. So, I am pointing that out because Mr. Lucchino has referred to the Administration and somewhere along the line somebody is responsible.

Mr. Stone inlicated that possibly we would have control through Bond Funds. We had control for the eight years that I have been in City Council and for issues of Bond Funds to be accepted and to follow through on that, the only difficulty I see here now is I don't see a decent point of view where we establish priority.

Pittsburgh, Pa.

Monday, January 27, 1975

Present:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

PRESENTATIONS

Mr. Mason:

The first order of business today is the swearing-in of the two new appointees to the offices of City Clerk and Assistant City Clerk.

Mr. Lucchino:

Mr. President, is it possible to delay this action as I believe Mrs. Perry is scheduled to be here for the ceremonies and she is trying to find a parking place.

Mr. Mason:

If it is agreeable to City Council in lieu of the fact that Mr. Perry's wife is lost, we can take this matter up under Motions and Resolutions; if that is the desire of this body.

Mr. DePasquale:

Don't we have to make a motion to that effect? Well, I'll make that motion.

Mr. Caliguiri:

I am seconding the motion.

Which motion prevailed.

UNFINISHED BUSINESS

The Chair presented

Bill No. 1897.

City of Pittsburgh Pete Flaherty, Mayor

January 23, 1975

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Re: Council Bill 1769 of 1975

Dear Gentlemen and Madam:

The legislation proposed by the Pittsburgh Firefighters Local No. 1 raises serious questions concerning the Administration's right to manage and supervise personnel.

As I stated before Council the City Firefighters have received a substantial reduction in the hours they work each week. In 1971 the firefighters worked 52 hours a week and by virtue of our three-year arbitration agreement we have reduced their weekly hours to 42 hours a week, effective January 1, 1975.

In order to absorb the decrease in the weekly hours it was necessary for the City Administration to make some transfers of men from one unit to another unit. This we did on January 1, 1975. We did not decrease our overall manpower. As a matter of fact, the City hired 111 new firemen in 1974, and we expect to hire a new class of Firefighters in 1975 to maintain the force at the budgeted figure of 1,086.

The bill before you is much more than a table of reorganization. It would prevent the Administration from having necessary and essential supervision over future transfers and personnel relations.

Many of you have expressed your reservation concerning this Bill and concede that the Bill will tie the hands of the executive to properly manage the Bureau of Fire.

Many of you have expressed that your main concern is the lack of adequate notice of the administrative changes that went into effect January 1, 1975.

I can appreciate such concerns and can assure you that at least 10 days notice will be posted in the event of any future transfers.

However, I do urge that you do not pass this legislation as a penalty or retaliatory measure for a failure to give more adequate notice.

We can still manage and supervise and at the same time give adequate notice.

But, we cannot manage and supervise the Fire Bureau if our management hands are tied as this Bill would do.

My major objections to Bill 1769 are:

1. It would prevent the Chief from making day to day adjustments in manpower allocation and deployment which are necessary to meet emergencies and contingencies.

2. It weakens the City's firefighting capabilities as surveyed by the Fire Underwriters.

3. It subverts the collective bargaining and arbitration process by providing benefits in addition to those agreed upon in the Arbitration Award of October 12, 1972.

4. It deals with the day to day management of the Bureau of Fire, and administrative function committed exclusively to the executive branch of government.

I have detailed my objections in the attached written statement.

For these reasons I hereby veto Council Bill No. 1769 of 1975 and return the Bill unsigned.

My staff and I are available to discuss any of the matters contained in this message.

Very truly yours,

PETE FLAHERTY

PF:fkn

Enclosure

STATEMENT OF OBJECTIONS TO COUNCIL BILL NO. 1769 OF 1975

1. It would prevent the Chief from making day to day adjustments in manpower allocation and deployment which are necessary to meet emergencies and contingencies.

The type of fire, the number of fires occurring at the same time, the size of a fire, the location of a fire, the circumstances under which a fire is fought, including the weather, are all considerations which must be weighed in determining manpower allocation and deployment in the Bureau of Fire.

Also important to consider are the number of employees on vacation, sick leave, compensation, jury duty leave, military leave, etc. and the equipment available.

Manpower allocation and deployment cannot be frozen in an effective fire fighting service.

The Chief of the Bureau of Fire, like the Superintendent of the Bureau of Police, or any Bureau or Department head must allocate manpower on a day to day basis to meet contingencies and emergencies as they develop depending upon the circumstances.

The size of a fire may mandate an immediate adjustment in the number of companies in service and a different manpower allocation for those companies fighting the fire than for those which remain in service, but not at the scene of a fire.

A major conflagration or emergency in a neighborhood community may require the adjustment of manpower and company strength in order to aid that community.

Fires fought under circumstances of civil disorder may require adjustments in manpower deployment and allocation.

Council Bill 1769 of 1975 is objectionable because it freezes the administration of the Bureau of Fire, and thereby totally limits the ability of the Chief to make manpower adjustments necessary to meet contingencies and emergencies on a day to day basis.

2. It weakens the City's firefighting capability as surveyed by the Fire Underwriters.

According to the survey by the Fire Underwriters published in 1967 the City of Pittsburgh's firefighters capability reached an all time low in 1966. As a result reorganization action was undertaken to prevent further deterioration of the City's firefighting capability. When Engine Company No. 2 was eleminated a grievance was filed protesting the resultant loss of career development opportunities of driving time and officer's pay.

Former Fire Chief Harry Keller and former Public Safety Director David Craig rejected the grievance because:

> "Facts do not support the idea that elimination of any company would be detrimental."
>
> "The City of Pittsburgh has more companies and stations than cities of similar size and similar stations." "The necessity of maintaining adequate manpower gives us no choice except to take this consolidation action." (A copy of the written grievance and the written reply are attached.)

Professor Boyd A. Hartley was hired under authority from City Council to study the Pittsburgh Bureau of Fire and make recommendations to make further improvements. Mr. Hartley's study completed in late 1969 confirmed that the City's firefighting capability was adversely affected by too many stations and too many companies. (Each of you was forwarded a copy of the Hartley Study on January 9, 1975 by Chief Kennelly.)

This Administration undertook reorganization and other changes to improve the firefighting capability of the City of Pittsburgh. The Fire Underwriters stu-

died the City of Pittsburgh again in 1971 and reported in 1972 that the City of Pittsburgh had the best survey results since the Uniform Grading Schedule was introduced in 1948. (This is confirmed in a letter dated October 31, 1974 which was forwarded to each of you by Chief Kennelly on January 9, 1975.)

Further improvements have been undertaken since 1972 the last of which was elimination of Engine Company 7 and three squads when Firefighters hours were reduced from 46 to 42 a week on Januray 1, 1975. This reduced the number of companies to 65, three more than the 62 recommended by Mr. Hartley, and increased the manpower per company to the highest level since 1957. Reinstisution of these four companies would reduce the number of men per company and thereby adversely affect the City's firefighting capability.

3. It subverts the collective bargaining and arbitration process by providing benefits in addition to those agreed upon in the Arbitration Award of October 12, 1972.

You will recall that the Firefighter's Union critized as inequitable the process used to determine their members wages, hours and other terms and conditions of employment prior to 1968.

On several occasions the Firefighters picketed City Hall to protest the alleged inequitable treatment they recieved at the hands of City Council and the Administration.

In order to provide an evitable system for the determination of wages, hours and other terms and conditions of their employment, the Firefighters, through their Union, were successful in having passed by the State Legislature an Act granting the right to bargain collectively and binding arbitration concerning the terms and conditions of their employment including hours, working conditions, retirement, pensions and other benefits.

The Firefighters benefits for 1975 have been determined through this system. Collective bargaining in 1972 resulted in an Arbitration Award covering 1973, 1974 and 1975 which was signed by all three arbitrators, including Firefighter's President Lewis, and ratified by the overwhelming majority of the Firefighters prior to signing. At the time of signing the award it was understood by the City arbitrator and Mr. Lewis that the City retained the unlimited right to recognize the Bureau of Fire consistent with the form for scheduling agreed upon to reduce hours from 50 to 42 hours a week over the term of the Award. (This agreement is reflected in the attached letter requested by Mr. Lewis of Mr. Campbell as a condition to signing the Arbitration Award on October 12, 1972.)

Early in December of 1974 the Firefighters Union through President Lewis requested that City Council amend the Award by freezing the administration of the Bureau of Fire in order to maximize career development opportunities of driving pay and officer status which increase in direct proportion to the number of companies.

These benefits are inconsistent with and in addition to those bargained for and ratified by Firefighters President Lewis and the Union membership. To allow such addtions and changes would seriously impair the City ability to engage in meaningful collective bargaining or arbitration. Certainly any attempt by this Administration or City Council to diminish benefits bargained for or received through arbitration would evoke serious protests and court action by the Firefighter's Union. Furthermore, you have been advised by the City Solicitor by letter of December 11, 1974 relative to a request by the Fraternal Order of Police that City Council may neither decrease, increase, nor otherwise change an award issued pursuant to Act 111 of 1968.

4. It deals with the day to day management of the Bureau of Fire, an administrative function committed exclusively to the executive branch of government.

The City Solicitor at the request of City Council studied the subject legislation to increase career development opportunities and informed you of his opinion that it is beyond the power of City Council to deal with the management of the Bureau of Fire, an administrative function committed to the executive branch of government.

The strong executive form of the existing Charter Act for the City of Pittsburgh is carried forward in the new Home Rule Charter which was approved by the voters of Pittsburgh to go into effect next year.

The question of placing limitations on the strong executive form of government was raised and debated thoroughly by

the Charter Commission at public meetings. As a result, suggested limitations were rejected and the strong executive was retained. Therefore, there is no valid reason to permit this invasion of the administrative function by City Council.

Which was read, received and filed.

The Chair presented

Bill No. 1769. An Ordinance entitled, "An Ordinance Governing the Existence of the Companies of the Bureau of Fire, Department of Public Safety, City of Pittsburgh, and Mandating a Table of Organization."

Which was read.

Mr. Mason:

Members of Council, is there a motion on the veto?

Mr. DePasquale:

If a motion is in order, then, I so move that we override the Mayor's veto of Bill No. 1769.

Mr. Stone:

I'll second the motion that the Mayor's veto be overridden.

Mr. Lucchino:

I want to state briefly that I shall remain consistent with my previous vote on this Bill. I am voting today to sustain the Mayor's veto although I support the concept of the squads and I don't believe that they should be eliminated but I don't think this is the appropriate way to go about it and I think that this Bill is an improper one that will come back to haunt us many times over.

Mr. DePasquale:

There has been some talk of this thing winding up in court, so all I can say is that I hope not. However, at the same time I have been given information regarding a decision handed down over the weekend in Cleveland, Ohio, concerning a problem they had there with their police. Now, the courts upheld and actually retained one hundred policemen that had been discharged by the Mayor of that City. The decision was based on the fact that the courts felt it was imperative to the safety of the City of Cleveland to keep these men on. That's a decision handed down by the courts in Cleveland.

Mr. Mason:

Any other comments?

Mr. Stone:

I think that my position has been well stated but, again, I would like to take this opportunity to briefly reiterate that I do not take this lightly—the fact that City Council as a co-partner and co-sponsor for city government with this administration should be let in and it should be made known to them what has actually happened. This letter we just received from the Mayor is an admission from him that he did not really let City Council know that he intended to make some organizational changes.

Aside from that, and it is important seeing as it has happened so many times here and been overlooked, if you are going to make a change, it appears the burden of proving it is upon that individual desiring to make the change to show that that change is necessary. We called a Public Hearing at which the Firefighters were present and made known their side of the story. Chief Kennelly was there and gave his side. The Mayor was there and he gave his side of it. I must admit from what I heard there, Chief Kennelly and the Mayor both failed miserably in carrying their burden to show why any changes should be made. Not one iota of evidence was presented from Mr. Kennelly or the Mayor which showed me that there should be change. However, there was evidence that seemed to show strongly the other way. At any rate, this Council acted responsibly; we did not know and did not appropriate for it and did not make adjustments for it. The Mayor, now, would like to wipe out this error that he admittedly made. Now that admission is a step in the right direction; but, nevertheless, you don't just do it by saying—"the next time, we'll give you fifteen days advance notice." I can only surmise that the mo-

tive of this kind of operation of nonprior disclosure is to keep us and everybody in the dark and hope that they will never get it. That is not my idea of dual control in city government and I think that City Council has an obligation to maintain its role.

We know the firemen have gone from working fifty-two (52) hours a week to forty-two (42) hours a week in a three (3) year period through arbitration which would seem to indicate that we then would seem to indicate that we then needed more men and by saying now that we are not going to fire anybody is not the answer when, obviously, you must make up those extra ten hours per week per man. It would appear that this alone would dictate that we should get more men, or, in order to maintain the flexibility that we have been told that we should have with the squads being there.

The Mayor, himself, advanced the premise to City Council that the Fire Department was like the Police Department in that the flexibility lies in the squads mobility, and, now, I find he is in total conflict with himself when he now tries to eliminate the squad and their flexibility. I cannot sit back and watch this even if there be a threat or fear about some future court action.

Mr. Mason:

What was that last thing you said about court?

Mr. Stone:

I said that even if there is some threat or fear of court action—and if there is—is need for this, then, let it be. We have one opinion saying one thing and we have another, a legal opinion saying something else, but that is what life is all about—there is always some other interpretation of it so let there by that interpretation--by the court.

The Mayor has a choice—he can make this drag along for eighteen (18) months or he can cooperate in the best interests of the City of Pittsburgh and get this thing resolved. If he thinks he stands on good legal ground then let's let the two forces fight it out--and I hope City Council will be a part of it. Let the court render an early decision and it will be over without being "bally hooed" along and in the end we will all know where our rights fall and don't fall. I know that I, as a Member of this Council, whole-heartedly endorse this action and I think that as a Council it is our responsibility to act as we have.

Mr. Mason:

One question, please Mr. Stone—in the three (3) years that arbitration has been in effect, do I understand you to say that in that period of time the number of hours has been reduced from fifty-six (56) to forty-two (42)?

Mr. Stone:

The firemen used to work fifty-two (52), not fifty-six (56) hours per week but they are now down to forty-two (42) and there is no replacement personnel to substitute for this reduction in man hours.

Mr. Mason:

It seems to me that with the knowledge of this reduction of hours it would leave one to conclude, if I understand your remarks, that the Mayor would certainly have knowledge of that fact and would have to have additional personnel to make up for the reduction of man hours; is that correct?

Mr. Stone:

Yes.

Mr. Mason:

The Mayor's veto message to City Council said that our vote might be retaliatory and I would hope that this vote taken here today is not considered as a retaliatory measure because of the fact that the administration failed to notify us in time of the proposed changes. I was a little put out with that remark because I don't vote on retaltiation; I vote on what I deem to be the merits of the Bill. Now, are there any further questions on the motion that was presented by Mr. DePasquale and seconded by Mr. Stone?

Mr. Stone:

I'd like to emphasize, again, your point.

I don't think any action here is 'retaliatory' but rather on the contrary. I'd like to say this—the point is—when it is incumbent upon you to prove why a change is being made and you have not sustained your burden of proving

this need, then, you have failed—not this Council. We were asked to determine from what we heard at that table whether or not the change should be made. The Mayor and Mr. Kennelly failed miserably and, if anything, they showed it should go back to where it was. Now, if that is what some people call 'retaliatory' I'm sorry for that because on the evidence presented to us, we have no other course to follow other than to do what we are doing.

Mr. Mason:

I'm saying this for the media—newsmen, television, etc., because it may look as though this vote was retaliatory and I don't want that kind of a stigma placed on this Council.

The Chair:

All those wishing to override the Mayor's veto will vote "Aye" and those opposed will vote "No."

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lynch
Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. DePasquale	(Pres't)
Mr. Kamyk	

Ayes 8 Noes one (Mr. Lucchino voting "No.")

And there being two-thirds of the votes of Council in the affirmative, the objections and veto of the Bill by the Mayor were overridden.

MOTIONS AND RESOLUTIONS

Mr. Mason:

Under Motions and Resolutions we delayed because poor Mrs. Perry got lost in the parking lot so we will now have the swearing in of the two new appointees to the respective offices of City Clerk and Assistant City Clerk. Mr. Perry, please come forward and be sworn in.

Mr. DePasquale:

Is it proper to stand during the swearing in ceremonies because I can see Mr. Kamyk standing:

Mr. Mason:

Gentlemen, please rise for the swearing in.

Mr. Mason:

Mr. McCray, please come forward and take your oath.

The oaths of office were duly administered to Michael A. Perry, City Clerk, and William F. McCray, Assistant City Clerk, by Louis Mason, Jr., President of Council.

Mr. Mason:

Members of Council, are there any other Motions or Resolutions before us today?

Ms. Ballinger:

Mr. Chairman, I don't have any Motions or Resolutions but I wanted to call to the attention of this body that in the Firefighters monthly publication there is an editorial entitled, "Fighting is the Name of the Game." I'd like to read this to you because I feel it is such a tribute to our City Firemen who have dedicated themselves to our safety and protection that I would like this article to be introduced and made a part of our Minutes. Especially, since this is a day of infamy what with our overriding the Mayor's veto.

Fighting Is the Name of the Game

It takes a dedicated, aggressive person to fill the boots of a Fire Fighter.

*A Fire Fighter is a person who will rush into a burning building while everyone else is breaking his neck to get out.

*A Fire Fighter will hurry through the night answering a call only to find out he is the target for someone throwing stones, bottles or taking a pot shot at him.

*A Fire Fighter is a man who is required to work longer hours per week, and be away from his loved ones more than any other worker.

*A Fire Fighters will leave his family to work Saturdays, Sunday and Holidays because emergencies and tragedies have no respect for days like Thanksgiving and Christmas.

"A Fire Fighter will leave his family who will come out of a burning building with tears running down his face. Tears brought on not due to the searing hell he has just left but out of compassion for the limp form of a small child he may be carrying.

*A Fire Fighter belongs to a group who, over the years, will have more injuries and deaths per thousand than any other working group.

*A Fire Fighter belongs to a group of men who, because of the stress and strain of their job, often performed in sub-zero temperatures, will be forced to retire earlier in life than the average worker.

*A Fire Fighter belongs to a group who, because of the pressures of their work, probably will not live to reach the normal life expectancy of the rest of his neighbors.

Despite all of this, there are those who expect the Fire Fighter to stifle his dedication to fighting oppression and throttle his aggressive qualities, and lay down and play dead when city management, using underhanded methods, and operating like thieves in the night, steals from the Fire Fighter, working conditions that are so vital to his well being

and morale and needed to function as an efficient fire fighting machine.

Mrs. Mason:

It will be noted that this was read and so filed with the Minutes.

Mr. DePasquale:

Now you know why I am not a Fire Fighter.

Mr. DePasquale moved

That the Minutes of Council of Monday, January 20, 1975, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Mr. President, this past week we have seen an expose on the local television stations and news items in various papers regarding the kickbacks on towing charges. I don't know to what extent it is and I don't know that any Councilman does. I think it does not penetrate the whole Police Department and before anybody wrongs the Police Department, I would like to have Mr. Colville appear before us to tell us to what degree these kickbacks are prevalent and what Internal Affairs is doing regarding this matter. I do not want to see our Police Department tainted with this type of action going on. Would you have Mr. Colville come in this Wednesday or next Wednesday to appear before Council to give a report.

Mr. Mason:

It would appear to me in light of the reported activities, we should have the City Clerk to ask Mr. Colville to be here this forthcoming Wednesday. This statement is to the Internal Affairs Division requesting an explanation and to get it straightened out now, is that right?

Mr. Caliguiri:

If that is not in accordance to your wishes, let me know.

Mr. Caliguiri:

Yes.

Mr. Mason:

The Superintendent should come before us this Wednesday to give the documented information. Those, as I understand, are the types of things Council should find out.

Mr. Stone moved

That the Minutes of Council of Monday, January 27, 1975, be approved.

Which motion prevailed.

And on motion of **Mr. Caliguiri,**

Council adjourned.

Mr. Lynch

I wanted to make it obvious to the Members of this Council that up until a few moments ago we had present with us a Cub-Scout Troop, and my fondness for children being widely known, I wanted these boys to see for themselves just what Council, myself and all other Members included, does.

Mr. Mason:

We shall make due recogniiton of that fact.

Mr. Lynch:

It is my intention to send the Troop's leader, Mr. Sullivan, a copy of today's Minutes and our remarks recognizing their presence in City Council Chambers today.

Mr. DePasquale moved

That Mr. Stone be excused for absence from the meeting.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. President, under remarks I would like to go on record as commending the Mayor's efforts in attempting to keep the Penguins in the City of Pittsburgh Maybe someday we will have a World's Fair in the City of Pittsburgh. Hockey is close to my heart. I worked at the old Garden in the 1930's and 1940's, and organized a union in 1942. I go back to the Yellow Jackets, Hornets and the Shamrocks who were there for one year,

but I wish there were a little more effort put toward filling potholes. This is one of our worse problems in the City of Pittsburgh, breaking a lot of axles and costing the taxpayers a lot of money. We should start filling a lot more. We are not spending as much as we should and why the delay, I don't know.

More pertinent, I attended a meeting on Sunday with the people of the East Street Expressway. The people are concerned and we should know that the homes are condemned down there. The people have been sitting there for a couple of years with no progress, shall we say, whatever. There are two hundred and fifty homes on the slope and nobody knows what will happen to them. At this meeting it was suggested that they take a class action against the Penn Dot. I joined in on that suggestion and urged them to do that, to sue Penn Dot for just compensation and a home for a home. That is why I am bringing this up today. I think Council and the Mayor should get to work on one of our must serious problems in the City of Pittsburgh.

On the Northside there are close to nineteen hundred neglected buildings. I step further to say, sue Penn Dot for just compensation and a home for a home. If Penn Dot cannot do it, then they should restore that area just as they did, brick by brick and building by building to bring those people back. They restored Williamsburg, Virginia and Pompeii, but we cannot give just compensation or a sign of a decent break. I think at least they can do is restore the area the way it was and the businesses. What this did was the rape of the century. At the present time the people are up in the air and they don't know what is going to happen. They are looking for help in any way. The Council and Mayor of the City of Pittsburgh should lend that help to them.

Mr. Mason:

Your remarks are duly noted.

Mr. Caliguiri moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

MOTIONS AND RESOLUTIONS

Mr. Lynch:

Mr. President, under motions and resolutions, on January 13, 1975, this Council passed an Ordinance, Ordinance No. 6, which is governing the existence of the companies of the Bureau of Fire and mandating a table of organization for firefighters. In the past week, the Court of Common Pleas has issued an opinion upholding Council's right to pass an Ordinance and each member has received a copy of this. The opinion is of such signigcance that I move that this be received and the City Clerk acknowledge receipt of this opinion and that the opinion be included in the minutes of this meeting.

Which motion prevailed.

IN THE COURT OF COMMON PLEAS
OF ALLEGHENY COUNTY,
PENNSYLVANIA
CIVIL DIVISION

PITTSBURGH FIRE FIGHTERS, LOCAL NO. 1 of the International Association of Fire Fighters, AFL-CIO, by CHARLES LEWIS and BERNHARD R. BURNS, Trustees ad litem,

Plaintiffs,

vs.

PETER FLAHERTY, Mayor and Public Safety Director of the City of Pittsburgh, and the CITY OF PITTSBURGH, PENNSLYVANIA

Defendants

No. G.D. 75-22832 Term, 1975

OPINION

FLAHERTY, J

The plaintiff, collective bargaining representative for the firemen employed by the City of Pittsburgh Bureau of Fire, requests that the Court issue a mandatory preliminary injunction ordering the defendants to comply with Ordinance No. 1769 which has been enacted by the Council of the City of Pittsburgh. The operative portion of the ordinance is quoted as follows:

> "NOW, THEREFORE, The Council of the City of Pittsburgh hereby enacts as follows:
>
> SECTION 1.
>
> The Bureau of Fire of the Department of Public Safety of the City of Pittsburgh shall be organized into five (5) districts or batalions, each commanded by a minimum of four (4) battalion chiefs. The firefighting companies of the Bureau shall consist, at a minimum, of the following:
>
> (a) Forty-Three (43) Engine Companies, sixteen (16) men per company;
>
> (b) Seven (7) Aerial Truck Companies, sixteen (16) men per company;
>
> (c) Thirteen (13) Junior Aerial Truck Companies, twelve (12) men per company;
>
> (d) Four (4) Squad Companies, sixteen (16) men per company;
>
> (e) Two (2) elevated platform companies, sixteen (16) men per company.
>
> The above stated manning shall be the minimum provided.
>
> SECTION 2.
>
> At all times, the fire-fighting companies set forth in Section 1 shal be manned, equipped and maintained in actual fire-fighting status.
>
> SECTION 3.
>
> The intent of this ordinance being to supplement the laws governing public personnel, by providing for the career development and safety of firefighters, as well as for the safety and welfare of the public, any members of the Bureau of Fire shall be entitled to all lawful sanctions available for enforcement hereof.
>
> SECTION 4
>
> This ordinance shall take effect immediately, and full compliance shall be achieved within forty-eight (48) hours after such effective time."

This ordinance was enacted, over the veto of the Mayor of the City of Pittsburgh, on January 27, 1975. The defendant, Peter Flaherty, Mayor and Public Safety Director of the City of Pittsburgh has refused the implementation of this ordinance.

The Court has before it a request for a mandatory preliminary injunction. Such an injunction can only issue where the rights of the plaintiff are clear, an urgent necessity, non compensable by damages, appears and where greater injury will be done by refusing it than by granting it. These principles have been restated many times, and are very

succinctly set forth in the opinion reported in McMullan vs. Wohlegmuth 444 Pa. 563.

Mankind has a basic relationship with fire. On one hand fire is credited as spurring the advent of our present civilization, while on the other hand, uncontrolled, fire has been the ultimate fear of mankind through the centuries. Fire in its ultimate is conceptualized as the final end of the earth at Armageddon and is recognized by many religious cultures as man's eternal punishment. Civilizations have been destroyed by conflagration. Civilized man in an urban setting lives in the constant fear of injury, death and destruction by uncontrolled fire. Thus, as in all municipalities and urban communities, there exists a fire-fighting organization. In Pittsburgh it is known as the Bureau of Fire.

Sparking the instant controversy was the elimination of four "squads" by the defendant. The plaintiff refers to these "squads" as "rescue squads," while the defendants refer to these "squads" as "fire-fighting squads." Nevertheless, the testimony was quite clear that, in fact, the eliminated "squads" were "rescue squads." These "squads" were equipped and utilized to answer all first alarm fires and to come equipped to the fire with rescue equipment and personel trained and equipped specifically to rescue fire-fighters and other people who might be in danger. The ordinance in question organizes the Bureau of Fire in such a way as to include these eliminated "Squads."

Testimony was elicited at the hearing to the effect that firemen in the past have been rescued by these "squads," call them what you will. Testimony disclosed that the fire-fighters arriving at the scene of a fire must immediately occupy themselves with coupling of the hoses and other such duties, oft times, leaving one man to advance into the fire. The function of the "rescue squad" is to provide an immediate backup to the fireman who is faced with the immediate danger, and also to immediately seek the rescue of other individuals.

The Chief of the Bureau of Fire testified that, actually, all fire-fighters should be engaged in rescue, and that by the elimination of the "rescue squads" additional personnel are available to increase the number who will answer a first alarm fire.

Statistics were introduced into evidence which unquestionably demonstrate the ultra hazardous nature of fire-fighting. Those engaged in this essential occupation have slightly better than a fifty per cent chance of not being injured in a year. — actual percentage is 47.9 injuries per 100 fire-fighters. The statistics further show that of 100,000 fire-fighters, 69 will die in the line of duty in one year.

That the issue before this Court involves the health and safety of the community cannot be questioned. If one injury occurs, one death, because of refusal to impiement an ordinance which is valid would satisfy the requirement that the granting of a mandatory injunction is a necessity to avoid an injury non-compensable by damages. If the ordinance is valid, greater injury will be done by refusing the mandatory injuntion than by granting it. The question before this Court is simply whether the rights of the plantiff are clear.

The Court's attention is directed to the Charter Act of the City of Pittsburgh, Act of May 7, 1901, P.L. 20, 53 P.S. Section 22531, which provides, in relevant part, as follows:

> "The department of public safety shall be under the charge of one director, who shall be the head thereof. The care, management, administration and supervision of . . . all matters relating to . . . the fire . . . force . . shall be in charge of this department."

Further attention is directed to that portion of the Charter Act aforesaid, in which the City is given the power to enact ordinance, Sec. 3, 53 P.S. Sec. 23103:

a) "To purchase fire engines, hooks and ladders, trucks, fire alarms and other apparatus for the extinction of fires; to organize a fire department, with or without pay; to make the necessary appropriationf or the maintenance of same, and to prescribe rules and priation for the maintenance of the officers and companies belonging thereto; and, if a paid

department, to provide by ordinance for the election or appointment of the officers and companies belonging thereto."
53 P.S. Sec. 23149; and

b) "For the proper management, care and control of the city and its finances." 53 P. S. Sec. 23158. (emphasis supplied)

It is noted that the Council of the City of Pittsburgh is granted power to enact ordinances, ". . . to **organize**" a fire department . . . (emphasis supplied). It is further noted that the Act gives the, " . . care, management, administration and supervision of . . . all matters relating to . . . the fire . . . force . . ., "to the Department of Public Safety. The word "organize," does not appear in the particular section which relates to the Department of Public Safety, but does appear in the section which relates to the power of the City Council.

The word "organize" derives from middle latin, and, **Partridge Etymological Dictionary of Modern English** describes the etymology of the word "organize" as, " . . . to furnish organs or parts, to invest with organic structure . . . "John B. Opdycke, in his popular **Mark My Words**, (Harper and Brothers) is quoted as follows:

> "What you "organize" you arrange in inter-dependent relationships so that each part of the organization may best do the duties developing upon it and at the same time best serve the whole, to relate the parts to whole and to accumulate their functions in the whole."

Websters Dictionary lists as its first definition of "organize,"

> " . . .to provide with an organic structure, to systematize."

The Oxford English Dictionary, (Volume VII) defines "organize,"

> ". . . to furnish with organs; to render organic; to give the structure and inter-dependence of parts which sub-serves vital processes; to form into a living being, or living tissue . . . to form into a whole with mutually connected and dependent parts; to coordinate parts or elements so as to form a systematic whole (with either the whole or the part as object); to give a definite and orderly structure; to systematize; to frame and put into working order (an institution, enterprise, etc.); to arrange or 'get up' something involving united action."

Black Law Dictionary, (Fourth Edition) defines "organize,"

> " . . . to establish or furnish with organs; to systematize; to put into working order; to arrange in order for the normal exercise of its appopriate functions."

The defendants argue that the intent of the legislature was that the City Council was given the power to "provide" or "create" a Bureau of Fire. The excellent brief filed by the defendants to supplement the arguments goes into the theory of "strong mayor system" which, the defendants argue, was the spirit of the Charter Act of 1901. The defendants argue the doctrine of the separation of power. The City of Pittsburgh derives its powers from the General Assembly, thus, the Court must look to the language provided by the legislature, and, if that language is plain, interpret from the language the intention of the General Assembly. Is the language which the legislature used equivocal or ambiguous? Certainly not. The legislature, quite simply, gave the City Council the power to "organize" a Bureau of Fire. Whether this is advisable is not the question before this Court—the question is what is the authority of City Council as defined by the General Assembly of the Commonwealth of Pennsylvania. If the legislative body of the Commonwealth intended that City Council have the authority merely to "provide" or "create" a Bureau of Fire, certainly the General Assembly could have said so; but it did not. The Act specifically authorizes City Council to "organize" a Bureau of Fire and gives the Department of Public Safety the responsibility to manage, administer, supervise and care for the Bureau of Fire. The General Assembly could well have given City Council the power to "provide" or "create" a Bureau of Fire, and then vested the Department of Public Safety with the power to "organize" the Bureau of Fire, but it did not. Once

organized; i. e. systemitized, (parts put into place, structured) the management and administration of this body is placed into the hands of the Director of Public Safety. To construe otherwise would be to redraft the Act of the General Assembly, and that the Court should not and cannot do.

The City Council of the City of Pittsburgh enacted a perfectly valid ordinance and the plaintiff asserts a clear right.

Dated this 27th day of February, 1975.

Which was read.

Mr. Stone:

Mr. President, we may be getting ourselves into a problem unnecessarily. If you are voting yes under it, you are voting yes on Bill No. 2066 and no on Bill No. 1820, because there is a negative recommendation.

Mr. Mason:

That is why I am taking them up separately.

Mr. Stone:

It is coming in with a negative recommendation, therefore, your vote should be yes.

Mr. Lucchino:

The President's question was "all those voting for the passage of the bill vote aye." I am not voting for the passage, I am voting no.

Mr. Kamyk:

In Committee a bill was negatively recommended and I think we should vote on that negative motion and if we vote aye, it is in support of it.

Mr. Mason:

I think Mr. Kamyk has a point. If you vote yes, you're voting in support of the negative recommendation. If you vote no—

Mr. Stone:

If you vote no, you want it to pass.

Mr. Lucchino:

That is not the way The Chair phrased the question.

Mr. Mason:

You are voting on the bill. Please record Mr. Lucchino as voting no.

Mr. Lucchino:

I was remarking to the statement, "all those in favor of the passage of the bill."

Mr. Mason:

I beg your pardon? If you vote in support of the negative recommendation you must vote aye.

Mr. Lucchino:

I vote aye.

Mr. Mason:

If you vote no, you are voting in favor of a negative recommendation. If you vote yes, you support the negative recommendation.

Mr. DePasquale:

That is why I did not want to see that bill changed.

Mr. Caliguiri:

Will the City Clerk see that the intention of Council is to defeat this bill and that it will so indicate in the minutes.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, hardly a day passes that we don't hear comments from visitors and citizens about Pittsburgh's Renaissance. Unfortunately, we and they, speak of it in the past tense, rather than the present or future.

Recently, at the Golden Triangle Association Luncheon, we listened to representatives from Baltimore, Maryland and Minneapolis, Minnesota, about a "Renaissance Program" in their cities. Each person acknowledged and readily admitted, that they, many, many years ago came to Pittsburgh to learn from us. Of this we s h o u l d be proud! But, fortunately, for them they spoke of their programs in the present and future tenses.

Regretably, we of Pittsburgh have lost our momentum, our spirit and yes our leadership to continue our progress; and regretably, we speak only of what has been accomplished.

This past week, Robert Pease of the Allegheny Conference spoke of a "New Renaissance" in two other areas of our cities. I believe he is on traget. I believe we should, "get this city moving again!"

I therefore move that City Council endorse, in general principle the remarks of Mr. Pease concerning the idea of a "New Renaissance" and a desire to "get our city moving again," and further, that this City Council make known its desire and willingness to participate and cooperate in anyway.

Mr. Mason:

I only have one question before I put it in, if you don't mind. I am not completely aware of the things Mr. Pease said. I know his sentiment, but I am concerned about the second or third paragraph where you said, hardly—

Mr. Stone:

In general his general principle is to beginning again a "New Renaissance."

Mr. Mason:

I think that bothers me. When we reproduce this in the minutes, we don't know what he says.

Mr. Stone:

He indicated it is about time we got some redevelopment in the area of Penn Avenue near the proposed convention center and also that area surrounded by Sixth Avenue, Fifth Avenue, Grant Street and Tunnel Street. We should not merely be looking to what we have accomplished, but what we are or will do. That is really the general principle of the idea which he proposed and we should obviously be for that!

Mr. Lucchino:

I have one question of Mr. Stone. Would he extend that to include Market Square?

Mr. Lynch:

As a point of discussion, I would tend to concur with Mr. Stone and I support the renaissance, but I would not be willing to vote on the context of the speech, because I have not heard or read it. He is talking about neighborhood efforts and how much he intends for private housing, etc. On all of those questions in a general sense, Pittsburgh should be concerned with the redevelopment of the City and the renewal of the quality of life in the City, but I would be reluctant to support a statement I have not heard or read.

Mr. Mason:

I think you are right, Mr. Councilman. That is specifically why I raised the question. He was willing to include those remarks in the text of his original resolution. I understand what you mean.

Mr. DePasquale:

Part of the general concept is not to stop a program.

Mr. Mason:

Okay.

Mr. DePsaquale:

Hopefully, if this program is carried out, Mr. Lynch, won't be with us anymore, he will be the County Controller and not here to see it.

Mr. Mason:

Therefore, he is voting on something we have to live with.

Which motion prevailed.

Mr. DePasquale:

Mr. President, and Members of Council this is more or less a matter of clarrification. The thing about the convention center has raised itself up again. A couple of good friends of mine and most of you feel it should be on the Melody Tent site.

Mr. Mason:

Repeat that again.

Mr. DePasquale:

Anyway, the controversy is still on under the premise that Penn Central was the site. As to the General State Authority, I don't know why they are dragging their feet. They had a meeting in January to approve the sale and nothing happened. There was a meeting in February, nothing happened and they were to have a meeting the first week in March and nothing has happened. Could we possibly contact the General State Authority to find out when they think they will acquire that property or if we will have to go elsewhere? If we have to go elsewhere, we will not have any. Are their changes sincere? Are they going to acquire that property? They are doing nothing, nothing whatsoever.

Mr. Mason:

If you don't mind, my interpretation and my observation have been number one, I think they are fully interested, and so, they are hell bent on the Penn Central site. I don't know why Mr. Baskin came up late, but that is his personal problem. The other problem is we did not have enough with the $28 million and Mr. Irvis went back and got us $13 million and more. That information was stated to me and the Secretary of Penn Dot and everyone that was present that this is what they were going to do.

Mr. DePasquale:

I don't want to hassle, but in 1971 and 1972, I was one of the members who

voted on the Penn Central site for very many reasons. The $28 million was available and the property was to be acquired. In short, we are back to where we were in 1971. I can understand Mr. Baskin's position, but I have got to say the General State Authority, they are dragging their feet regardless. I appreciate the support of Legislator Irvis, but I think it has gotten to be ridiculous. Nothing can get the General State Authority off their buts. Excuse my language.

Mr. Mason:

Mr. Irvis was the first to get the $13 million advocated to the General State Authority.

Mr. DePasquale:

I have to agree with Bob Casey, they are the biggest ripoff and that is my personal opinion. I agree with Bob Casey.

Mr. Mason:

Would anyone wish to make an addendum to those remarks Fine, what is your resolution?

Mr. DePasquale:

We should get some information from the General State Authority to find out if they are playing games or what. I want to repeat it one more time, this thing is getting ridiculous. Let's get affirmative action to get a convention center built and quit pussyfooting around. That is not a resolution, but a remark or suggestion.

Mr. Caliguiri moved

That the Minutes of Council of Monday, March 3, 1975, be approved.

Which motion prevailed.

And on motion of **Mr. Caliguiri,**

Council adjourned.

Which was read.

Mr. Stone:

Mr. Chairman, if I may, relative to Bill No. 2090.

We have constantly complained about no prior notice and the use and abuse, if I may so say, relative to the use of the Wallace Act provision. We have asked many times that we receive information in advance, or at least we have asked that we hear right after or get early notification that the work was done as well as some time to check it out.

Relative to Bill No 2090, it was admitted by the Director that we have incurred $1,540.00 in expenses and this has been obligated by the City of Pittsburgh since April of 1974, when the work was done one year ago. The Director indicated she has just found out about the obligation of the $1,540.00 and we are now being requested for a Wallace Act approval and payment one year later.

It is hard to believe that the Director

did not know or should not have known. Therefore, I as a City Councilman will not condone or approve such a blatant abuse of the Wallace Act precedence.

Mr. Mason:

That is on Bill No. 2090, correct?

Mr. Stone:

Which was read.

Mr. Stone:

Mr. President, if I may, I would like to make a motion to amend Bill No. 2029 by deleting Section 3 as written and adding a new section to read as follows:

> "SECTION 3. Any person who violates any provision of Section 2 of this Ordinance shall, upon summary conviction before a magistrate, be sentenced to pay a fine of fifteen ($15.00) dollars and in default of payment thereof to undergo imprisonment in the Allegheny County jail for a period of five days."

If I may, Mr. President, what it is attempting here is to set a penalty for one violation and to emphasize the importance to it, so we have raised it to $15.00 from $10.00.

Mr. Mason:

That is an amendment?

Mr. Stone:

Yes, an amendment.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 2186. Report of the Committee on Finance for March 19, 1975, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2028. An Ordinance entitled, "An Ordinance determining and authorizing the advertisement for a Public Sale of $13,210,000, principal amount, General Obligation Bonds of 1975, Series A, for the purpose of financing the acquisition and construction of the City of Pittsburgh's 1975 Capital Improvements Program and paying the costs of issuing the Bonds; and approving the Engineer's Cost Estimate for the same.

The Council of the City of Pittsburgh herby enacts as follows:

Section 1. WHEREAS, the City of Pittsburgh has determined that it is necessary that the bonded indebtedness of the City be increased by the amount of Thirteen Million, Two Hundred Ten Thousand Dollars ($13,210,000) through the issuance of General Obligation Bonds

of 1975, Series A, for the purpose of acquiring and constructing its 1975 Capital Improvements Program consisting of the following:

Eight Million Four Hundred Seventy-two Thousand Dollars ($8,472,000) for the construction and repair of streets, rehabilitation of bridges, installation of traffic signals, construction and repair of sanitary and storm sewers, rehabilitation of walls and steps, installation of street lighting and replacement of defective poles, police and fire alarm system, and engineering and planning by the department of Public Works; and

Two Million Two Hundred Fifty Thousand Dollars ($2,250, 000) for the purchase of meters, valves, hydrants, pipe, risers, pendule chains and other appurtenances; modernization of pump stations, maintenance of buildings and structures, a water line improvement survey, construction and replacement of water lines, and purchase of miscellaneous equipment by the Department of Water; and

Five Hundred Ninety Thousand Dollars ($590,000) for the design, planning, engineering, acquisition, construction, reconstruction, rehabilitation, lighting, landscaping, development and repair of park, communty, neighborhood, support and City-wide facilities by the Department of Parks and Recreation; and

One Million Seventy-seven Thousand Dollars ($1,077,000) for the construction and renovation of fire and police stations and other public buildings and the improvement of certain facilities of Carnegie Library by the Department of Lands and Buildings; and

Three Hundred Seventy Thousand Dollars ($370,000) for the purchase of equipment for the Department of Public Safety by the Department of Supplies; and

Four Hundred Fifty-one Thousand Dollars ($451,000) for fees, advertising and printing costs, capitalization of interest for six months, contingencies, and paying any other costs of preparing, issuing and marketing the bonds."

(Amended in Committee as shown by bold face type).

Which was read.

Mr. Lynch:

Mr. President, I would like to amend Bill No. 2028 by adding the sum of $100,000 for the Department of Public Works.

Mr. Mason:

May I get the bill number.

Mr. Lynch:

Bill No. 2028, it is the Bond Fund. I would like to amend by adding $100,000 to the appropriation for the Department of Public Works increasing the department's funds to $8,572,000 and increasing the authorizing of the advertisement for a Public Sale total back to $13,310,000.

In view of the fact it was clear that it was never this Council's intention to cut the total amount of Bonds, but to reallocate those funds and this amount will do that. I repeat, $100,000 of the appropriation to the Department of Public Works, increasing the department to $8,572,000, and restoring the original amount of $13,310,000, which is consistent with what the Law Department has already prepared to go forward with and there are no changes necessary. I move that amendment be made.

Mr. Mason:

Would you hold that until the reading of the bills?

Mr. DePasquale:

I am still not sure if Perrysville Avenue is included.

Mr. Caliguiri:

I am ready to make a statement.

Mr. Lynch:

Could I have a second to that amendment?

Mr. Caliguiri:

I second that motion and I would like to make a statement to the recommendations dealing with that.

Mr. Lynch:

I yield to Mr. Caliguiri.

Mr. Mason:

I am ruling you out of order until the reading of the rest of the bills, then, you may make arguments on the amendment thereto.

Mr. Caliguiri:

I know Mr. DePasquale will not vote "no" once this explanation is given.

Mr. DePasquale:

Then, I change that to yes.

Mr. Mason:

I am not trying to make it as a Philadelphia lawyer.

Mr. Lynch:

I want to get a vote on the amendment.

Mr. Mason:

You can make an amendment after the reading of the bills.

Mr. Lynch:

Now, my motion has been seconded and I would like a vote.

Mr. Caliguiri:

I seconded that motion.

Mr. Mason:

The amendment was before you previous to the reading of the bills.

Mr. Caliguiri:

I seconded that motion of the amendment and I have this recommendation to make to the Capital Budget. That recommendation is that $335,000 be taken from the available surplus money in the salaries account and moved to Perrysville Avenue and that also, $679,477 be taken from Center Avenue, which is not needed and is a duplicate entry, and also moved to Perrysville Avenue and with these two items and the $159,000 that Council has appropriated to Perrysville Avenue, that gives us at least $1 million that the Director indicated is necessary to go forward now with Perrysville Avenue since the plans and specifications are already completed.

Mr. Mason:

I am stupid, repeat those figures.

Mr. Caliguiri:

I will make available a copy of this breakdown to you.

Mr. Mason:

If you give me the breakdown that would help the Chair if you make that kind of amendment on the figures.

Mr. Stone:

May I ask a question of the speaker at this time. Are you saying that you have found a source for money as long as this $100,000 is added?

Mr. Caliguiri:

We are showing the Department of Public Works where this source is. We are not voting, but this is a recommendation to the Department of Public Works. I am showng where that source of money is and making it available to them. We are voting for the capital budget.

SUMMARY OF FUNDS AVAILABLE FOR USE ON THE RECONSTRUCTION OF PERRYSVILLE AVENUE

Perrysville Avenue Street Reconstruction

Project No. 4 in the 1975 Capital Budget. This project was originally estimated at $750,000.00, but at the Finance Committee meeting held March 19, 1975, Director Ray Hess indicated that due to escalation, the estmated cost of the D. P. W. related work is now approximately $1,000,000.00.

*Department of Waters share will also increase, but additional funds are available to them by elimination of projects 45 and 46 in the 1975 Capital Budget (reservoir covers) in the amount of $190,000.00.

Mr. Stone:

The $159,000 plus the $100,000 added is the only thing that applies to this bill, but you have found other sources and we need to draw up the legislation to get the balance of the money.

Mr. Caliguiri:

The money is in the budget. We need the legislation to take it out.

Mr. Mason:

It seems we are talking about two things. One, is passing the Bond Funds as amended by Mr. Lynch and the second thing is the allocation of money, is that correct?

Mr. Lynch:

As a point of order, my amendment and Mr. Caliguiri's recommendation establishes his intention.

Mr. Caliguiri:

The money is there and available and Council is making that money available.

Mr. Mason:

Then the amendment is seconded, any other comments?

Mr. DePasquale:

With the explanation of Mr. Caliguiri, I want to change my vote to yes on the amendment.

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

Mr. Stone presented

No. 2188. Report of the Committee on Planning and Redevelopment for March 19, 1975, transmitting sundry ordinances and one resolution to Council,

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1781. An Ordinance entitled, "An Ordinance approving the North Shore Proposal for redevelopment activities for the Action Year 1973-1975 in a portion of Redevelopment Area No. 39—North Shore in the Twenty-Second and Twenty-Third Wards of the City of Pittsburgh, County of Allegheny, approving Modification No. 1 to the Redevelopment Area Plan-Urban Renewal Plan and the feasibility of relocation for a portion of Neighborhood Development Program No. A-15; and making certain findings related thereto."

Which was read.

Mr. Stone:

Mr. President, if I may, on Bill No. 1781, I reluctantly move to recommit the bill. We have just received a legal opinion from the City Solicitor and the answer given does not exactly answer the questions as proposed.

While it is not our desire to withhold legislation, it is, however, our belief that the citizens in the North Shore area are entitled to governmental reassurances rather than the governmental jargon that, "we will get to it in the future and we want to but . . ."

The citizens sit between the State and City year in and year after. This Council expressed a strong desire to help those residents on Progress Street and surrounding streets and we would like to look further into this matter with the legal opinion. If it is to be resolved, it would involve additional time.

Nevertheless, there should be time for some assurances to the residents of North Shore. In view of that, I think this bill should be recommended.

Mr. Mason:

I am assured by you that a vote to recommit the bill is in order.

Which motion prevailed.

Also,

Bill No. 1842. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, as amended by:

(1) Rewording Section 2402-2-A regarding the method in which the height of a building is measured;

(2) Provding an Administrator's Exception, 2801-2-A-(34), regarding use of basements; and,

(3) Providing a Board of Adjustment Special Exception, 2903-3-A-(18), regarding extended use of basements."

(Amended in Committee by deleting sub-section Exception No. 18 (e) and inserting in lieu thereof:

(e) The Board determines that such basement occupancy assures the reasonable compatability of uses, both within the building and with immediately adjacent properties surrounding the site, and will not be detrimental to health, safety and welfare of the community taking into consideration the physical relationship of such basement occupancy to the location of parking stalls; loading docks, trash areas, compactors, storage areas and other activities to be conducted within the building."

An Ordinance entitled, "An Ordinance amending and supplementing Section 2 and Section 3 of Ordinance No. 335, entitled, 'An Ordinance regulating the use and operation of vehicles on the streets of the City of Pittsburgh and providing penalties for the violation thereof,' approved October 3, 1922, as amended and supplemented."

(Amended in Committee in connection with certain parking regulations relative to Forbes and Fifth Avenues as shown by underscoring in Sections 3 and 5).

Which was read.

Mr. Mason:

I want to express my opposition to Bill No. 2030. I do not compromise, gentlemen. I can only say this, I think I kind of expressed myself in the tone I used at the Finance Committee Meeting when it was first presented. A favorable vote on this emasculates this Council to a point where we are in a position of not being able to criticize the Administration. The Administration brought this up two years ago. I said this in the public hearing and I have no compunction about saying it here. I said it in the public hearing and I meant it. It was started out with an assumption in the Ordinance and approving the assumption and certain steps were taken with the Administration, which I did not agree with. I think this is disastrous. They had the sixty day trial period. They had more than that, but when we called to ask for an explanation, we were told there were three bridges under repair, the Fern Hollow, the Centre Avenue Bridge and Mr DePasquale, what was the other one? Anyway, there were three bridges under repair. When we tried to rectify the situation in January of that year, they could not get the men to paint the medial strip. We found evidence to sufficiently support our position. They were painting the medial strip on the Parkway West and Parkway East. Now, this bill before you justifies that.

From my point of view, we can no longer blame the Administration, but ourselves. I am sorry to make a speech on this, but I feel keenly on this because we have a number of conjectural problems. The people between Soho and Stevenson Streets are very upset about this and Father McIlvane has given adequate testimony on this. The people have to get off on Forbes to get to the Health Center, Eye and Ear, Presbyterian Hospital, etc. They are upset.

I am not about to criticize the Administration if we are going to give our power away, which I think we are doing. All right, fine.

Mr. DePasquale:

I would like to add my comments in regard to the one-way, two-way pattern we voted on. I certainly resent the torrid campaign the newspapers have taken. I am fed up with it. They have taken up important time with the two-way, one-way streets rather than with situations existing around the whole world. They have gone so far as to condone the Public Utility Commission and their right to what they are doing, while we are crying in our beer. That is the rate hikes in utilities.

In regard to the two-way streets, we have situations where side streets are clogged; the newspapers are not telling this. Merchants are going out of business; the newspapers are not telling this. The situation with parking never was alleviated, it has become worse; the newspapers are not telling this. The situation where you suggested people can't cross intersections; they are not telling this. They could care less.

I hope to God this Council, Mr. President, has not been swayed by the newspapers in their voting. I think if they allow the newspapers to sway them, then shame on them.

Mr. Kamyk:

Mr. President and Members of Council, I too, voted with the majority of Council at that time, because all of the Councilmen voted no against the one-way street at that time. However, I am privileged to change my mind. I voted no because the opposition at that time was tremendous. Since then, a lot of people, including me, have noticed the improvement in the one-way streets. I am privileged to change my mind and I am not doing it because of the Administration, newspapers or anybody else except the citizens of Pittsburgh.

Mr. Stone:

Mr. President, as to Bill No. 2030, as you recall, I introduced the Ordinance in favor of the bill that Fifth Avenue and Forbes Avenue be one-way streets. I reviewed the legislation and had an opportunity to take a look at it again as a second opportunity to review a situation before having to make a permanent decision. While I am in favor of the one-way traffic pattern in Oakland, it should not be interpreted as being a solution without improvements allowed.

I believe there should be better and clearer markings of identification for the bus lanes since the buses are going in the opposite direction on a one-way street and in order to make it clearly known to the vehicular drivers that there is traffic in the opposite direction and to avoid disaster.

I believe traffic signals should be better synchronized to provide a slower flow of traffic rather than to increase the speed, or as it is now, creating stop and go patterns.

I believe there should be additional help and I believe, the Traffic Planner should be advised to alleviate the Soho problem.

Taking all of these things into consideration and taking into consideration the overall problem, I think the one-way pattern is better. Therefore, I cast my vote for it with a recommendation to Traffic Planning to try to improve it beyond the traffic pattern in that area.

Mr. Lynch:

I disagree with your remarks, Mr. President, and I would also like to speak to this bill. I was originally opposed to the one-way system, because one-ways do not serve the best interest of the City of Pittsburgh, but there is a compelling reason for me to change my mind and that is because it works better. It might be difficult to understand it, but it simply does work better for the people of the City of Pittsburgh.

I think we in this Council did our jobs in opposing. This thing went to Court and the Administration had the right to trigger the motion to holding the streets to one-way for the public safety. Council performed its function and I have no qualms about it. I would not accept your apology to Council. The right to consider this is stipulated in this law and rhetoric is not in order. It works better and for that reason I vote for it.

Mr. Mason:

I respect your opinion, but I am glad I live in America, that is all I can say on your remarks. I have a right to my opinion.

Mr. Lynch:

You should relinquish the Chair to Mr. Caliguiri if you wish to debate.

Mr. Mason:

I have a right to express my vote from the Chair.

Mr. Lynch:

I don't think so. Under the Rules of Roberts, you are not allowed to make comments from the Chair.

Mr. Mason:

That is your point of view.

Mr. Lynch:

That is not my opinion, that is the law, the Roberts Rule of Law.

Mr. DePasquale:

I don't care to have a running battle

with my colleagues or debate with them. If they are as familiar with the one-way traffic on Forbes and Fifth Avenues as I have been and the traffic going between 4:30 p. m. and 6:00 p. m., they would be convinced that traffic does not move. Sure it's moving at ten in the morning when there is no rain or snow and at eighty or ninety miles per hour or through red lights and stop signs. Then, it looks like the Indianapolis Speedway. I am familiar with that and if some had traveled that route inbound and outbound, we might not face the situations we have right now.

Believe you me, if God is my judge, the traffic is not moving any better between 4:30 p. m. and 6:00 p. m. than it ever did.

Mr. Caliguiri:

If I just might, like some of the others, I am voting for the one-way pattern, but I would make a strong recommendation to continue to support the improvements of the lateral streets in Oakland and Soho. These are the people that are suffering from the one-way pattern. I think if the Traffic Engineers can continue to do studies out there, maybe this inconvenience for people living on the lateral streets, this will make it a little more viable for them.

MOTIONS AND RESOLUTIONS

Miss Ballinger presented

No. 2192. WHEREAS, the National Association for the Education of Young Children; its local affiliates, Pittsburgh Area Preschool Association; and the Community Coordinated Child Care Association of Allegheny County have designated the week of April 6 to 12 as "Week of the Young Child"; and

WHEREAS, Child development issues will be aired on radio and TV, agencies will be holding open house, and children in programs will celebrate the week with parties and activities; and

WHEREAS, it is suggested that businesses throughout the Pittsburgh area develop window displays with early childhood themes to help celebrate the week.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the Council of the City of Pittsburgh do hereby proclaim the week of April 6 to 12 as "Week of the Young Child," to honor our very young citizens and the many service agencies which contribute to their healthy development.

Which was read.

Miss Ballinger moved

The adoption of the resolution.

Which motion prevailed.

Mr. Stone:

Mr. President, just recently in the high schools, we have two city schools that have gotten into the finals relative to basketball, that is, Schenley and Fifth Avenue High Schools. Just recently there was a winner and one eliminated on the final level. I think that is not only a pride to them, but to the City of Pittsburgh. I, therefore, move that a letter of congratulations be sent from City Council on that.

Mr. DePasquale:

I am the only Council member graduated from Schenley High School.

Mr. Lynch:

I would like to see documentation.

Mr. Caliguiri:

We have those schools coming in next Monday for presentations.

Mr. Mason:

Do you have a resolution? Do you wish to delay that?

Mr. Caliguiri:

I contacted them and they are coming in next Monday.

Mr. DePasquale:

Along with Andy Warhol, we were voted the least likely to succeed.

Mr. Lynch:

Did Andy Warhol major in woodshop too?

Mr. Mason:

Mr. Stone, are you willing to withhold until both teams are here?

Mr. Stone:

I don't see why. We can get a formal resolution. It had just occurred to me that two city schools; since we are talking about high schools, I am an alumni of South High School and we were one of the few that won a State Championship. I can appreciate the sincere feelings they have.

Mr. DePasquale:

I don't think we should bring up ancient times.

Mr. Caliguiri:

Since, Mr. Stone, introduced it, when they come in next Monday, we will present them with the resolution.

Mr. Caliguiri moved

That the Minutes of Council of Monday, March 17, 1975, be approved.

Which motion prevailed.

And on motion of Miss Ballinger,

Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. DePasquale presented

Bill No. 2215. WHEREAS, the Schenley High School Basketball Team climaxed its great 1974-75 season by winning the Class A Championship of the Pennsylvania Interscholastic Athletic Association on March 22nd with a 65-64 triumph over the Eastern Regional representative, Abington High School; and

WHEREAS, the Schenley Team achieved this goal of becoming the 1975 State Champions not only through the individual efforts of all the members of the squad, but also through the spirit, discipline and teamwork which reflects the outstanding coaching of Spencer Watkins and his assistants; and

WHEREAS, this winning team effort has given great distinction not only to the Schenley High School players and their coach, but to the Pittsburgh Public School System and to the City of Pittsburgh.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh do hereby extend official congratulations to the members of the Schenley High School Basketball Team and their coach, Spencer Watkins, in recognition of their outstanding playing in the 1974-75 season, which they capped by winning the Pennsylvania Class A State Championship, and thus brought honor to their school and to the citizens of the City of Pittsburgh.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

Bill No. 2216. WHEREAS, the Fifth Avenue High School Basketball Team won the 1974-75 City Championship on February 25th by defeating Allegheny High School 59-55; and

WHEREAS, the Fifth Avenue High School Basketball Team, by individual effort, and through the spirit, discipline and team work reflected the ooutstanding coaching of Elmer Guckert and his associates.

NOW, THEREFORE, BE IT

RESOLVED, That the Mayor and the members of the Council of the City of and team work reflected the outstandlations to the members of the Fifth Avenue High School Basketball Team and their coach, Elmer Guckert, for their teamwork, skill and spirit in bringing honor and recognition for their school in winning the 1975-75 City Championship.

Which was read.

Mr. Stone moved

The adoption of the resolution.

Which motion prevailed.

Mr. Mason:

Mr. DePasquale, I believe you and I have discussed this with each member of the team and the faculty that is responsible for the motivation of the team that they would receive a copy of your resolution with a gold seal attached, so they can put it in their trophy room the same as any other trophy they would value as much.

Mr. Caliguiri:

Mr. President, it would be appropriate if the coaches on the team would identify themselves.

Mr. Mason:

Would the team stand with the coaches.

Mr. Lynch:

Mr. President, in order to add the bitter with the sweet, I might add and these fellows may not admit to it, but Mr. DePasquale claims to have graduated from Schenley High School.

Mr. Mason:

That is my understanding.

Mr. DePasquale:

I am the only Council member to graduate from Schenley High School.

Mr. Mason:

Would the members of the Fifth Avenue High School team stand if they are present? Likewise, I would like to say that directed to you is that same resolution with the same seal of the City of Pittsburgh and it will be sent to you individually as a team and to the coaches and faculty responsible for the advisory capacity. I hope you revere this resolution the same as you would with any other trophy. I congratulate and thank you very much for keeping

Pittsburgh in the forefront of Pennsylvania and the nation. We really appreciate it.

Mr. Mason:

Before the approval of the minutes, I would like to indicate that I have named Mr. Robert Stone to serve on the local Planning Committee for the Bicentennial forthcoming for the year 1976.

Mr. DePasquale moved

That the Minutes of Council for Monday, March 24, 1975, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

Proceedings of the Council of the City of Pittsburgh

Vol. CIX | Monday, April 7, 1975 | No. 14

Municipal Record

ONE-HUNDRED EIGHTEENTH COUNCIL

LOUIS MASON, JR. President
MICHAEL A. PERRY City Clerk
WILLIAM F. McCRAY ..Ass't. City Clerk

Pittsburgh, Pa.

Monday, April 7, 1975

Present:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisable, with liberty and justice for all.

Mr. Mason:

The first order of business today that happens only every three years is the Act of 1873 which provides for the election of the City Clerk and Assistant City Clerk on the first Monday of April. The time has arrived and Council will proceed with the election; therefore, I place in nomination, the names of Mr. Michael Perry as City Clerk and Mr. William McCray as Assistant City Clerk.

Will we take these up separately or collectively?

Mr. Stone:

Either way you have a second.

Mr. Caliguiri:

How do you want to take them up, Mr. President?

Mr. Mason:

I then move that you take them up at the same time and in accordance with Mr. Lynch, I understand, I will relinquish the Chair. Mr. Caliguiri, will you take over and handle the election

Mr. Caliguiri:

The nominations are now open for City Clerk and Assistant City Clerk.

Mr. Lynch:

I can't understand why he doesn't do this from the Chair.

Mr. Mason:

I just did it. In line with your order I am making the nomination from the Chair.

Mr. Caliguiri:

I believe, Mr. Lynch, the President would like to speak as far as Mr. Perry and Mr. McCray are concerned.

Mr. Lynch:

I think he can do that under personal privilege, but I don't think he can

debate from the Chair and I want to make that clear.

Mr. Caliguiri:

Why don't you make the nomination in your position as President, since you have no opposition?

Mr. Lynch:

I would not count on that.

Mr. Mason:

The motion is already approved and seconded. I don't care to lecture from here. I made the nomination and these are my recommendations.

Mr. Caliguiri:

That means Mr. Michael Perry is City Clerk and Mr. William McCray is Assistant City Clerk for the next three years.

Mr Mason:

That is correct and until the next time this comes up or some other matters arrive in the performance of their duties; three years fom the first Monday in April.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9 Noes none

And the vote of Council being unanimous, Michael A Perry was elected as City Clerk and William F. McCray was elected as Assistant City Cerk for the ensuing term.

The oaths of office were duly administered to Michael A. Perry, City Clerk, and William F. McCray, Assistant City Clerk, by Louis Mason, Jr., President of Council.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 2243. Report of the Committee on Finance for April 2, 1975, transmitting one ordinance and sundry resoolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2197. An Ordinance entitled, "An Ordinance transferring the sum of $2,000,000.00 from Code Account No. 1443, Salaries Regular Employees, Bureau of Police, Department of Public Safety, to Bond Fund 229 for the payment of the cost of capital improvement under various city departments."

Which was read.

Mr. Lynch:

Mr. President, I move that we recommit Bill No. 2197 to the Committee on Finance. That bill is an ordinance transferring the sum of $2 million from Code Account No. 1443, Salaries. The bill originally submitted was from Council's Contingency Fund and we were advised by the City Treasurer that we change it from Council's Contingency Fund to the Police Contingency Fund.

The City Treasurer tells me that the Controller says we do not have to have that money on hand and we can pass the ordinance against it on the assumption that the money will be there with the new bonds issued, so, subsequently, we can leave it in Committee and vote on it in one day; therefore, I vote it be recommitted to Committee.

Which motion prevailed.

Mr. Mason:

That bill will be now recommitted to the Committee on Finance.

Also,

Bill No. 2199. RESOLVED, that the Mayor is hereby authorized to issue and the City Controller to countersign a warrant in the amount of $841.05 in favor of Russell S. and Linda Blumer, 117 S. MOTIONS AND RESOLUTIONS

Mr. DePasquale presented

Bill No. 2247. WHEREAS, the World Marble Championship competition was held in Tinsley Green, Sussex, England, March 28, 1975, and in which twelve countries participated; and

WHEREAS, four young people from Pittsburgh were part of a six-member team representing the United States, and were Susan Regan and Larry Kokas, who had previously won recognition for the City of Pittsburgh by winning the National Marble Championships held in Wildwood, New Jersey, in 1974; Raymond Morgano, who won the National Marble Championship in 1970; and Jerry Mages, who came in third in the National Championship in 1974; and

WHEREAS, the City of Pittsburgh is honored by having these four young people bring fame to the City of Pittsburgh by winning the World Marble Championship.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh tender their most sincere congratulations to Susan Regan, Larry Kokas, Raymond Morgano and Jerry Mages for their outstanding sportsmanship, conduct and efforts in winning international recognition for the City of Pittsburgh by representing the United States, and by helping their team win the World Marble Championship competition held in Tinsley Green, Sussex, England.

Which was read.

Mr. DePasquale moved

The adoption of the resolution.

Which motion prevailed.

Mr. DePasquale:

It is not every day the City of Pittsburgh wins a World Championship, even though, my colleagues make light of it.

Ms. Ballinger:

Mr. President, I do not have a resolution, but I would like to speak on litter. After reading the Mayor's statement that we are going to be the cleanest City in the United States . . . it behooves me to say, "Bravo." I only hope, even though it is Federally funded money to be used, that this program does not stop with this one time "clean up program."

I also, believe and hope that Council acts now. I believe that this City not only needs programs to clean up the blight, but does need new litter cans. Let's do away with the oil, milk or any other kind of can that has been used in the past in the name of austerity and get some attractive, sturdy litter cans that can withstand wind, batterings, kickings, etc. On Perrysville Avenue, at the Perry High School, for instance. the small oil cans attached to the poles are battered and a disgrace and nothing can be put into them; therefore, the litter is on the streets. Let's forget for "Pete's Sake" and use for the "taxayers sake" or peoples sake "keep it clean."

I also believe this is the time for City Council to act on an ordinance and I hope to again introduce one that will not only aid the City financially, but to provide litter cans which will make this City a city of pride rather than of shame due to filthy streets. Let's start educating our citizens of how costly litter can be to them and provide the necessary litter cans so that the public reacts to them rather than from them. This is a must program. Let's not let this City become the dirtiest City as it has become the Pothole City. Thank you.

Mr. Mason:

Your observations are noted for the record.

Mr. DePasquale:

Mr. President, of late I have been asked and I know other members of Council have been asked—there is quite a bit of controversy about cable television. Where are we on cable television? We had a meeting a couple of months ago.

Ms. Ballinger:

We are now still waiting for the Mayor to approve the $25,000, which Council adopted to make a study. Everytime I ask the Mayor or any of his aides and I had my Chairman, Mr. Friedman, write a letter to Mr. Campbell—

Mr. Mason:

Mr. Friedman is running for City Council, has he had time to ask anything?

Ms. Ballinger:

He has dropped out.

He has written a letter to Mr. Campbell and at the Mayor's request he has asked for the names of people to give to Council to make the study, but as of today, it is still not out of his hands. Until we get the Mayor to move on this or we as City Council adopt the ordinance for the hearing on franchises for cable, then, we won't have it.

I think it is very important. Mr. DePasquale, and I am glad you asked the question. We should ask the Mayor one more time and if he doesn't respond, then, the Members of Council should if they are so inclined. I feel the people of the City need cable and want cable. We can go ahead without the study.

Again, I move for the Mayor to spend $25,000 for the study, but he is reluctant to do that. We have the information we need and what we don't have we really can get from the cable operators without spending any money. I think City Council should draw up an ordinance and go ahead without the study.

Mr. DePasquale:

The majority of people I have talked to on a ratio of nine to one are in favor of cable television. We are the last, in Pittsburgh, to get anything.

Ms. Ballinger:

I have petitions out and, again, the people want cable television in the City. The sooner we get it the better, because it is something we should have.

Mr. Mason:

I think I have made this statement before and I will make it again. I am commenting not debating, Mr. Lynch. I am merely making an observation.

Our problem is to cope with matters of the ordinance. Our problem is not the market, that belongs to the operators themselves. That is their problem. If they try and fail that is not our problem. We have a difference in our own thinking on this and it is easy to get confused. Our problem is to cope with the passing of the ordinance or not passing the ordinance.

Mr. Stone:

Mr. President and Members of Council, today on Bill No. 2203, we approved the payment of $7,500 due to injuries from a pothole and that happened on a main thoroughfare in the City of Pittsburgh. I might also say, nothing was in excess of $7,500, which was the adopted promised settlement. It did involve the use of the City Solicitor's Office and the personnel there. The reason the City had to pay it is admittedly negligence on the part of the City of Pittsburgh in their failure to repair the pothole. I don't know the exact cost, but it is not more than $10.00 to $15.00 to patch that pothole. This particular accident happened on October 19, 1972.

Nevertheless, for some reason or other there seems to be the misapprehension that patching potholes should be a springtime chore and not a year around program as I think it should be.

Nevertheless, we have lost $7,500 in this particular case and I have in my time on Council and on other cases involving potholes, seen where we have lost other funds.

I believe, we could spend the money better to fill potholes year round and make better efforts during the springtime, than to pay it out in lawsuits. This seems to indicate we have a greater problem of the main thoroughfares.

Nevertheless, at springtime and pothole repair time, we of City Council as I see it, should officially and in writing see what efforts can be made to fill our potholes on our city streets.

I believe I would like to make the following motion; that the Director of Public Works be required to submit a written report to this Council as to what the City's pothole program efforts are, the amount of streets to be repaired and a timetable for the completion of that particular program. In addition to that, that the County of Allegheny and Penn Dot, likewise, be required officially and in writing, inform this City Council as to their efforts in repairing potholes on County and State thoroughfares within the City of Pittsburgh.

It is my belief that our streets must be safe and we must prevent bodily harm and possible death to our residents.

Which motion prevailed.

Mr. DePasquale:

Mr. Stone brings up a valid point. There is a mix Kopper has a patent on and they will sell it to the City of Pittsburgh. They did sell it to the City in earlier years and when I was a foreman, I put Comax down and I can show you where Comax was used on the streets and those patches are still there and that was twenty years or over twenty years ago. In recent years the City of Pittsburgh has discontinued the use of this mix that you could use in the winter and summer. The one argument they have had is it is more costly, but it is a lot cheaper than filling holes today and their being out tomorrow. As the asphalt foreman, I got sick and tired of putting them in one day and the next day they were out. The mix has not been up to par in a period of one year. They should put it where it will stay longer.

I understand from Mr. Christenson that the City has gotten around to a mix or ingredient similar to Comax and I really want to see it in operation. If it is anything simliar to Comax, then, we finally have come up with a patch that is the answer to our problem. I have indicated this through the years and they won't listen to anything else. This has cost the City of Pittsburgh hundreds

and thousands of dollars in lawsuits and in other material. I keep saying Comax and no one pays attention. That is the story of my life.

Mr. Caliguiri moved

That the Minutes of Council, of Monday, March 31, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

(Amended in Committee as shown by bold-face type, replacing Section 1 and deleting certain sections.)

Which was read.

Mr. Lynch:

Mr. President, I would just like to say, in order to inform Council, I had a discussion with the City Treasurer concerning the financing of appropriations. It is my understanding that they are going to finance on a five year basis at about four and three quarters per cent payable in five equal increments annually. That is about four point eight per cent.

They will propose new legislation to finance about $5 million within the next six months. On the other $3 million involved, they may or may not depending on the market retirement on this margin and if we get a favorable interest rate. This is generally their proposal

Mr. Stone:

Mr. President, if I may, on Bill No. 2237, this is relative to the bond issue.

I would like to register my objection and the reason is, we on City Council are being requested to reject the bond issue and when we did not have an alternative presented to us, at that time.

Considerable time has been spent on the Capital Improvement Budget and our citizens have been informed and they, likewise, have now begun to rely on what has been represented to them and what they might expect in the year 1975.

I as one City Councilman do not want any delays in the Capital Improvement Budget performance in the year 1975. I as one City Councilman do not want anything wiped out because of possible escalation which has been facing us in the last couple of years. Especially, do I say this when in 1974 we all looked at the 1974 performance level as being something less than what we thought it should be.

I believe the City prior to asking for a rejection on this particular subject, should have been prepared to come to City Council and say this is our alternative. At that time we would have had the opportunity to see whether that alternative was better or whether it was worse. When it is finally resolved, it very well may be better, but I don't think we should play Russian Roulette on the hopes it will be better when it will not be better. Especially is this so, when the City Treasurer himself states that the bonds interest have been higher and are going up higher. In view of that, it would appear to me, since there is no guarantee they are going down, we may have passed up what would have been a good deal. At the same time, if we did not pay more, we may not be able to offset the escalation in 1975. We are now in 1975 when escalation is running rampant throughout and we should not take a chance.

Most, most important is I believe we should have had an alternative presented. We have already passed four months of this year. I don't know how much work was done, but we need the money encumbered before we begin the work. We have to look for financing and we have lost time. As time passes there is further escalation.

The most important thing is we should have had an alternative and in addition, I don't consider the present procedure followed by the City Solicitor that any one bond lender would have been bought based on what we did last Wednesday at our Committee meeting. Rather, we would have done it on what was done today at the Legislative Session. I think, again, we could have waited until today to give a final decision when an alternative was allegedly supposed to be presented to us and we would have had a satisfactory alternative. As of right now, we have an idea of what we might do, but we don't have a constructive alternative that satisfies that the total appropriations of the Capital Improvement Budget will be financed properly and in time. I therefore, object.

Mr. Lynch:

Would you yield Mr. Caliguiri? I

would like to respond as Finance Chairman.

Mr. Mason:

I would like to make sure we understand we are talking about Bill No. 2237, is that correct?

Mr. Stone:

Correct.

Mr. Lynch:

I would like to respond to one element or one aspect of Mr. Stone's comments. I recognize he has the right to make an opinion and in that context and based on the fact that I don't want it to be obscure, but there is no escalation clause. None of the projects in the Capital Improvement Budget will be changed once they are in and we are going ahead. The problem is how to finance it. On what Mr. Stone is talking about, the only alternative is long term or short term financing. The Administration has been open and candid on the financing issue and the proposal they presented is reasonable. It is not unreasonable to the Finance Committee as far as the interest rate is concerned. I think any Administration needs that unflexibility. I think it is imprudent of this body to delay the disapproval of this until today.

An important thing I want to point out is the change in the financing will not affect the projects as expected in the Capital Improvement Program. It is important that the City is not under misapprehension on that score.

Mr. Caliguiri:

I would agree with Mr. Stone, if there is any delay in the Capital Improvement Program. However, I thought it should be noted that the Administration indicated to Council there would not be one day's delay. In fact, Council has appropriated and transferred $2 million out of the Salaries Account to keep the Capital Improvement going on those projects that have the plans and specifications ready. I don't want anybody in the communities to think because of that rejection on the bond issue that we are not going forward with the Capital Improvement Program. We are going forward with every part of the Capital Improvement Program without delay.

Mr. Mason:

Any other questions on the motion? Am I clearly to understand, boiling it down, Mr. Stone, your objection is to the time we rejected the bond issue and we should have had an alternative?

Mr. Stone:

Right.

Mr. Lynch:

Please do not summarize my statements. They are in the record and if you want to have them read back, you may.

Mr. Caliguiri:

I just want it clear for the record that the Administration says there will be no additional delay in the Capital Improvement Budget.

Mr. Mason:

Any other questions.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

MOTIONS AND RESOLUTIONS

Mr. Kamyk:

Mr. President, the Sisters of the Holy Family of Nazareth are celebrating their Centennial. They are dedicated and they have taught in grade schools all over the country. I have attended their grade school; therefore, I am acquainted with these Sisters. I attended the Holy Family Grade School and a nun I had in the second grade is still alive. She is at the Ohio Valley Hospital doing work there now. Also, these Sisters are dedicated caretakers of the Holy Family Institutions, taking in the grade schools and high schools all over the country. I am offering this resolution to congratulate them for their good work.

Mr. Kamyk presented

Bill No. 2292. WHEREAS, the Sisters of the Holy Family of Nazareth are celebrating their One Hundredth Anniversary as a Roman Catholic Order; and

WHEREAS, the Sisters of the Holy Family of Nazareth, as dedicated servants of Christ, have freely given their services to the community in the hope of making it a better community.

NOW, THEREFORE, Be it

RESOLVED, That the Mayor and the members of the Council of the City of Pittsburgh do hereby offer their sincere and heartfelt congratulations to the Sisters of the Holy Family of Nazareth upon their One Hundredth Anniversary as a Roman Catholic Order.

Which was read.

Mr. Kamyk moved

The adoption of the resolution.

Which motion prevailed.

Mr. Coyne presented

Bill No. 2293. WHEREAS, price increases on food, housing, utilities, gasoline, public transportation and other necessities of life are skyrocketing; and

WHEREAS, as a result of this cost spiral, workers of this City, and, indeed, across the nation have, in spite of wage increase, lost more than five per cent of their real income in the last year; and

WHEREAS, particularly hard hit by inflation and unemployment are Black and other minority peoples, women, youth and senior citizens; and

WHEREAS, there is need for a program to combat inflation and unemployment in order to end years of sacrifice and frustration by lower and middle income people and the unemployed; and

WHEREAS, the New National Coalition to Fight Inflation and Unemployment and the Industrial Union Department of the AFL-CIO, plan to hold a rally in Robert F. Kennedy Stadium in Washington, D. C., on Saturday, April 26, 1975 to petition the President and Congress to exert additional efforts toward these goals.

NOW, THEREFORE, Be it

RESOLVED, That the Council of the City of Pittsburgh does hereby urge residents of Pittsburgh, who are so inclined and able, to participate in this effort to dramatize the immediate need for the President and Congress to adopt a program that will provide employment for every willing and able American.

Which was read.

Mr. Coyne moved

The adoption of the resolution.

Which motion prevailed.

Mr DePasquale:

Mr President, I think if it is at all possible, we should send a representative or two to that rally.

Mr Mason:

Whatever Council wishes, I see no reason why we cant'.

Mr Lynch:

Mr. President, I would oppose that on any member of Council attending. I wonder whether it is appropriate for the City to delegate anyone. I you mean at the City's cost, I wonder if that is appropriate.

Mr. DePasquale:

This was just a suggestion. My suggestion is withdrawn.

Mr. Caliguiri:

I think a member of Council or a member of the Administration could go if they wish to go.

Mr Lynch:

That would be appropriate if they wish so.

Mr Mason:

Wait a minute, Mr. Lynch, if I may ask a question.

Mr Lynch:

I don't think you should ask a question if you don't understand the nature of the question.

Mr Mason:

If you don't understand you ask.

Mr. Lynch:

I am trying to answer—

Mr. Mason:

What is the difference between his and yours? Why approve one and not the other?

Mr. Lynch:

It would imply that the taxpayers would pay for the trip.

Mr. Mason:

If one of the City Councilmen and someone from the Administration went, then, the City should pay.

Mr. Lynch:

Not in my opinion.

Mr Mason:

What makes yours different?

Mr. Lynch:

The first resolution was a formal resolution to delegate members to attend that rally for the City.

Mr. Mason:

It was a suggestion.

Mr. Lynch:

You are asking and I am answering. I am answering and if you don't understand I can write it down.

Mr. Mason:

Thank you, write it down for me.

Mr. Lynch:

I am answering the question now.

Miss Ballinger:

I am in support of the resolution, but I don't believe that just for us to send one or two people would mean anything, because in the report from the Labor Council and all of the labor papers, the people are going in busloads and carloads and they expect one hundred thousand people there. I understand that Senator Humphrey and Mr. Abel will speak and at the present time they are begging Mr. George Meany also to make a speech. Therefore, one or two people from City Council, they will not notice unless you get the platform.

Mr. Caliguiri:

I have been involved in the march here on anti-inflation and I have spoken before on this in Mellon Square. I think Council can help in this matter and one way is through the Office of Consumer Affairs. We have apropriated money for this office and since this is one of the areas in that office, we can talk to the Mayor regarding Mr. Coyne's resolution. Those are some of the things

Council should push for.

Mr. Mason:

That is just a suggestion?

Mr. Caliguiri:

It is a suggestion and that is one of the matters of that office that should be considered since it is a new office. Thank you.

Mr. Caliguiri moved

That the Minutes of Council, of Monday, April 7, 1975, be approved.

Which motion prevailed.

And on motion of **Mr. DePasquale,**

Council adjourned.

Mr. Lynch presented

No. 2335. Report of the Committee on Finance for April 16, 1975, transmitting sundry ordinances and one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2249. An Ordinance entitled, "An Ordinance AUTHORIZING issuance of a warrant in the amount of $358.99 in favor of Bacharach Instrument Company, Division of AMBAC Industries, Inc., P. O. Box 60098, Terminal Annex, Los Angeles, California 90060, in payment for repairs to a Sentox 2 Combustible Gas Alarm Detection Meter, which includes labor, material, freight and expenses, located at the Water Treatment Plant, for the benefit of the City, without previous authority of law, and providing for the payment thereof."

Which was read.

Also,

Bill No. 2250. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of $1,930.00 in favor of Ace Demolition Inc., 13 Green St., Pittsburgh, Pa. 15219, in payment for the demolition and removal of the 2½ story frame dwelling located at 917 N. Murtland Ave., 12th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2251. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of $2,999.00 in favor of Wright Demolition & Excavation Co. 500 Brushton Ave., Pittsburgh, Pa. 15208, in payment for the demolition and removal of the 2 story brick dwelling located at 146 Marsden St., 15th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2252. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of $1,964.00 in favor of James Karis, 3231 W. Carson St., Pittsburgh, Pa. 15204, in payment for the demolition and removal of the 2½ story frame dwelling located at 552 N. Aiken Ave., 10th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone

Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9 Noes none

And there being two-thirds of the votes of Council in the affirmative, the bills passed finally.

Also,

Bill No. 2253. An Ordinance entitled, "An Ordinance transferring the sum of $453,300 from Code Account No. 1443, Bureau of Police, Salaries & Wages, Regular and Temporary Employees; the sum of $546,700 from Code Account No. 42-1, Contingent Fund, Public Safety; and, the sum of $200,000 from Code Account No. 1461, Bureau of Fire, Salaries and Wages, Regular and Temporary Employees to Code Account No. 44, Workmen's Compensation Fund for a total sum of $1,200,000."

Which was read.

Mr. Lynch:

Mr. President, I move to amend Bill No. 2253 by deleting $453,300.00 from Code Account No. 1443, Salaries and Wages, Regular and Temporary Employees, Bureau of Police and $546,700.00 from Code Account No. 42-1, Contingent Fund, Department of Public Safety and inserting in lieu thereof, $456,300.00 from Code Account No. 1443, Salaries and Wages, Regular and Temporary Employees, Bureau of Police and $543,700.00 from Code Account No. 42-1, Contingent Fund, Department of Public Safety.

Mr. Stone:

May I quickly ask a question. Is this $3,000.00 an increase in the full gross amount, so instead of $453,300.00 it is $456,300.00?

Mr. Lynch:

That is correct.

Mr. Stone:

Mr. President, if I may on this particular bill, if you reall the City Treasurer made remarks with regard to this bill. Some of the remarks were picked up in the Pittsburgh newspapers and they seemed to indicate the City employees were abusing the use of the Workmen's Compensation Fund. When he was questioned by the members of City Council, he did admit there were no statistics to support his contention. In view of that and in fairness to all City employees, it should be on the record that there is nothing factual or any statistics to show that the employees are abusing or using the funds improperly. I would like the record to so note that.

Mr. Mason:

Would the record so indicate.

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Also,

Bill No. 2264. An Ordinance entitled, "An Ordinance AUTHORIZING the issuance of a warrant in favor of Vince and Pat Zottola in the amount of One Thousand Three Hundred and Twenty ($1,320.00) Dollars in payment for extra work being in addition to the original Contract price of Two Hundred Eleven Thousand, Six Hundred and Nine Dollars and Fifty Cents ($211,609.50) on Controller's Contract No. 20835, furnished for the benefit of the City in connection with the construction and development of East Hills Park, without previous authority of law; and providing for the payment thereof."

Which was read.

Also,

Bill No. 2265. An Ordinance entitled, "An Ordinance authorizing the Issuance of a Warrant in favor of Vince

Which was read.

Mr. Lynch:

I have another amendment on Bill No. 2272 as follows:

In the fourth Whereas Clause, add Equibank, N. A.

Add in Section 2: The proceeds of the Note will be allocated by the City as follows:

Department of Public Works, $3,800,000

Department of Water 700,000

Department of Lands & Buildings 200,000

Department Parks & Recreation, 300,000

In Section 4, add "at the rate of 4.42%"

In Section 8, delete "is hereby designated as the Sinking Fund Depository for the Note and there is hereby created a Sinking Fund for the payment of the principal and interest thereon which shall be deposited into the Sinking Fund no later than the date upon which the same becomes due and payable."

I move that those amendments be made and as a point of personal privilege, I do not want any questions asked.

MOTIONS AND RESOLUTIONS

Mr. Caliguiri:

Mr. President, a couple of weeks ago we sent out letters to the various departments and agencies that are connected with the repairs and construction of new streets, roads, etc. We have received this letter today from Mr. Anthony J. Gaeta of the Department of Transportation. I would like to make it part of the record and if possible, have the City Clerk read this very short letter before I make a motion.

Mr. Perry

"Dear Mr. Caliguiri:

We are in receipt of your letter pertaining to the proposed program for repairing State highways in the City of Pittsburgh.

The Department of Transportation is faced with serious fiscal problems, and it has been necessary for us to defer all resurfacing and reconstruction work. We do not anticipate that any major work will be undertaken in the City of Pittsburgh until additional funds are made available. The only work that will be performed during the next fiscal year will consist of patching potholes and making repairs in small areas that become seriously deteriorated.

We are appreciative of your interest in improving State highways within the City, and we wish to assure you that we will work with City Council and with the Department of Public Works in attempting to keep our highways in useable condition.

Very truly yours,

Anthony J. Gaeta, P. E.

District Engineer"

Mr. Caliguiri:

Mr. President, I know we have read articles on how the State is cutting back, but I would like to know what impact this will create in the City of Pittsburgh as far as cutting back is concerned; therefore, I move that we invite Mr. Gaeta to one of our Finance Committee meetings.

Mr. Mason:

This is not a resolution?

Mr. Caliguiri:

Just a motion. I would like to have Mr. Gaeta in one of our Committee meetings.

Mr. Mason:

I wonder if you could get together with Mr. Lynch to see when we could get this together?

Mr. Caliguiri:

I would like the City Clerk to send a letter, not for this Wednesday, but the following Wednesday.

Mr. Lynch:

I would be most h a p p y to have Mr Gaeta at our Finance Committee meeting a week from Wednesday.

Which motion prevailed.

The Chair presented

Bill No. 2339.

Mr. Mason:

Mr. Caliguiri, will you take the Chair, I would like to ask a couple of questions relative to the nature of these bills.

Mr. Caliguiri:

Mr. Mason.

Mr. Mason:

Mr. Lucchino, have we studied any rate schedule on these miniature golf courses? It was stated by the administrator of the Department of Parks and Recreation that the miniature golf courses would be in the environ of the City of Pittsburgh. Is there anything to differentiate the rate schedule in comparison to other minature golf courses.

Mr. Lucchino:

Under the existing ordinance, the Director has the power to set the rates. Council has given the Director that power under the 1971 ordinance. The Director advised us at Wednesday's meeting that no final decision has been made, but it may be less than the 75 cents which is normally charged for miniature golf courses and the Director mentioned the figure of 25 cents.

The idea of a differential rate was not discussed, but the theory is the people would not come from as great a distance as they would for the ice skating rinks. That would be a matter to be worked out if we got a lot of non-city residents using the facility.

Mr. Mason:

If there is a possibility of miniature golf courses, I want to make sure the City residents get the benefit of it.

Mr. Caliguiri:

Any other questions? If not, you have the Chair back.

Also,

Bill No. 2364. An Ordinance entitled, "An Ordinance providing for a consulting agreement or agreements in connection with the administration of the Workmen's Compensation Program of the City of Pittsburgh; and providing for the payment of the cost thereof."

Which was read.

Mr. Stone:

"No," on Bill No. 2364, if I may, with these remarks.

Relative to Bill No. 2364, the matter of the City of Pittsburgh being asked to spend $20,000 for a qualified consultant to review and make recommendations concerning Workmen's Compensation of the City of Pittsburgh.

I have become increasingly disturbed because there has been an inference that the employees of the City of Pittsburgh have been abusing Workmen Compensation funds. In a direct question to our City Treasurer as to whether he had any figures to back up that inuference or accusation by which we were blemishing the work of not a few, but all city employees, he indicated there ere no statistics to back up the inference or accusations. In view of that, I stated previously and I state now, I consider it totally unfair to tarnish in any way the name, image or reputation of City employees on purely guess-work.

It isn't bad enough that we passed that stage. Now we are asked to turn around and get people to attempt to prove what we cannot prove now. It is my understanding the Workmens Compensation Fund has increased its expenditures for a number of reasons, one of which, the rates have increased. Second of all, the ages of the employees have increased and obviously that's a problem. Relative to City police and firemen, the very type of employment, the risks, the dangers that they share every day, is something you cannot tell what will happen.

The figures I have been able to see, it would appear the City Administration under-budgeted the Workmen's Compensation Fund and now we are trying to cloud over that issue by implying the City Employees are abusing the Workmen's Compensation Fund.

In addition to that, we are asked to pay for the services of computers. We don't need any computer service. We have enough computer equipment at the Public Safety Building. Let's put it to use.

We are told we need controls; we don't need additional controls. We already have all we need to find abuses. There is a daily record of every day an employee is off. If that name keeps appearing, all you have to do is keep looking at it closer. Everyone receiving Workmens Compensation is examined by a City physician.

I thing it grossly unfair to do what we are doing now, to constantly keep fishing and creating inferences that these employees are abusing Workmens Compensation. I don't think we need another internal force in the City of Pittsburgh and I, for one, am going to speak up for the reputations of City employees if they need defending and I think we ought, especially when there are no statistics to back it up.

Mr. Mason:

Does that conclude your remarks? Are there any other comments?

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri Mr. Kamyk
Mr. Coyne Mr. Lucchino

Noes:

Miss Ballinger Mr. Mason
Mr. DePasquale (Pres't)
Mr. Stone

Ayes 4 Noes 4

Mr Stone:

It failed to reach a majority vote and that kills Bill No. 2364.

Mr. Lucchino:

Under the rules of Council, with only four votes affirmative, the Bill is tabled.

Mr. Mason:

As I understand it, and we would like a parliamentarian interpretation, a bill coming up for affirmative action, the affirmative vote stands.

Mr. Curtin:

Whenever there is a bill with a tie vote, four-four, the bill fails.

There is Rule 8, Subsection D:

"When any bill, upon its final passage receives the votes of a majority of the members of Council present, but not a majority of those elected, such bill shall be considered as laid upon the table, and may be called up for further action, at the same or any subsequent meeting of Council"

The majority did not vote in favor of this bill, therefore this section does apply. Therefore, we go to the main section which says:

"On the final passage of any such bill, the vote shall be taken by yeas and nays, and unless otherwise provided by law, shall require at least five affirmative votes for final passage."

Mr. DePasquale:

Are you saying if there were five members present, and there is a three-two vote, it would have to be taken up again?

Mr. Curtin:

Yes.

Mr. DePasquale:

So, in this case, it fails?

Mr. Curtin:

That's right

Mr. Mason:

If I understand you correctly, this bill has failed to pass.

And there not being a majority of the votes of Council being in the affirmative, the bill was defeated.

Also,

Bill No. 2365. An Ordinance entitled, "An Ordinance providing for the letting of contracts for materials, general supplies, equipment and machinery required by the several departments of the City Government, for the year beginning January 1, 1976, and for the payment thereof."

Which was read.

Also,

Bill No. 2366. An Ordinance entitled, "An Ordinance providing for the letting of a contract or contracts for the maintenance, rental, inspection or servicing of personal property, owned by the City of Pittsburgh and for the maintenance and repair of buildings, structures, or any other properties in the custody of the various departments of the City of Pittsburgh, and for the miscellaneous services in and for any and all departments of the City of Pittsburgh during the calendar year fo 1976, and providing for the payment thereof."

MOTIONS AND RESOLUTIONS

Mr. Stone:

Just recently we were informed the City of Pittsburgh had appointed Glenn Cannon to head up the Emergency Medical Care system here in the City of Pittsburgh.

I AM familiar with Mr. Cannon and I think he is a good choice but I think the record ought to show the present administration was opposed to an Emergency Medical Care system and in the budget, The City Council appropriated $500,000 in the year 1974, and a like sum in 1975.

I understand that in the present program, the City administration, now 16 months later, has now decided that rather than use police personnel for these five super ambulances, we now will use civilians. I find that this is a bit of a tragedy for us because the Emergency Medical Care System Act provides that if you are to use a non-City employee and want to train that particular individual, the Act would provide matching funds. Taking that into consideration, the $500,000 that City Council had appropriated, we were entitled to about $1 million which we have lost as a result of not being able to decide, in these 16 months, what to do.

In addition, we lost somewhere from $200,000 to $400,000 in Johnson Foundation money for Emergency Medical Care system which other cities, more responsible and more responsive, were able to get, and comparably involved cities to the City of Pittsburgh. We have had a lot of differences in this City because this administration didn't know what it wanted to do relative to an Emergency Medical Care System.

We had said we could not use Freedom House and now we are going to

nominally use the Freedom House personnel. In addition to that, it took this administration 10 months to find specifications for those five ambulances and those specifications were not only in existence for some time, they were prepared by experts in Emergency Medical Care Systems, Dr. Safer and Dr. Benson, both of whom are world authorities and located here in the City of Pittsburgh.

In addition to that, some of us may be led to believe that right now since we have the Super Ambulances, we are we are going to have an Emergency medical services. That is far from the truth. The ambulances are here, they are ready to go on the road, with one exception; we do not have the qualied EMT II personnel to do it. We are now only going to accept applications for people to man the vehicles that are here.

We have known for 16 months that we are going to have an Emergency-Medical Care System. We have known for ten months that we placed an application for the vehicles to arrive. We have known for 10 months those vehicles would be arriving right now, and we have not planned ahead enough to have our Emergency Medical Trainees II, who are able to handle the more severe cases, to handle those vehicles. So, we are not going to have emergency medical services for an additional two to four months.

I sometimes wonder, when the City of Pittsburgh has so many older people, who will obviously need this kind of service, and so many other emergency cases which will need this kind of service, how we can sit and justify this kind of relaxed action. Sixteen months have passed and here we are, waiting for another two to four months, and that's how we regard an emergency care system? I think it's a shame.

Mr. Lucchino:

Just one request. Maybe the City Clerk could invite Mr. Cannon to Wednesday's meeting.

Mr. Mason:

Does that meet with your approval?

Mr. Stone:

Yes. The only thing that bothers me, he has been here so many years and why it took 16 months to find a man readily available, I find it most strange.

Mr. Mason:

Will you take the Chair, Mr. Caliguiri?

Mr. Stone, is it not true, we took some LEAA funds and trained a certain number of police?

Mr. Stone:

They have been trained.

Mr. Mason:

We took the funds from LEAA?

Mr. Stone:

I don't think we have used those funds. There have been some training of police for EMT I's (ones) requiring 80 hours of training.

Mr. Mason:

How do we find — but let me back up then. How were they trained?

Mr. Stone:

Out of our own funds.

Mr. Mason:

We can go back to the minutes, but if I recall, we took funds from LEAA and we were very cold towards that proposition because they would not be as well trained as Freedom House Ambulance personnel would be. Number two, the equipment we had ordered was not going to compare to Freedom House equipment, the idea being, if I am still correct, that we would have some kind of ambulance service because we were being charged with discrimination because Freedom House was being operated in only certain wards. What you are saying now, we are picking up on some 16-month lag because we don't have EMT II's trained?

Mr. Stone:

It will be roughly two to four more months before we can have the EMT II's qualified, with 120 hours, a more specialized trainee.

Mr. Mason:

Fine. I will take the Chair back.

Mr. Stone:

May I indicate the medical profession has been telling this administration over two years you cannot use a police officer with a gun on his side who must face emergency police problems and at the same time face emergency medical problems. That didn't seem to sink in until now, 16 months later, and I might add, as late as last month, this administration, at a meeting with Dr. Safer and some other medical advisers, at that time, still had not followed the medical profession recommendation to use civilian and not police with dual emergency roles.

I might add this. I find it rather strange that on two occasions, the Administration has seen fit to disclose its ideas of emergency medical services. The first time was last November when the illustrious Mayor was running for the Senate seat and now, someone close to him is running for office and it comes out again. But I think we ought to make it clear. This issue ought not be a political issue and emergency medical care should be above politics, above the Administration and Council. We need an Emergency Medical Care System now!

Mr. Mason:

But for all 32 wards.

Mr. DePasquale:

Am I to understand we have five ambulances ready to go but we still don't have trained men?

Mr. Stone:

There are 16 paddy wagon ambulances. They will be manned by Pittsburgh City Policemen.

Mr. DePasquale:

They are being manned now, aren't they?

Mr. Stone:

Yes, but they are being upgraded. The super ambulances, they're the new ones, five specially equipped vehicles, fully equipped so that hospitals can have contact, right on the scene, with that individual. They do not have qualified personnel with 120 hours training, called EMT 2, to man those vehicles, although the vehicles are here now.

Mr. DePasquale:

The vehicles are here now?

Mr. Stone:

Yes, and ready to go. They have been in Uniontown for three or four weeks and the work to be done there was to take two weeks. I guess they will leave them in Uniontown so it won't show here that they are not being used.

Mr. Mason:

Are there any other remarks?

The City Clerk will have Mr. Cannon here for Wednesday's meeting.

Mr. DePasquale moved

That Mr. Lynch be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, April 28, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri.

Council adjourned.

Also, with an affirmative recommendation,

Bill No. 2452. An Ordinance entitled, "An Ordinance providing for an amendment to the Articles of Agreement of the Southwestern Pennsylvania Regional Planning Commission by increasing the total membership of the Commission from 34 to 37, and by including 4 members representing the City of Pittsburgh."

Which was read.

Mr. Stone:

Mr. Chairman, if I may, on Bill No. 2452, relative to Southwestern Pennsylvania Regional Planning Commission. Up to now, there was only one vote the City of Pittsburgh had. The City of Pittsburgh will now have four votes; two, to be directed by the Mayor, and two by City Council.

I think this is a step in the right direction because the City of Pittsburgh comprises as many people as the County.

There have been some differences in the past about the formulation of the membership there but I think this step is one in the right direction. I am hopeful now the administration will be more cooperative with Southwestern Regional Planning Commission and that we might be able to accept the fact we are the hub of the region and we might be able to do something to help ourselves as well as the region.

Mr. Mason:

This particular piece of material has to be approved by the membership?

Mr. Stone:

Each of the member municipalities must approve it and this is part of the cooperative attitude I was speaking about.

Mr. Mason:

We are just taking our positive action

now.

Mr. Stone:

I might add, it was my motion in the reorganizational meeting that gave the City the additional three votes.

The title of the bill was read and agreed to.

The bill was read on final action.

MOTIONS AND RESOLUTIONS

Ms. Ballinger:

Mr. President, on Friday, I released a story to the newspapers, radio and television stations and I want to thank Mr. Warner for his kind remarks. I want my release to be incorporated into the minutes of this meeting.

As follows:

We continue, day after day not being able to view events such as Sports Events on our Local T.V. Stations. If the residents of the City were to go to a town, much smaller, such as Erie, they could view shows that cannot be viewed in Pittsburgh because we do not have Cable T.V.

There has been a great response from the Public through petitions, telephone calls, surveys, from the people of the City of Pittsburgh asking why not Cable, so that the residents of Pittsburgh could have better T.V. reception and a greater variety of channel selections. Mainly in station selection.

The sub-committee on Cable worked without compensations for over a year, researched this matter with great diligence and received co-operation of many people for which I am grateful. The material gathered with all the necessary data to establish Cable T.V. is in the office and indicates the work the Cable sub-committee did in order to get ready for a franchise.

"Our report was submitted to the Mayor for further review. We submitted this ordinance 12/26/74. It is my understanding that in spite of the past 6 months that the Mayor has done little or nothing on this subject. He has reportedly made a feeble attempt to name consultants. Some of those names submitted are not even able or experienced to handle the very subject that they are asked to consult on. If the mayor is sincere in answering the request of the City residents for Cable T.V. then I think something should be done and substantially done now or tell the people why not."

As chairman of the City Council subcommittee on Cable T.V. I cannot and will not set with this idle guestrue. Therefore, I am calling the Mayor of the City and his appropriate City Officials to find out the following:

1. What the Mayor has done?
2. What they plan to do?
3. Why the long delay?
4. What we can do to move along on Cable T.V.?

Amy Ballinger, Chairman

Cable T.V. Committee

Now, some weeks ago, when the Mayor submitted the list to me of the people he was going to interview for the position of consultants, I told Mr. Cosetti, who was then representing the Mayor, there was only one person on there capable and experienced. That was some three or four weeks ago. I have heard nothing to date, as to whether they have interviewed anybody. On Wednesday afternoon, I would like to have the Mayor in so that I can ask him some questions on this subject.

Mr. Stone:

Mr. President, if I may, it has been discussed today that we are going to have a low-interest, revolving-fund account being handled, or a portion of it, through EquiBank. The program there is that we will subsidize the interest between the 3 per cent that will be charged and the going rate which appears to be 10 per cent, for a net to the City of 7 per cent.

The Sub Committee on Housing had suggested this program and perhaps was

one of the first to do it. We are not contesting what is being done, but the manner it is being done. It is our contention that going out and giving money, public funds, to EquiBank, to offer subsidy without getting approval from City Council of the City of Pittsburgh, is legally incorrect. In view of that, we are asking that the Solicitor of Urban Redevelopment Authority and the City Solicitor of the City of Pittsburgh, provide us with a legal opinion as to the legality of being able to do that without prior approval from City Council.

We are in favor of doing this but our most concern, is, we don't want to have any delay because of failure to meet those legal technicalities and requirements necessary.

I therefore move both solicitors report to us on Wednesday to report on the legality of not getting permission first to give our public funds.

Mr. Mason:

You want a letter sent out by the City Clerk inviting these people to the Finance Committee meeting on Wednesday, May 21, 1975 at 1 o'clock P. M.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council of Monday, May 12, 1975, be approved.

Which motion prevailed.

Mr. Kamyk moved

That this meeting of Council adjourn and that the next Legislative Session of Council be scheduled for Tuesday, May 27, 1973, at 2:00 o'clock, P. M. (D.S.T.).

Which motion prevailed.

And Council adjourned.

Ayes 9 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. President, actually I don't want to belabor the point, but short of holding a hearing, is it possible to get in touch with the GSA in regard to the convention center? We are now approaching the summer recess period. All parties have agreed on the convention center and its site. The next step is for the GSA to acquire the property. From what I am able to learn it is about status quo and nothing is definitely developed.

Mr. Stone:

Are you moving that a letter be sent concerning that?

Mr. DePasquale:

Yes, if we wait until the middle of June they will have gone bye-bye.

Mr. Mason:

Council delegated me as a member and I am as much in the dark as you are. The Majority Leader, Mr. Lrvis, was able to get $23 million more added to the fund. We had a meeting to find out if it is at status quo and you are absolutely correct. If you instruct me to do so, I will write a letter to the GSA to find out what is the current status report with the GSA and I will be happy to share it with Council.

Mr. Caliguiri moved

That the Minutes of Council of Monday, May 19, 1975, be approved.

Which motion prevailed.

An on motion of **Mr. Stone,**

Council adjourned.

Which was read.

Mr. Stone:

Mr. President, if I may, on Bill No. 2533 in Section 1 near the end, I move to delete the words "bank or banks." and to insert in its stead, the correction," lending institution or lending institutions."

Mr. Mason:

What is the bill number?

Mr. Stone:

Bill No. 2533. I would like to add these remarks if I may.

Mr. President, this bill or the necessity of it now coming before City Council has in effect proven our prior contention that some approval of City Council was necessary either in the form of amending the original Ordinance No. 190 or approval of a sub-contract or third party contract.

I still, spectfully, differ on the amendment proposed for it fails to include a subsidization of interest clause, which is other than the ordinary course of business, by governments, to engage in this kind of lending program. It was not contemplated in the original Ordinance No. 190 and this was confirmed during a public hearing where those Urban Redevelopment Authority officials and City officials testified that it was not contemplated to use the banks or subsidize interest.

We, however, feel we have carried out our function by calling it to the attention of all parties, the Administration and solicitors. However, we still feel, relative to its legality, for perfect results, it is not the best way. Nevertheless, we will move favorably now, because we feel this program must get going as soon as possible.

Mr. Mason:

Would you take the Chair, Mr. Caliguiri? I have some remarks:

Mr. Mason:

Mr. Stone, and the people of the Housing Subcommittee, I am disturbed by this bill. Now I am finding nothing but utter confusion in the community as to how it goes. There was a public announcement made and the newspapers received a release. The situation has become impossible to my mind and the manner in which they released it is premature. I am not criticizing, but I think it leaves the original premise or the orginal purpose of the Housing Subcommittee, is this not right?

Mr. Stone:

The concept is totally different from what was presented to the Housing Subcommittee. It was suggested at least four times by the Members of the Housing Subcommittee, to use subsidization of interest and the use of banks, and in each instance we were told, number one, it is not legal and, number two, they had not done anything on it and they were not contemplating doing anything on it. either using banks or subsidizing interest.

If you recall, on Friday, May 16, we mentioned it not only did not have City Council's approval, but it did not have the approval of the Board of Directors of the Urban Redevelopment Authority and since this is a corporate body they must act only by resolution. Nothing could be approved until they had some corporate action, mainly by resolution, which was a week, after the announcement.

Mr. Mason:

The latest remarks of the 16th are of the same which you referred to, where you made application for these loans, is that not right?

Mr. Stone:

There were three targeted areas where they contemplated setting up field offices and another to handle the City-wide program. Equibank and others who work closely with Equibank, apparently the Iron and Glass Bank.

Mr. Mason:

Those are my questions.

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. President, I know we are swamped with requests for a public hearing, and we owe the people one in regard to the sad public transportation situation which we have been made aware of in the last week. Thirty-five per cent of the bus riders reside in the City of Pittsburgh and we have a direct responsibility to these people. The situation exists because the County and the State can't agree on the handling of the Federal funds. They may raise the fares twenty-five cents because of the County and State's actions.

Now, we have a study commission or consultant to find out which is the best type of public transportation for the County. The City, County and State officials feel if the study commission recommends skybus, they will ignore this and they would not allocate any funds. Here we are going to spend $1 million on a consultant and study commission, when they are not going to agree to the recommendations if they do not suit their purposes and that does not make any sense.

Now, at Seven Springs, certain City and County officials gloated over the Port Authority dilemma. The taxpayers in Allegheny County will suffer and maybe to the tune of a twenty-five cent increase in fare. They were eating their spare ribs at a barbeque, which were pretty good, but what galls me is certain public officials making statements that the Port Authority deserves it and it should have happened a long time ago. They are playing games with the taxpayers of Allegheny County and that

does not make any sense.

We should lay the entire situation on the table with a public hearing and let the public know why it is the way it is and who is making it the way it is. The same officials making these stupid remarks should have a solution or alternative on the streetcars, super trolleys, or whatever you call them. The fact is we should go back to traveling by sled and horse and buggy. They wanted to stop skybus and apparently they have, because they have not reached a solution in five years and it is costing the taxpayers millions of dollars going right down the drain.

I recommend that we have a public hearing and invite the Port Authority, County and State officials to the hearing.

Mr. Mason:

Mr. DePasquale, I would like to point out to you that I don't know of any $1 million Task Force and I as a delegate from City Council and Mr. Stone as the alternate, have no visible proof that $1 million has been spent.

Mr. DePasquale:

I don't mean to correct you, but when the committee formed, we were told it would probably cost the County $3/4 million or $1 million, those are what the figures were.

Mr. Mason:

I am sorry, but if you don't mind, Mr. DePasquale, I would like to finish my remarks.

This Thursday afternoon and all day Friday we will be engaged in the selection of a consultant for the Task Force. We do not know what the low bid is at this point, but this takes nothing away from what you are saying and we are working at cross purposes.

If they are playing games with the public press, this is their business. Our's is an important task and I have assumed that reponsibility and Mr. Stone has been with me, at my side, every step of the way. I can't advocate the thrust of this Council by calling for a public hearing. What are we calling it for?

Mr. DePasquale:

For the public to know the facts. You are selecting the consultant within a few days. Certain officials will ignore the recommendations of skybus, this does not make any sense.

Mr. Mason:

It does not say the consultants—

Mr. DePasquale:

If they come up with streetcars I will fight them to my dying days. This does not make any sense to me. than having skybus makes sense to them.

Mr. Mason:

I am not disputing, correcting, or ignoring your request, but what is the purpose

Mr. DePasquale:

You are disputing the facts I have mentioned. The facts were stated on Sunday, but not by me. I was at the meeting and I think Mr. Leonard Staisey stated that it would cost $3/4 million to have this study, if you have it done. It was Mr. Hunt who would not honor this recommendation if it does not suit his purpose, if it is not super trolley. No. Mr. Staisey would honor it. Mr. Hunt would not honor it. Now, the remarks were that in no way or no how would they go for skybus and he was saying this while he was eating his barbeque.

I think the County is fed up with the Early Action Program and the Transportation System. I think a hearing should be held to air the entire situation and let the public know what they are doing and what kind of games are being played with their money.

Mr. Caliguiri:

Mr. President, could you and Mr. Stone give us a timetable on what will happen after the selection of a professional consultant?

Mr. Mason:

Between the two we can explain it. Thursday afternoon we will interview two bids and Friday, as I understand, three bids. That is the purpose and intent. The selection will be made on the 15th of June, is that correct,

Mr. Stone?

Mr. Stone:

Yes, Thursday afternonon and all day Friday we will be intereviewing the five remaining consultants who will give their oral presentations. The bids, Mr. President, are somewhere between $225,-000 and $288,000 if my recollection is correct. Then, around the 15th the applicants will be reasembled for us to pick from that group a consultant to take five months to do the study. All of the present five that are remaining have indicated it would take five months for the study to be completed. When the five months are up, they would come back with a decision. It is stated that the consultants will be asked to make a definitive decision, rather than the pros and cons, in short to just come with the final results. It is alleged that there is a moral understanding of all the parties on their differences of opinion, that they will accept the final result of that consultant. At least that is the tentative thought.

If I may, Councilman DePasquale is confusing two things. One is the Port Authority bus problem. The things he brings to light are valid points on the bus situation. If we are going to cut back services, that does not help. It took the Port Authority too long to get going. They have done a commendable job.

The second issue is the matter of the Transportation Task Force and that one should wait until after the 15th of June.

The facts you reported on here were remarks made outside the City which effect transportation, in fairness we will call it to their attention before we are asked to vote a $1/4 million or $1 million. If, in fact they are going to vote it down, why go through with a study. I agree with his point and I think we should have it answered.

Mr. Caligiuri

Are we merely bringing back the technical points of what the transportation system should be?

Mr. Stone:

They are to study skybus, super trolley and/or the combination and come back with that one system which is best for Allegheny County.

Mr. Calirgiuri:

The only unanswered question is, is the State going to give us money to subsidize the fares and if they are not giving us money, will we end up paying sixty cents? Maybe that is the question we should address ourselves to.

Mr. DePasquale:

It is the State and County officials arguing over Federal funds that caused this situation and why I don't know.

Mr. Mason:

It all started out because the State has not as Mr. Kassab says—

Mr. DePasquale:

Don't spoil my day.

Mr. Mason:

—any way, it is alleged it is because the State has not given the money which never existed as far as he is concerned, that is what he said and PAT says the contrary. You have two conflicting things with the State and PAT. Our problem is a technical problem.

Mr. Lucchino:

Ms. Ballinger and I were both present at the conference and I think it is appropriate to say it was a success. I think the combination of business and government in a conference is truly a good experience. It gives them an opportunity to find out the thoughts of the business community and governmental officials. There was one seminar on mass transportation and Mr. Bond, the Planning Director and Mr. Ed Tennyson, Assistant Head of the Department of Transportation, PennDOT in charge of mass transportation were there.

Apparently, the Legislature has not appropriated these funds and they would have to give two-thirds of the subsidy, were the claims made by Mr. Bond. The law provided for that, but they did not provide for two-thirds of the fund in the budget and this is why the problem

came up. They have the law, but they did not put the money in that was appropriated according to Mr. Bond and Mr. Tennyson. Really, the Legislalature has to appropriate the funds to make up the deficit. That is where the problems are and some benefit could come out of a hearing on that subject by City Council as suggested by Mr. DePasquale.

Apparently, the Legislature needs local support to make sure the appropriations are there. If Council thinks that a hearing would benefit the legisators in this area—

Mr. Mason:

I want to know the purpose of the hearing and not get the Task Force into a hearing.

Mr. Lucchino:

There was no formal discussion of skybus or anything else. The whole discussion of the subsidization of the Port Authority is under scrutiny. Those remarks made earlier on the Transportation Task Force apparently were made at some other time at a prior meeting.

Mr. Caliguiri:

Mr. President, I would like to ask Mr. DePasquale would he allow some of the legislators, with someone from the Port Authority to address themselves to that question rather than the technical ones that come up in the Task Force?

Mr. DePsaquale:

We may help the situation and the legislators. When we are talking about raising fares $.25, we are talking about hitting the workingmen in their pockets and I can't see that.

Mr. Mason:

You placed the Task Force in this monkey business on whether is is going to be skybus or not.

Mr. DePasquale:

I am trying to bring the facts out and the County and State officials should not be gloating because the Port Authority is in this situation. I don't appreciate it.

Mr. Stone:

May I make a suggestion to Mr. DePasquale, since there is merit in what he said. Can we not send a letter from this Council to both the State and County to the effect that we request that they immediately settle this problem, which will have an effect on the citizen riders of the Port Authority Transit and if not, City Council will have to call a hearing? We can set a deadline of two or three weeks and if you make that motion I will second it.

Mr. Caliguiri moved

That the Minutes of Council of Tuesday, May 26, 1975, be approved.

Which motion prevailed.

And on motion of **Mr. DePasquale,**

Council adjourned.

Also,

Bill No. 2558. Resolution authorizing the Mayor to execute and record a covenant with the Economic Development Administration, United States of America for the retention of title by the City of a sewer and water lines, street construction and sanitary sewers and the Railroad spur track, and accompanying rights-of-way leased to the Pittsburgh, Chartiers & Youghiogheny Railroad Company for a period of forty years, all located in the Chartiers Valley Industrial Park Project.

WHEREAS, the City of Pittsburgh and the Economic Development Administration, United States Department of Commerce entered into a contract on June 21, 1966 for a grant in the amount of $1,451,500 to assist in carrying out site improvements for the Chartiers Valley Industrial Park Project.

WHEREAS, the Council of the City of Pittsburgh by Ordinance No. 442 of 1962 authorized the Mayor, the Director of the Department of Water, the Director of the Department of Parks and Recreation and the Director of the Department of Lands and Buildings, for and on behalf of the City, to enter into a cooperation agreement with the Authority.

WHEREAS, the City of Pittsburgh and the Urban Redevelopment Authority of Pittsburgh did enter into a cooperation agreement of the 5th day of January 1966.

WHEREAS, pursuant to Ordinance No. 450 of 1968 the City of Pittsburgh authorized the Urban Redevelopment Authority of Pittsburgh to arrange for construction of a spur line and its lease back to the Pittsburgh, Chartiers & Youghiogheny Railway Company.

WREREAS, pursuant to said Ordinance No. 450 the Urban Redevelopment of Pittsburgh did enter into an agreement with said Railroad on the 8th day of October 1972 providing for the construction of the spur line.

WHEREAS, the City of Pittsburgh under the "Standard Terms and Conditions" of its agreement with Economic Development Administration agreed to retain title to certain project facilities for a period of forty (40) years.

WHEREAS, the Chartiers Valley Industrial Park Project is in the process

of closing out, and the Economic Development Administration has asked that the City of Pittsburgh execute and record a Covenant running with the land providing for the retention of title by the City for a period of forty (40) years for the public purposes, the railroad spur and the accompanying right-of-way, the street construction including sewer and water lines and the storm and sanitary sewers.

WHEREAS, the Economic Development Administration has made the execution and recording of this Covenant a condition which must be satisfied before they will permit the "close-out" of the Project.

WHEREAS, those facilities to which title is to be retained for forty (40) years for public use are described in Exhibit A and B attached to the Covenant.

NOW, THEREFORE BE IT RESOLVED by the Council of the City of Pittsburgh as follows:

That the Mayor is hereby authorized to execute and record the Covenant between the City of Pittsburugh and the Economic Development Administration, United States of America providing for the retention of title and the dedication to public purposes in Chartiers Valley Industrial Park Project of the railroad spur track and accompanying right-of-way, the street construction including water and sewer lines and the storm and sanitary sewers all of which are described in detail in the Covenant. The purpose of the recording in the appropriate public records affecting real property in Allegheny County, Pennsylvania is to give notice to all of the restrictions on the title of the project facilities and their dedication to the public use for forty (40) years.

No. 2593. Report of the Committee on Parks, Recreation and Libraries for June 4, 1975, transmitting one resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2555. WHEREAS, indoor recreation centers are a great benefit to the Communities of the City of Pittsburgh; and

WHEREAS, there is a need for additional recreation centers, to be constructed in the City of Pittsburgh; and

WHEREAS, residents of the Greenfield Community have made a presentation to the Council of the City of Pittsburgh showing the need for such facility in that area of the City and the great benefit that would come from it; and

WHEREAS, the funds for the construction of such a facility in the Greenfield area could be obtained from funds appropriated by the federal government or capital budget funds of the City of Pittsburgh; and

WHEREAS, it is the intent of the Council of the City of Pittsburgh to endorse a program dealing with the construction of indoor recreation centers in the coming years throughout the entire city where needed and specifically in the Greenfield area

NOW, THEREFORE BE IT RESOLVED

That the City of Pittsburgh Planning Commission, Planning Department and the Department of Parks and Recreation prepare a plan for the construction of indoor recreation facilities throughout the City of Pittsburgh and especially including the Greenfield Area.

Which was read.

Mr. Stone:

I wish to make these comments on Bill No. 2555. There are many neighborhood groups that have expressed a need for indoor recreational facilities, to enable a year round program. These neighborhoods, and their constituency have proven that they have been responsible and responsive citizens. These neighborhoods, and their constituency have aided the City of Pittsburgh. by their constructive self anaysis of their respective neighborhoods and their needs, and have engaged in many varied meaningful community projects without City and, administratively or financially. These neighborhood groups have and continue to demonstrate that they will provide volunteers for many and varied programs to meet the needs of our citizens of all ages.

These recreation facilities provide a year round recreational program so essential to the stability and well being of a good neighborhood community. The overall benefit to the neighborhood is that the indoor recreation facilities have many and more benefits and good effect beyond the physical facility itself and which are immeasurable. I, myself, have been a recipient of the benefits and good advantage of indoor recreation centers. As a young boy, I attended and participated in the programs and later worked on the staff of one center. I, therefore, can fully appreciate the advantages and great benefits of an indoor recreation center to a neighborhood community.

I whole heartedly endorse the proposal of the Greenfield community as meritoorious and worthy of priority. I wholeheartedly endorse and support the general concept of planning and the construction of indoor recreation facilities to the neighborhood where needed. I believe, it is time for this city to begin a new program and a new approach, because this Administration has heretofore decided not to build indoor recreation facilities. I believe, that a master plan must presently be undertaken to formulate a timetable, whereby, we might begin to construct two or three recreation centers per year based on a fair basis of need. I believe, that the benefits from indoor recreation centers cannot be measured by a budgetary line item, but on their overall benifit to the community and the citizens they serve. It is, therefore, with pleasure and honor that I join in on this particular bill.

An Ordinance entitled, "An Ordinance PROVIDING for the filing of an application by the City of Pittsburgh with the DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT for a grant in connection with the '701' PLANNING AND MANAGEMENT Project; providing for required assurances; providing for execution of payment vouchers on Letter of Credit and for certification of authorized signatures; creating a Special Trust Fund in connection with the Project; and providing for the deposit of the funds in a bank account."

Which was read.

Mr. Stone:

Mr. President, if I may, Bill No. 2587 is covered in very general language and it does not limit or specify what exactly our proposal is. It was presented to City Council on Monday and followed up on Wednesday. By the fact that this particular application is for a communications system, based on that recommendation, the vote was yes because it is being used for a communications system. It cannot be used for other than a communications system, but you cannot find that restriction in the actual ordinance as it is now.

Mr. Mason:

Are you suggesting an amendment, Mr. Stone?

Mr. Stone:

So long as we understand on this particular proposal that it is not going to be used for general things on the "701" Planning and Mangement Project and it is our understanding this is for a communications system. In line with the recommendation, we are voting for a communications system and nothing else on the "701" Planning and Management Project.

Mr. Mason:

That is Bill No. 2587, is that correct?

Mr. Stone:

Correct.

Mr. Mason:

Are you saying there is a vacancy in this and the money will be used for other than what is stipulated?

M.r Stone:

There is nothing in the ordinance saying it cannot be used for anything that we can get from the Department of Housing and Urban Development in connection with the "701" Planning and Management Project. What I am trying to do is restrict what has been presented to us without amending the bill itself.

Mr. Mason:

The record is not going to be good enough, if my mind tells me correctly. What are you considering, Mr. Stone? Is it your desire to amend the bill so it stipulates that clearly? The record is not good enough, because we lose track of the records. If it is not stipulated in the bill itself, it gets mutilated and we will have to come back to the June 16, 1975 meeting to find out what you intended as to that bill.

Mr. Stone:

Let me introduce an amendment, which I will read from the ordinance "AN ORDINANCE providing for the filing of an application by the City of Pittsburgh with the Department of Housing and Urban Development for a grant in connection with," add right here, "the City Communicatioons System with the '701' Planning and Management Project." We are inserting after the word connection, "with the City Communications System." Is that clear, Mr. City Clerk?

Mr. Mason:

You are on the first paragraph?

Mr. Stone:

Yes, the second word in the third line, "in connection with the City Communications System."

Mr. Mason:

That is your amendment.

Which motion prevailed.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)
Mr. Lucchina	

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bill, as amended, passed finally.

Mr. Kamyk presented

No. 2613. Report of the Committee on Lands and Buildings for June 11, 1975, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2549. Resolution authorizing the sale of property in the 5th Ward, being vacant land on Kirkpatrick Street, designated as Block 10-K, Lot 179-180-181 and 183, to William C. Strothers, for the sum of $2,500.00.

Which was read.

Also,

Bill No. 2554. Resolution authorizing the sale of property in the 25th Ward, being a 2½ story brick house located at 1525 Brighton Road, designated as Block 22-M, Lot 39, to Roy King and Polly Ann King, his wife, for the sum of $1,200.00.

Which was read.

Also,

Bill No. 2576. Resolution repealing Resolution No. 28, approved February 11, 1974, which authorized the sale of of property in the 31st Ward, located on Whitebush Street, designated as Block 131-N, Lot 16, to John Dimperio and Ursula Dimperio, his wife. Reason for repealing is purchaser wishes to cancel the sale.

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The eyes and noes were taken, agreeably to law, and were:

Ayes:

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 2614. RESOLVED, That the

appointment by the Mayor of Frederick A. Boehm of 2410 Silver Oak Drive, be and the same is hereby approved and confirmed as Labor Relations Consultant for the City of Pittsburgh.

Which was read.

Mr. Caliguiri:

Since most of us know Mr. Boehm, I would move to cut the two week waiting period to one week on this appointment.

Mr. Lynch:

If we have a two week waiting period, we cannot, in view of the past experience, cut it down to one week for one and not another. I think it is the policy of Council to hold new appointments for commission for a two week backup period.

Mr. Caliguiri:

Normally, if a person has been a City employee, usually we go ahead and approve it.

Mr. Lynch:

Who is the former City employee?

Mr. Caliguiri:

Fred Boehm.

Mr. Lynch

From the Study Commission, Home Rule Study Commission?

Mr. Caliguiri

Yes.

Mr. Lynch:

I will go along with that.

Which motion prevailed.

Mr. DePasquale:

Mr. President, about a month ago we had a resolution passed to obtain information from the GSA regarding the acquisition of property for the convention center. Have we had any reply as to what progress has been made?

Mr. Mason:

We have had no reply.

Mr. DePasquale:

Am I to assume there has been no progress made?

Mr. Mason:

We have gotten the $23 million through Mr. Irvis, but we did not get a formal reply in terms of your resolution.

Mr. DePasquale:

When was it, back in September of 1974 that it definitely shows the site was selected with our approval and the GSA said things would start to move?

Mr. Mason:

We met after Mr. Dickey was made Chairman in February.

Mr. DePasquale:

We are saying from February to this date nothing has happened?

Mr Mason:

This is true.

Mr. DePasquale:

No progress whatsoever?

Mr. Mason:

We have had no reply to your request on what progress has been made. It has not been reported publicly to me.

Mr. DePasquale:

I just want to state for the record there has been no reply.

Mr. Caliguiri moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Caliguiri moved

That the Minutes of Council of Monday, June 9, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Bill No. 2572. An Ordinance entitled, "An Ordinance establishing a Zoological Park Commission of Pittsburgh, determining its powers and duties, and providing for the manner of appointment of members thereof."

(Amended in Committee as shown in bold-face type.)

Which was read.

Mr. Stone:

Mr. President, if I may, it is my belief we are presently endorsing a bill which is less than the best and if I may say so, is the lesser of two evils. I said on Wednesday and I would like to repeat that all of the Members of City Council who are well versed with the management of the Zoo, have indicated that it is better run, better managed, better conducted and has bigger profits if it is civilian run and I believe from the evidence I have heard that stands. I have yet to hear a comment to blemish the record of Pittsburgh Zoological Society.

In view of that, I had asked the question and I am asking it again, how can we improve on excellence? I recommended at Wednesday's session that we give the Zoological Society until July 1, 1975, an opportunity, to reconsider. The Mayor went seven days before he had reconsidered his prior position to be opposed to this particular legislation.

The Zoological Society has given ten years or better of dedicated service to the City of Pittsburgh in the management of it. There were no complaints to the way it was run because there were good results. In fairness and decency we should have given them an opportunity to reconsider, but this Council chose not to do that. However, I would like to have the record show that as far as I am concerned, I prefer that we have the Zoological Society continue to manage the Zoo.

Personally, City Council should have backed the untenable position that existed at one time, but since the majority chose not to do so, I am expressing my thoughts and that is why I endorsed the lesser of two evils.

Mr. Lynch:

In point of personal privilege, I would like to respond to that, where he quoted on Council as a whole and not individual members.

Mr. Mason:

Would you repeat that?

Mr. Lynch:

I wish to respond to that area and I would like to point out for the record where Mr. Stone pointed out and I am sure in good faith, but Council has not gone on record that the Zoological Society offers better management and so on and I never held that as true.

It is my view that the entire purpose of Mr. Caliguiri's Ordinance before us was to find a method to employ volunteers and funds or whatever and to have a Zoological Society which is effective. I have never held a view that the Zoological Society is a better manager than the present City Zoo officials. I want to make that clear. My view to keep the Society here was because they are able to raise money and able to employ volunteers. My view towards the supporting of the Zoological Society was first, they are able to raise money and second, they are able to employ volunteers. I think this piece of legislation will do just that. I want to clearly establish

that for the record. I never felt that the Zoological Society is a better management force than the Zoo people that have worked here for these many years.

Mr. Mason:

Mr. Caliguiri, would you take the Chair so I may comment?

Mr. Caliguiri:

Mr. President.

Mr. Mason:

I supported the bill simply because at three o'clock in the afternoon the position of the Zoological Society was inconvertible. It could not be changed and rather than have no kind of liason with the people, I decided that Mr. Caliguiri's bill, which I had previously informed him of, was better than nothing. I think there are bugs in this bill and I don't think there is any question of that. The main aim is to maintain a liaison between the City and volunteers that devote their time diligently to the Zoo. In light of no other alternative, I supported the bill on that, Mr. Chairman. I want to make that a point of personal privilege, also

Mr. Caliguiri:

I am pleased that the Commission Bill received unanimous consent. I can understand some of the remarks that were made by my colleagues in appreciation for the Zoological Society, but, gentlemen, we cannot look behind ourselves, we must look in front. Finally, we have a whole Zoo once again and we now have a Zoo that can work again and a Commission that involves the entire Zoo. As pointed out, this Commission will perform ninety-nine per cent of the services that the Zoological Society has been delivering to the general public. I am sure this type of service will continue with the volunteers and the services that the volunteers have rendered. In effect, we are not closing the Zoological Society, but we are shifting their responsibilities to other people. As I have said, we now have a complete Zoo and as a complete Zoo, there is no doubt in my mind that the entire Zoo will be better off for it and not just with us saying look at this part of the Zoo and look at that part of the Zoo, but the entire Zoo will be better off. This commission will do much more than what has been done in the past and in the present. They will be able to look at the entire Zoo and everybody in this area will benefit by having a complete Zoo once again.

Mr. Stone:

While we are on this bill and I don't think we can do anything on it, but the record should reflect something. Mr. Curtin, would you correct the record?

Mr. Curtin:

At last Wednesday's Committee Meeting, Mr. Stone offered an amendment to Mr. Caliguiri's amendment to this bill and I ruled that Mr. Stone's amendment was out of order and that you should vote on Mr. Caliguri's amendment first. Mr. Stone's amendment was quite in order then and he did not pursue it or appeal it. As far as this Committee Meeting is concerned, I do want to set the record straight. We should have taken the reverse order and taken Mr. Stone's amendment first.

Mr. Mason:

I want to call to your attention, Mr. Parliamentarian, that you will find in Section 33 in parliamentary procedure, that you voted on the amendment in the reverse order. I want to emphasize that you voted on it in the reverse order and if you vote on the main amendment you have no need for amendments two, three and four.

Mr. Curtin:

Thank, you, I appreciated that very much.

Mr. DePasquale:

I was only going to state that I want to commend Council on the Zoo Commission. For the last month or so that is the only thing that mattered, who is going to run it. I don't mean to malign anyone, but if Council spent as much time and energy on unemployment in the City of Pittsburgh, especially in the steel mills, we would be better off. Zoo, zoo, zoo, there is other things in the City besides the Zoo. Many more important things. I think Mr. Caliguiri should be commended, but we have gone as far as we can go. Let's

work on other things and let's work harder on other things as we have on the Zoo.

Mr. Mason:

Your remarks are duly noted.

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, you may have been reading presently the business going on between the citizens of the Southside and the United Dairy Farmers, the dairy there. It is my present understanding there is a zoning matter that covers this particular condition as to the condition of their obtaining a zoning condition and there were certain restrictions which the United Dairy Farmers agreed to get the zoning condition. They would restrict the time they would operate to a certain capacity there. As I understand it, they are in violation of those restrictions that they agreed to in order to obtain the zoning condition.

I just learned in this morning's paper that the trucks were attempting to leave yesterday in violation of those conditions. There was peaceful picketing and seven individuals were taken to jail and fined.

Mr. DePasquale:

Are we saying the City officials are aware of the zoning requirements and condoning it?

Mr. Stone:

That is right, Mr. DePasquale. Mr. Miller is looking into this matter. This has been going on for two weeks. It is my understanding that they are in clear violation of the actual zoning permit they got and we are now arresting people for doing what the City should be doing.

Mr. DePasquale:

We are aware or the City is aware, but they are not enforcing it. Two wrongs don't make a right. We have access to other means to getting this job done and they don't have to block the doorway. I understand their frustrations.

Mr. Stone:

What is worse, there is a restriction on Sunday, Mr. DePasquale, and this company is not enforcing the zoning regulations.

Mr. Lucchino:

If the problem was one of labor pickets the United Dairy Farmers would ask to hold a hearing on a contempt citation. Our police gave them better action by arresting them on Sunday and that is a great way, if you are a company, to stop pickets. Our police intervened in behalf of the violators of our ordinance.

Mr. Stone:

We arrested the people for enforcing what the City should be enforcing.

Mr. Stone:

Mr. President, on another matter, we talk about the Zoological Society but no one to my knowledge has been on record and I may be corrected if there is, thanking them for their past services. I move we send a letter to the Zoological Society commmending them for past services they did render to the City of Pittsburgh up to this point.

We have a hearing set for July 1, 1975 on this matter. I would request that the Inspector of that precinct, the No.

7 Precinct, Mr. Pollice and Magistrate Chapas be here to explain why we are arresting and fining people who are actually trying to enforce those conditions which our City personnel themselves should be enforcing. In short, the police themselves should have been leading the blockade rather than the citizens. In the absence of that, we would like to know why they were arrested and fined since the dairy was in violation of the zoning conditions. I understand Court action on it is not resolved. It appears to me that a Court decision is necessary. It is our own City police that arrested the people who were only trying to have this dairy do what the zoning requirements of this City require. I would like to have an explanation on July 1, 1975.

Mr. Mason:

Do I understand your remarks, you are asking that Inspector Pollice and Magistrate Chapas be invited to the meeting on July 1, 1975.

Mr. Stone:

Correct.

Mr. Lucchino:

I also would request that the proper official of the Zoning Board of Adjustment, Mr. Sullivan, come and appear. I am not sure they have the right to do that. If they are not meeting the zoning requirements and someone is violating the law, perhaps they could forward to us a copy of an opinion.

Mr. Stone.

I have already made a request for a copy of the files on this particular case where they made those conditions. We will get a copy and Mr. Miller will have it for me tomorrow.

Mr. Lucchino:

If the people are peacefully picketing, the remedy is the Sheriff's Office on Court Order, but for our police to break up demonstrations that are not obstructing the streets and so long as they are remaining on the sidewalk, they are acting on behalf of one of the parties when they should not be doing that.

Mr. Mason:

Would you help Mr. Stone by answering a question I have? Who is the letter to be addressed to?

Mr. Stone:

I suggest it go to the Pittsburgh Zoological Society.

Mr. Mason:

Hold on right there. Who is the Pittsburgh Zoological Society? That's an answer I could not get in a public hearing.

We should send a letter to the Pittsburgh Zoological Society and those representatives who may be representing them, in addition to those particular individuals who testified, Mr. Bissonette, Mr. Gerlach and Mr. Magee, those executive officers in their society. I think we owe them that for the services they have rendered.

Mr. Mason:

Are you asking this office to send four hundred and ninety-two letters?

Mr. Stone:

We should send one to Mr. Magee as President, Mr. Bissonette as Executive Director and Mr. Gerlach as Secretary-Treasurer. One letter and two copies to those particular individuals should be sufficient. Let them disseminate the information they receive.

Mr. Mason:

Maybe I am not making myself clear. We received a phone call from Mr. Bissonette and Mr. Magee that indicated they would be here, right Mr. City Clerk? We have never received a reply to their letter. Are you asking this office to send out four hundred and ninety-two letters?

Mr. Stone:

Only to their president, executive secretary and director representing their society. I think we ought to pass on the motion.

Mr. Mason:

I have no quarrel, I am just trying to get some direction.

Mr. Perry:

We did receive a letter from Mr. Bissonette and Mr. Magee that they would be present.

Mr. Mason:

The day before the hearing?

Mr. Perry:

Yes.

Miss Ballinger moved

That the Minutes of Council of Monday, June 16, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Stone,

Council adjourned.

Which was read.

Mr. Stone:

If you will recall, I took exception with spending $40,000 on a roof of a bathhouse on one of our recreational facilities and I was told $40,000 was totally for the roof. It turns out, $6,600 of that is not roof; it covers other matters, some sort of repair work, but I still take exception to the amount of cost. We are talking about a bathhouse which I understand is a small building and in spite of the fact it is small, it is only used for a portion of the year. We are putting on a precast roof deck, and in spite of that precast roof deck, we see we need a structural steel plywood ceiling in addition to bonding beam roof.

This seems in excess of what is necessary for a bathhouse. I therefore register my vote "No."

Mr. Stone:

I move the suspension of Rule 8 providing for the mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to their consideration by Council after the return of such papers from Committee.

Which motion prevailed.

Mr. Lucchino:

Mr. President, aye on all bills except Bill No. 2068, on which I vote no and I would like to explain. I know that in the City of Pittsburgh we have been told that approximately 29,000 housing units are needed. The Neighborhood Housing Program will erect something closer to five hundred under our subsidized program.

Although I agree the location in Garfield is suitable for housing, my objection is on the investment of money. We will not get the investment out of these particular pieces of property. We will not get any spin off out of that. What is going on in Manchester and the Hill District that program will stimulate more building.

Mr. Mason:

Is that what you mean by spin off?

Mr. Lucchino:

This will not stimulate more building and in the area where the properties are on Sullivan, they are bounded by a cemetery on one side and a public housing community on the other side. I think the developer could go and develop that on his own without the necessity of our subsidy, so, therefore, my vote is no.

Mr. Mason:

Can I ask a question of my colleague? Do you see anything — completion of a brochure or booklet to indicate what can be done to create the spin off.

Mr. Lucchino:

Of course, you can already see what has been done with Manchester and the Hill District. There are thirty-nine units in one place and seventy units in another place.

Mr. Stone:

Mr. President, if I may just remark. I agree with the thoughts of what the program was intended to bring about. We are trying to get as much spin off as possible. On this particular location we have tried, as I indicated last Wednesday, to give the ground to the developer for

a nominal charge so that then he could proceed privately, but he was unable to get the proper financing.

Unfortunately, with the present housing situation the way it is, one must understand the availability of land, the availability of developers, the availability of financing; and combining the purchaser with the purchasing power. Taking all of those things into consideration, unfortunately, no Federal Program provides all of it. We have to do the best we can with what we have. There is a slight deviation from what the City had proposed before, but in the overall best interest of the City, that is why we recommend it.

Ware, his wife, submitted to this Council by the Urban Redevelopment Authority of Pittsburgh in connection with the sale of Parcel 109 for $200.00, said parcel being located in the Thirteenth Ward of the City of Pittsburgh, be and the same is hereby approved, it being in substantial conformity with the Redevelopment Proposal for a part of Redevelopment Area No. 19 in the Twelfth and Thirteenth Wards of the City of Pittsburgh.

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. DePasquale	(Pres't)
Mr. Kamyk	

Ayes 8 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Stone presented

Bill No. 2741. Report of the Committee on Planning and Redevelopment for July 2, 1975, transmitting one ordinance to Council.

Which was read, received and filed.

Also, with a negative recommendation,

Bill No. 2720. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(27) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for use of 1800 square feet of net floor area for restaurant on first and second floors with one dwelling unit on third floor of property known as 1206-1208 Grandview Avenue, zoned 'S-A' Special District, Class 'A', now of William P. Damico, identified as Lot Numbered 6, Block 6-M in the Allegheny County Block and Lot System, 19th Ward."

Which was read.

Mr. Stone:

I move the suspension of Rule 8 providing for the mailing of printed copies of all ordinances and resolutions to each member of Council at least 48 hours previous to their consideration by Council after the return of such papers from Committee.

Which motion prevailed.

Mr. Mason:

What is the bill numbered again, 2720? The bill came on how, Mr. City Clerk?

Mr. Perry:

With a negative recommendation.

Mr. Mason:

The bill is before you, on your voting if you vote no, than you are not for the bill.

Mr. Lucchino:

If you vote yes you are voting in favor of the bill.

Mr. Pelligrini:

If you vote yes you are voting in favor of the conditional use and if you vote no you are voting against the conditional use.

Mr. Kamyk:

The negative recommendation means no. If we vote for the negative recommendation, we vote no. If we vote aye on the negative recommendation —

Mr. Pelligrini:

On the negative recommendation, when you vote you bring it out of Committee with a negative recommendation before the whole body of Council to vote against it.

Mr. Kamyk

Not the recommendation, but the bill.

The recommendation of the Committee was to vote against it and we should vote no to turn it down.

Mr. Stone:

Mr. Parliamentarian, I differ with you. We can resolve this in one way. Would the City Clerk read the body of that ordinance?

Mr. Perry:

This ordinance is transmitted with a negative recommendation from the Planning Commission of June 10, 1975. Be advised that an affirmative vote of seven Council members will be required in order to approve the ordinance as per Section 2801-1-C-4 of the Zoning Ordinance.

Mr. Stone:

That is the only motion before this table. You have to vote yes to mean no in this particular instance.

Mr. DePasquale:

They recommended that we have to vote no.

Mr. Lucchino:

Mr. President, if you would just refer to the question, "Shall the bill pass finally," not the recommendatioon of the Committee. The recommendation of the Committee is just to recommend to this Council. If we want it to pass finally, we vote yes and if we want to defeat it we vote no. I know what the Committee recommended.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Bill No. 2690. Resolution authorizing the sale of various parcels of property in

the 31st Ward, located on Benezet Street, to the Borough of West Homestead, for the sum of $1,500.00.

(Amended in Committee)

Which was read.

Mr. Stone:

Mr. President, on Bill No. 2690, I think there was a typographical error to the amendment we proposed on Wednesday. I don't think it is contemplated that there is going to be any constructioon on these particular lots because the facilities are there and this is just an amendment. I would like to amend it this way, strike out the last four words, "constructed on this site," and add, "jointly and equally with the residents of West Homestead."

Mr. Kamyk:

Isn't the land going to be used for a recreation area? That has nothing to do with construction.

Mr. Caliguiri:

They are going to be constructing a playground.

Mr. Kamyk:

They are going to let the people of the City of Pittsburgh use the recreational area and also after West Homestead makes a recreational facility. The amendment was to protect that position and is going to permit the City to use the recreational area.

Mr. Stone:

You are correct, but the way it reads now it is only for the facilities constructed on this site. We don't want to have it limited. This is going to be a recreational facility and we are asking that the citizens be able to use the facility. It is not changing the amendment, but it was restricted by the use of too much language

Mr. Kamyk:

What is the amendment?

Mr. Stone:

It reads, "that said Borough of West Homestead shall permit residents of the City of Pittsburgh the use of any recreational facilities coonstructed on this site." What we are doing is taking out, "constructed on this site," and not limiting it to the part we are selling. The facilities as I understand, are across from this, therefore, we are saying, "jointly and equally with the residents of the Borough of West Homestead." That was the motion which we voted on Wednesday.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Bill No. 2848. WHEREAS, the Liberty Tunnels are a major artery in the City of Pittsburgh and the South Hills area; and

WHEREAS, various grandiose schemes and programs have been advanced by many state governments for in excess of forty-five years for improvement of the transportation needs of this area; and

WHEREAS, the City of Pittsburgh has recommended and included in the six-year transportation program, the construction of a major improvement to the South Portal entrance; and

WHEREAS, PennDOT has expressed some reluctance that this improvement be included within the proposed six-year construction plan; and

WHEREAS, the Southwestern Pennsylvania Regional Planning Commission has strongly and overwhelmingly included this improvement in its final plan; and

WHEREAS, this project is a very vital and important and long over-due transportation need.

NOW, THEREFORE, Be it Resolved,

That the Council of the City of Pittsburgh fully and wholeheartedly endorses the inclusion of major improvement of the South Portal of the Liberty Tunnels in the six-year transportation construction plan; that this City Council hereby requests that the Pennsylvania Department of Transportation take, any and all action necessary and appropriate to keep this project actively included within the plan; and take immediate steps to see that this project is immediately programmed and in line for certain and early construction.

Which was read.

Mr. Mason:

Does everyone understand the intent of that resolution?

Mr. Lucchino:

Could I just ask Mr. Stone to give us a rundown on what work is being done? Is this in the South Hills area, on the south side?

Mr. Stone:

This is where the roads all converge there. This is going from the right side level being changed to a more elaborate scheme. There is $7 million appropriated for it. The problem is this. As some of you may recall, when we talk about the present tunnel the only renovation is improving the inside. When the renovation of the tubes is finished, that is fine, but they are not the biggest problem, what is the major problem is getting in and out of them. It is, in short, what we refer to as a renovated bottleneck.

Our plan to Mr. Paternoster recommended that the south portal have some changes on an upgraded level. What we need to do is get the engineer on this project and get it into construction within the next six years.

Those of you who are not aware, Mr. Marbury from the Whitehall or Castle Shannon area had an all but grandiose plan developed for this and going back into the 1920s, wherein, now Department of Transportation does something about it. The tunnel is no good until the two entrances on both sides are done. What we are trying to do is get PennDOT going in with engineers to get this thing immediately started and put into the six-year plan, hopefully, to have construction done.

If we take an attitude that it may not be this or that, we will not have it completed and obviously it has been needed for forty-five years. It is of extreme importance and I think it is about time we put it on the list of priorities and indicate to Penn DOT and everyone else concerned with transportation that as far as we are concerned we want to move quickly.

Mr. Mason:

This is the south portal?

Mr. Stone:

On the other side, not the downtown side.

Mr. Lucchino:

This is the roadway immediately near the entrance.

Mr. Stone:

By the entrance-way.

Mr. DePasquale:

Would this work coincide with the present project they are working on?

Mr. Stone:

These are two different projects, Mr. DePasquale. That is what we asked Penn DOT to do initially rather than renovate. We asked them to look at the south portal, but unfortunately it caused a battle between Penn DOT and the County on who owned the super structure. At the same time, little is it known to the Council members that they did have a problem about the lanes. As a result of this, they had a problem of replacing the entire road and that is when they began remove the weight on the bridge. That is what was done. After the initial work, here we are into another stage of part of the project and it is a separate matter altogether other than the renovation and it has to be done.

Mr. DePasquale:

What does this do to the traffic bottleneck? We will have to put up with this for a couple more years. I know this is vitally needed, but how long do we have the traffic problem?

Mr. Stone:

When you get rid of the problem. If you do not do the work now, you will never get it done and as far as the road and that particular intersection are concerned, it has to be done. What we are doing is delaying. We wasted time with delays on the Early Action Program. We did nothing but get delays on the bus lanes. And in getting the Banksville Project done, that was a delay. All we had is the same thing in the 1920s and there is now a difference of 50,000 cars going through there a day.

Mr. Stone moved:

The adoption of the resolution.

Which motion prevailed.

Mr. Lucchino:

This is not a resolution. There are two matters. The first is that the City of Pittsburgh is involved with the labor negotiations and with the labor unions, police and fire. They will vitally effect the budget as we receive it in December. I am

requesting that Mr. Campbell or other representatives of the Administration come to the Finance Committee Meeting on Wednesday to advise us as to the status of these negotiations and particularly on what their appraisal is as to how they will effect our budget considerations. So much has been left hanging before on our determination on what is going on.

I don't know, but Mr. Lynch has reminded me that it might be Mr. Boehm, but I thought Mr. Campbell handled the negotiations.

Mr. Mason:

Mr. Boehm?

Mr. Lucchino:

Mr. Fred Boehm whose role is legal advisor. He might be the labor counsel, but whomever, it could be Mr. Boehm or Mr. Campbell, I would like somebody to bring us up to date on where we stand.

Mr. Mason:

I think that is a wise suggestion personally. I don't know how the other Councilmen feel but in light of the statement made over this last weekend as far as I am concerned, I like to hear this kind of dialogue instead of the monkey being put on Council's back.

Mr. City Clerk would you make sure Mr. Campbell is invited here for the Finance Committee Meeting.

Mr. DePasquale:

Adding to what Mr. Lucchino brought up, do we get the full budget proposal a month earlier this year?

Mr. Lucchino:

No, it is not in effect until January.

Mr. Caliguiri:

Next year.

Mr. Lucchino:

My second request has to do with the Police Department. We have been hearing from Mr. Glickman and Ms. Smith that there was a test given to 2,900 applicants. Police are continuing to retire and no one has been hired. This hiring is effecting our grant from the Governor's Justice Commission which has been pending. I would like Mr. Glickman or Ms. Smith to come to Council Wednesday to advise us as to the status of this hiring of police officers.

Mr. Mason:

That is a good suggestion. Would you see that is done, Mr. City Clerk.

Mr. Stone:

Mr. President, if I may, I happened to have been out of town last week and having caught up on the newspaper accounts, I find Council has been chastised about the present structure of income in the City of Pittsburgh. My response to this is, I think the Mayor cries too much.

If we look closely, in the year 1975, we will begin to find another conclusion. We have found one clerk, Mr. Ken Fields, is a salaried employee being paid $17,000 by the C. E. T. A. Program, but as we find now, he is performing functions not related to that particular fund. In short, the Federal Government is subsidizing the City of Pittsburgh to do work for the City and you will find in this particular year as in no other year or in the last eight years, we have more public Federal-paid employees than we have had in any year.

If you can see what is happening, $10,000 is coming from the Federal Government and additional monies are coming from the City intended so they perform the spirit or functions of the Act, but we are using those particular individuals to take care of and do City work. The Mayor is crying a little too much.

It appears to me we are talking about the Emergency Medical Care attention and we now decide after two years to go civilian. If we look closely and if we go into C. E. T. A. and use that money, roughly, $1 million, we could use that to provide training for productivity. We could go to the Federal Government and through the Emergency Medical Care Service System Act, we could obtain money to train those civilians and not go to C. E. T. A. In short, we could have hired twice as many people.

In addition, not too many years ago we lost close to $5 to $7 million in Model Cities funds because of our per-

formance and now it has effected us with the $16.4 million in the Community Development Block Grant. I am not sitting back blaming the problems on someone else, but at the same time in carrying their burden, I feel, this Mayor, in this particular year, is just crying a little bit too much as far as I am concerned.

Mr. Coyne:

I would like for the City Clerk to request that the security officer for the Housing Authority be at Wednesday's Finance Committee Meeting to discuss the proposal to make security guards available to the residents of the elderly highrises.

Mr. Mason:

That is reasonable in light of what I have on my desk.

Mr. Stone:

Are you talking about the elderly in the projects?

Mr. Coyne?

The elderly housing throughout the City.

Mr. Stone:

That security force you are talking about is only for public housing and as far as other housing is concerned, that may all under the City Police.

Mr. Mason:

Is that for all public housing?

Mr. Coyne:

All public housing.

Mr. DePasquale:

Mr. Coyne's question is whether the security includes the highrises as well as public housing.

Mr. Coyne:

Mr. Anderson is Director of Security for the Housing Authority highrises.

Mr. Caliguiri moved

That the Minutes of Council of Monday, June 30, 1975 and Friday, July 3, 1975, be approved.

Which motion prevailed.

Mr. Kamyk moved

That this meeting be adjourned and that the next legislative session of Council be scheduled for Friday, August 8, 1975 at 10:00 o'clock, A. M. (D.S.T.).

Which motion prevailed.

And Council adjourned.

Which was read.

Mr. Lucchino:

Aye on all bills, opposed on Bill No. 2814, that is the bill on Manpower.

Mr. Lynch:

If I might, may I ask Mr. Lucchino to articulate his reason for opposing as a matter of public record.

Mr. Lucchino:

Similar to what my objections were on Wednesday, although this provides employment for people, nothing more is being used by the Manpower Director short of a funded welfare work program. I don't think it is dealing with the manpower needs on a long run basis. This is the easy way out.

It is difficult to be in opposition, because there are people who need the services and employment, but I don't think it is a manpower objective to provide it on a continuing basis the way our Manpower Office seems to be planning.

Mr. Mason:

Can the Chair ask you a question on your position? Do you feel this is a diversion?

Mr. Lucchino:

It is not really a diversion, but we get this $6 million and they want to spend over $1 million just to provide themselves with these non-profit agencies. It seems to me this employment is not going to lead to full-time employment and it has not shown, so far, fruitful long term employment for the people involved, but it is rather an interim employment kind of insurance situation, which is laudible, but in my opinion, not the long range goal of the Act, the C. E. T. A. Act.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Mr. DePasquale	
Mr. Kamyk	

Ayes 8 Noes one (Mr. Lucchino voting "No")

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also,

Bill No. 2815. An Ordinance entitled, "An Ordinance PROVIDING for an Agreement or Agreements with Senior Citizen Service Corporation, Shady Lane School and the Pittsburgh Housing Authority for the implementation of the Comprehensive Employment and Training Act, and providing for the payment of the costs thereof."

Which was read.

Mr. Stone:

On Bill No. 2815, I would like to make this comment. I am concerned about the allocation for the Pittsburgh Housing Authority in the amount of $73,000. It is with reluctance I am going along with this and I want to express my concern on the record. I am opposed to the program of the Pittsburgh Housing Authority relative to security where we use part-time security, mainly residents. Security is not a part-time job. My belief is there should be a fully trained individual in the housing projects as well as elsewhere. I believe the present idea should not be for part-timers and should be further funded. I believe we should have someone fully trained, fully able and someone on a full-time basis much younger than the contemplated senior citizens for that particular level. I don't find it practical and it ignores the fact that there are a great deal of people and there is an above average crime rate in these particular areas. We can suspect, expect or hope some senior citizen is not placing himself in danger by monitoring or telling on someone committing some act within the Housing Authority and I think that person is free from regress from someone being told on, so to speak or informing. I hope it does not happen, but I see it happening under this particular program. I have my reservations in that aspect.

Mr. DePasquale:

If I may back track a second, on Bill No. 2814. It is my understanding that a lot of people will eventually find employment in the department they are trained in. Mr. Lucchino signified an objection in regard to the part-time work. I was under

the impression that a lot of people will be placed.

Mr. Lucchino:

From what Mr. Rodgers told us on Monday, the people that have been hired so far and not a year but a shorter period of time, they have not been placed in fulltime positions with the agencies.

MR. DePasquale:

For the simple reason that there are no vancies.

Mr. Lucchino:

That does not solve our unemployment situation, it just fills a vacancy when it becomes vacant on staff. That provides no additional jobs. That is what is happening and we are not providing additional job opportunities by using these people to fill them and because they are Federal funds and these agencies will take them.

Mr. Lucchino:

Aye on all bills except Bill No. 2717 and no on that bill because I think that at some point we have to offer traffic relief to the residents in Mount Washington. This is an expansion of a previous use there and this Council continuously approves it. I have voted along with them for further development in Mount Washington, but I think the residents deserve further consideration by this Council in turning down these kinds of expansions until some solution is found for the parking problem and living situation since Grandview Avenue is the only way to get to the back streets further down.

Mr. Stone:

Aye on all bills with the exception of Bill No. 2953. Mr. President, if you recall, $60,000 was appropriated toward a fund, wherein, we are able to get matching

funds from the State of Pennsylvania. As it turned out, there were no matching funds even attainable at that time. Thereafter, it took two years of budget sessions and two years to find out the money was wrongfully there and should have been withdrawn. We asked the Treasurer to see that it did not happen again, but he indicated he does not know about it.

It is incumbent upon us to register a vote of "no" on this particular motion to signify that some looseness took place, in fact, on our check and balance system.

MOTIONS AND RESOLUTIONS

Mr. Stone:

Mr. President, Bill No. 2863 and Bill No. 2909 are dealing with communications systems. We have had to my knowledge, at least two bills on this and Councilwoman Ballinger's bill relative to cable television. We are dealing with communications systems relatively, the fire and police call-boxes and the Emergency Medical Care System. Each one is handled separately. Director Hess mentioned that our callbox wiring system could operate over the same line as cable television system. The regrettable thing is there is little or nothing known about the progress relative to cable television.

It is possible, for communication, we might be able to coordinate these systems. In view of that, I think a letter should be sent to the Mayor directing him to immediately coordinate the communications systems including and not limited to the Fire and Police Alarm Communication System, the Cable Television System and the Emergency Medical Care System.

Ms. Ballinger:

I have asked the City Clerk this morning to inform the Mayor to appear before us on Wednesday to answer the very questions we asked on June 2nd, through a letter, on what progress has been made and why a report has not been submitted to us by the company that he employed to study cable television.

I am hoping by Wednesday we will get some answers from him, if he appears before us.

Mr. Stone:

I think the Mayor ought to be directed to coordinate all of these studies. The most important thing and the more serious of it, she sent a letter on June 2nd, requesting answers to various questions. Mr. Hess has indicated that relative to the callboxes, they could go across the cable television lines. If we are moving on the callbox system, why have we not done something about cable television? A letter should come from us requesting there be a coordination.

Mr. Mason:

Mr. City Clerk, would you contact the Mayor?

Mr. Perry:

I contacted Mr. Bruce Campbell and he said he would let me know.

Mr. Mason:

See if we can have the answer tomorrow.

Ms. Ballinger:

Mr. Chairman, if you recall, Monday a week ago when we discussed the ordinance with the Mayor, he only indicated he did not say he would, but he indicated he would give that matter some thought in combining those things. In as much as that study will cost $10,000, the one estimated for the cable television study will be $25,000, so we felt it was the thing to do. Of course, he has not given us any answer. Perhaps we can get that too, Bob, on Wednesday. We can write a letter in the interim.

Mr. Stone:

I think we could move on this and the other could be supplemental.

Mr. Lucchino:

Bob, did you say direct the Mayor to do this or request? If you are saying direct, I don't see that we can do it by resolution.

Mr. Stone:

I think there should be an intent from this Council that all these systems be coordinated. It is the wish and the intention of this Council that the Ad-

ministration coordinate all efforts relative to the communication systems.

Mr. Lucchino:

It is my understanding that there are some questions on cable television; number one, on the distance and how it is to be transmitted and, number two, on the franchise areas of cable television, and another on who should own and operate cable television?

Mr. Stone:

I think you misunderstand the thrust of my request. He is to look at all of them now to see if they can be coordinated.

Mr. Lucchino:

That is the only problem I have with the request. I don't think we know enough to direct the Mayor to do this. If money can be saved by coordinating them, then he can do that.

Mr. Caliguiri moved

That the Minutes of Council of Monday, September 8, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Stone.

Council adjourned.

MOTIONS AND RESOLUTIONS

Ms. Ballinger:

Mr. Chairman, there are two things I have in mind. If you recall, last Wednesday we asked the Mayor for a report on cable television.

Mr. Mason:

Correct.

Ms. Ballinger:

I indicated I felt it was a very poor report after four months of study. Since then, I have gone over many things we have in the office pertaining to cable television. In fact, I have the report from Pitt; myself, which Ms. Opperman has in her hand now. It is very informative and it gives us much of the information we should have had up to this day.

I would like to make a suggestion. Dr. Phillip Wendell, one of the makers of the report, has indicated he would like to sit down with the members of the City Council to go over the report and make them aware of what should be entailed in a study for cable television. I would like you as President, to set some date so the members of Council can sit down with Dr. Wendell to go over the matter before the other report is due in December.

I would like at this time to adopt an ordinance for cable television. Some members of Council are familiar with what is necessary. I am not saying I am fully aware, but I will take the stand that unless we get an ordinance on the books that Pittsburgh should have cable television and go into hearings for the franchises and the necessary information, we will not be able to accomplish what we hope to. We will not get the information we need unless we have a public hearing and hear those people that own cable television stations and have the reports such as this, and other information that I have in the office, explained to us. I would like you, as President of Council, to do this. If you wish, I will set up a meeting, hoping the majority of the members of Council will come and listen to Dr. Wendell and listen to this report. It is a pretty full report of what cable television will do for the City and he is able to answer any questions we may have.

Mr. Mason:

She did not make a resolution, but a suggestion. Your second point?

Ms. Ballinger:

I want to speak on the appoint-

ments at this time.

Mr. Mason:

I will speak to your first point if you don't mind. I think we are so loaded with public hearings at the present time and I don't have any objection to asking Dr. Wendell to come in, but such a meeting would have to be held in the evening. Pretty soon we will be into budget sessions and I would rather take the time to get something done on a Saturday. What I am trying to say, Ms. Ballinger, is at the present moment the request for public hearings are becoming increasingly heavy and we are trying to give ample notice, which is very complicated. I think it is good and I think we ought to have the information. As to the issue on whether an ordinance can be passed, I see no problem, but I am trying to find a time slot. Would you be adverse to meeting on a Saturday morning?

Ms. Ballinger

Any time is fine.

Mr. Mason

We will get together prior to your leaving for California, okay?

Ms. Ballinger

Yes.

Bill No. 3064.

September 22, 1975

President and Members of Council

Pittsburgh, Pennsylvania

Dear Gentlemen and Madam:

I am forwarding a Resolution for the appointment of Mr. Richard Scaife as a member of the Zoo Commission.

Very truly yours,
PETE FLAHERTY

Enclosure

Which was read , received and filed.

Also,

Bill No. 3065. RESOLVED, That the appointment by the Mayor of Mr. Richard Scaife of 5201 Westminister Street, be and the same is hereby approved and confirmed as a member of the Zoo Commission.

Which was read.

Mr. Mason:

You have heard the resolutions and as has been protocol in Council, for the past five years, we will hold each appointment for two weeks. Each Councilman gets a copy of the resume, can get in contact with the person if he so desires and then we assemble at the end of the two week period for the appointment.

Some Councilmen call them on the phone and we have had a kind of check point. Prior to five years ago we use to have them streamline in on us on Monday morning. Some Councilmen had objected to this, because we did not know the people and their background, so that has been the procedure up to this point.

Ms. Ballinger:

Mr. Chairman, that may be so what you said, but in going over the resumes, I am not saying they don't have experience in many things which are listed here for the two people, Nancy Flaherty and Edward Perlow, but I feel we should have more information about these people. We should know what they know about the Zoo laws, for instance, or the legislation or the many things it pertains to.

I also feel there are people that have so much expertise in animal care, life and everything else. If we would have someone like that stiting on this Board or whatever you may call it, I was wondering if it is not better to have the people in and ask them some questions on what their expertise is. I don't have anything particularly against either one, but they must be capable people. I know what they did before, but do we have to do everything that has been done in the past, five, ten, fifteen, or twenty years? Why can't we do something different? I don't want to embarrass them or ask questions that are embarrassing, but in two weeks from now we could have questions to ask them that would be good for the Board. At the same time, it is possible this type of pressure will be put on the fourth person and that should be someone from Animal Friends or some other organization of people that have represented the animal organizations like a director, or ones that have been the president of an animal organization or that have been instrumental in taking care of animals.

Let's get the fourth at least. If we have the three, then let's make the fourth someone who knows something about animals. That is the only reason I am bringing it before City Council.

Mr. Mason:

Whatever pleasures Council. Whatever Council wants is all right with me.

Mr. DePasquale:

I respect the sentiments of Ms. Ballinger in regard to the personal questions of the people. In the past we have had resumes from the people and on the basis of the resumes, we accept someone or, on some appointments, we have refused. I think the policy should remain that way. We have the resumes for two weeks to go over any questions we may have and we can get them on the phone or by mail. I think the people we are talking about now are highly qualified and highly respected and I think it would be embarrassing if we call them in. Again, I think we should fall back on the resumes to accept or refuse them.

Mr. Kamyk:

Mr. President and members of Council, I am satisfied that those people are qualified and they don't have to be animal trainers or anything like that. I think they are qualified and I think they can do a great job.

Mr. Lucchino:

I don't know Mr. Perlow, but I agree with Mr. Kamyk on Ms. Flaherty. They have given us the kind of background we want, but I think if one member of Council wants the people to come before

Council, out of courtesy to Ms. Ballinger, we ought to have them come in. I think she has that right as a member of Council and I think it is up to her to have this right and we should not call them on the telephone to see if they should serve. Even though, I would vote in favor of this, I think she has this right.

Ms. Ballinger:

Thank you.

Mr. Mason:

I am only going to stick by my guns. I would like to get good people in Government, but there were people rejected under our system when we rejected Conrad Cooper. That took place in the back room and when he was rejected, that was bad enough. I think it is embarrassing and it is hard to get people to dedicate themselves to a job, but if this is preferable, fine. Is there anything to counter - indicate following Ms. Ballinger's suggestion?

Mr. Lynch:

Which would be what?

Mr. Mason:

Which would be to call them before Council and change this policy.

Mr. Lucchino:

Only if a member requests it.

Mr. Mason:

This member requests it and that is what we are extending her, courtesy.

Ms. Ballinger:

I am asking that these people, Mr. Chairman, between now and two weeks from now, come in. We are going to get pressure from other people and I know your telephones will be ringing and you will be getting letters asking why we don't do this or why these people don't have the expertise.

Mr. Mason:

I am aware of that, so whatever you want to do. What is the pleasure of Council?

Ms. Ballinger:

I move that they be called in for questioning within the two week period.

Mr. Coyne:

I wonder if it is not advisable since he is going to name the fourth member, to wait until the fourth member is chosen and if we are to call all four members before Council, have them all in at the same time.

Mr. Caliguiri:

I might say the fourth member will be appointed next week, which is October 1, or next Monday.

Mr. Mason:

This is not the full complement of the list of appointees.

Mr. Caliguiri:

He will probably be appointed next Monday.

Mr. Mason:

Do you abide by that suggestion?

Ms. Ballinger:

Yes.

Mr. Mason:

Then we will have a full compliment of the appointees and no one will feel particularly embarrassed.

Mr. Lynch:

On Ms. Ballinger's request to hear from Dr. Wendell, why not have him at the legislative session next Monday, with unanimous consent, and let him address us for at least a ten or fifteen minute period?

Mr. Mason:

I did not get that understanding from her. I thought you were talking about an in-depth report, but if that is what you want to do --

Mr. Lynch:

The appropriate forum is this one. It is appropriate for him to be here on Monday afternoon and if you want to have him speak to the entire Council at

the legislative session, this would be a good forum for it.

Mr. Mason:

She wants to go in-depth. If they want to go over it throughly; Ms. Ballinger could have a meeting of the Task Force Committee and invite all of the City Council members to hear the report. I have not read the report in de- I understood you correctly, and please correct me if I'm wrong, I understand there are things we should be looking forward to and it could take an hour and a half to understand.

Ms. Ballinger

We will arrange such a meeting.

Mr. DePasquale:

Could we not hear the party after the legislative session?

Mr. Mason:

Sure, whatever she wants to do, okay.

Mr. Caliguiri moved

That the Minutes of Council of Monday, September 15, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

UNFINISHED BUSINESS

Mr. Caliguiri:

Mr. President, due to an oversight during the Legislative Session of Council on Monday, September 22, 1975, I move that Councilman Robert Rade Stone be excused for his absence at that meeting.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 3095. Report of the Committee on Finance for September 24, 1975, transmitting sundry ordinance to Council.

Which was read, received and filed.

Also, with a negative recommendation,

Bill No. 3015. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of $990.00 in favor of Omslaer Wrecking Co., Cliff Mine Road, R. D. No. 1, Coraopolis, Pa. 15108, in payment for the demolition and removal of 1 story brick building (old stable), located at Schenley Park Oval, 14th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

Mr. Lynch :

On final action, I requested that the City Clerk read Bill No. 3015 separately; said bill authorizes the payment of $990, for the demolition and removal of an old building at the Schenley Park Oval. Further, I am requesting a negative vote on this.

Mr. Mason:

I thought that you had just asked for a vote.

Mr. Lynch:

I am; a roll call vote.

Mr. Mason:

Mr. Lynch has requested that we have a "no" vote on Bill No. 3015.

Mr. Kamyk:

When you vote "no" you are voting for the bill; right?

Mr. Lucchino:

No.

Mr. Kamyk:

The bill received a negative recommendation so if we vote a negative recommendation we are voting "no."

Mr. Lynch:

I have been in Council for six years and every time we have a negative recommendation on something Mr. Kamyk throughly muddies the water with his statements. The bill is being passed finally; the answer is "no" and I am recommending that the vote be "no."

Mr. DePasquale:

That was a request to pay for demolition; you are going to record it as voting "no"?

Mr. Caliguiri:

I thought that the bill was held last week.

Mr. Lucchino:

I'll second the no vote on No. 3015.

Mr. DePasquale:

May I make one suggestion? Would someone tell me or make a recommendation on how we are going to pay this?

Mr. Lynch:

That's a problem the administration has to face.

Mr. Mason:

Any other questions?

Mr. Lynch:

Please ask for a roll call on this bill for final action.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Mr. Caliguiri	Mr. Kamyk
Mr. DePasquale	

Noes:

Mr. Coyne	Mr. Mason
Mr. Lucchino	(Pres't)
Mr. Lynch	

Ayes 3 Noes 4 (Mr. Stone not voting).

And there not being a majority of the votes of Council in the affirmative, the bill was defeated.

Mr. Mason

The bill is defeated.

Mr. Parliamentarian:

We may have a problem as Council's Rules state . . . "when any bill, upon its final passage, receives the votes of a majority of the members of Council present, but not a majority of those elected, such bill shall be considered as laid upon the table, and may be called up for further action, at the same or any subsequent meeting of Council."

Now, offhand, the majority of members would mean an affirmative vote which did not happen here, in this case, which means that it was defeated. In other words, I assume, offhand, that this bill did not receive the vote of the majority of members of Council present and therefore it is defeated. Does anybody have any quarrel with me at this point?

Mr. Lynch:

No, because you are right.

Mr. Caliguiri:

I agree that this bill should not have been turned down but I think it is encumbent upon the Members of Council to at least let this contractor know the reason we have defeated this bill; he deserves that much at least. Then, the administration can give a further explanation on it and find a way of paying it; but I think we should let the contractor know why we are not paying it.

Mr. Lynch:

I share Mr. Caliguiri's and Mr. DePasquale's concern that a person who deals with the City in good faith and does not get paid should have some explanation. But as a point it must be said the administration has misused the Wallace Act and they made this contract without councilmanic approval and I think that the chairman of the committee that is involved here has decided to make a stand — he is taking a position at this time and Council is in good form in supporting this stance and action against Ms. Brown, the Mayor and/or others that may be involved. Now, how is Mr. Omslear going to be paid? I would like to keep it not Council's problem but rather the problem of the person who improperly contracted for this obligation. The money is not substantial; it is less than $1,000. I recognize that a bill is a bill and it must be paid but it is not the kind of thing that would work an undue hardship on the person. It is a point that must be made. I have no objection to any Member of Council writing to the man in Coraopolis (the contractor) for their own point of view to make a legal point. But, I think that Council has made its position clear and it is a healthy position to maintain.

Let me go one point further -- it is on a different tack -- I have come to the conclusion that it is not possible for Council to vote "no" on anything. We just can't do it from here!

Mr. Mason:

What is bothering me is a simple problem that Mr. Caliguri has just put forward because of the games that get played in City Council that the intention, again, the administration will say that it is City Council that does not want the bill paid. The other problem that I have is that the administration can say to the contractor that Council will not pay because of so and so -- do you see the horns of the dilemma?

Mr. Lucchino:

We should stand our ground. I feel simply that we were asked to approve it and had it been presented to us we would not have approved it so why should we approve a bill that we disagree with?

Mr. Mason:

My problem is that it is a one to one relationship. We are sending it back without being paid -- what I am saying is that Council ought to contact the contractor and tell him why Council did not approve that bill; that puts a different basis on it. Are you willing to trust that you will get an honest interpretation of the matter to the contractor from the administration? The interpretation from the department to the contractor?

Mr. Lucchino:

I don't think it is any of our concern how the contractor feels toward us. We have a problem to solve and I don't think that they could tell the contractor anything different other than that Council refused to approve the bill. Yes, they may say something different but the fact is that Council refused to approve it.

Mr. DePasquale:

The major clause is that according to our rules of safety if a building is declared unfit and unsafe it is the type of building that is to be torn down before somebody gets hurt. There is nothing to stop the administration from declaring every building an emergency because all that building has to have is a couple of broken windows and we would have to pay it! In fact, they can declare each and every one of these old buildings as an emergency and they will tear it down without our approval and we will have to pay for it.

Mr. Lucchino:

There is something that we can do about it. We can force them to come in and stand independently to determine if these things are in fact emergencies. In this building we have never been able to establish that and I say it is time that we come to grips with our dealings with the administration of this City. We must take a stand and we are doing that -- we are taking a stand on this and what they tell the contractor is their business.

Mr. DePasquale:

But if the windows are out or broken that makes the building fit under the emergency context; it comes in under that category and, technically, the administration can declare it an emergency.

Mr. Stone:

If I may, I was not here last week and that is the reason that I abstained from voting; but I am noticing that apparently there is a contradiction here. I have been waiting for an expenditure of $15,000 to come out of Parks and Recreation and as well as my memory serves me, and I think I am correct, about a month ago I was the only one who voted against it. Once we got the interim approval it was two months after the work had been done and the work only took a couple of weeks. I am told by Mr. Lucchino that Bill No. 3036 is not the one that we made reference to at that time but Idon't recall it coming through for final passage. Let me say now that I am opposed to any interim approval letter two months after the work is done. If — Bill No. 3036 is not the one we made reference to, it was a top soil thing to be put on two playgrounds, I will reiterate that I opposed it in committee and I would oppose it now.

The thing that disturbs me here is that that bill was for $15,000 and we let it pass. We are now concerned about something less than a $1,000. I am abstaining because I was not here last week but I still maintain my logic which I gave you roughly about a month ago in committee on that $15,000 interim letter that was sent to us two months after the

work had been done and that actual work only extended over a couple of weeks and that is — the interim letter idea was to be such that if you are going to do the work, send the letter today; have enough sense to do that — send the letter today and get the work done after that not do as they have been doing and as we have proof of on this $15,000 sending the interim letter two months after the work has been done. The Wallace Act seems to be the right thing to do it with but I am opposed to the interim letter coming to us two months after the work has been done.

Mr. Lynch:

Mr. Stone expresses his frustrations of fact and I am inclined to believe that they are there because we have been inconsistent in the past and approved the Wallace Act Ordinance after the fact, allowing it to go forward without the proper authorization from Council. Taking a stance on this particular ordinance is, I think, a wise and prudent step to take at the juncture as it forewarns the administration that we intend to look with a more jaundiced eye on proposals and bills as Mr. Stone has explained, with a very good example, of the kinds of things that must be stopped. We are putting the administration on notice and at one of these points it may well be a $15,000 contract that will be disapproved and the administration will have to look around and find a way to pay it. This points up the need for councilmanic approval — now — if we can only get the Parliamentarian straightened out — I am with you (to the Parliamentarian).

Also, with an affirmative recommendation.

Bill No. 3016. An Ordinance entitled, "An Ordinance authorizing issuance of a warrant in the amount of $3,685.00 in favor of Crown Wrecking Co., Inc., 276 Ringold Ave., Pittsburgh, Pa. 15205, in payment for the demolition and removal of 2-story brick garage and warehouse, six 1-story frame garages and 1-story brick pump house located at 124 Steuben St., 20th Ward, for the benefit of the City, without previous authority of law; and providing for the payment thereof."

Which was read.

Mr. Caliguiri:

Mr. President, wait one second, please (Mr. Caliguiri reading Bill No. 3012). It seems that we have here a bill that I presented — we were wondering where it was and I now see that it got into Mr. DePasquale's papers.

There is a section here that says — "no stopping of any vehicle shall be permitted during hours so designated by proper signs, etc" — it does not give us any hours whatsoever in here so we know what we are talking about. I am a little hesitant to approve something that does not specifically designate the hours we are talking about. Since it is in Mr. DePasquale's Chair, it cannot be sent back to committee.

Mr. Mason:

Didn't the original bill specify the hours?

Mr. Lucchino:

They changed it. They had specified times but when you read the bill there is nothing in there.

Mr. Caliguiri:

They indicated the times would be during "rush" hours but it is not in here now. I would move to hold on this and send the bill back to committee.

Mr. DePasquale:

The times referred to seem to be only that they are the rush hours that occur in the morning and evening; other than that, it is not specified. I will report back to committee on this.

Mr. Mason:

The motion is that Bill No. 3012 be referred back to committee and let me

say "thanks" for catching it — whoever caught it.

Which motion prevailed.

Mr. Caliguiri:

I will have Mr. Balzer in next Wednesday to discuss Bill No. 3012. That is why we are called "the watch dogs of the world."

Also,

Bill No. 3019. An Ordinance entitled, "An Ordinance providing for the letting of a contract for the furnishing and delivery of Salvage Covers, for the Bureau of Fire, and for the payment thereof."

Which was read.

The titles of the bill was read and agreed to.

The bill was read on final action.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Kamyk presented

Bill No. 3101. Report of the Committee on Lands and Buildings for September 24, 1975, transmitting two resolutions to Council.

Which was read, received and filed.

Also, with an affirmative rcommendation,

Bill No. 3020. REPEALING Resolution No. 462, approved December 18, 1973, which authorized the sale of property in the 28th Ward, being a vacant lot located on Roundtop Street, designated as block 40-C, Lot 33, to Leo B. McGrail and Bertha A. McGrail, his wife, for the sum of $150.00.

WHEREAS, said petition has not yet been filed and the prospective purchaser has requested that the sale be cancelled and the hand money returned due to serious illness and financial hardship.

N O W, THEREFORE, BE IT RESOLVED, That the Resolution No. 462, approved December 18, 1973, is hereby repealed and that the Department of Lands and Buildings is hereby authorized to return the hand money in the amount of $100.00 to Leo B. McGrail and Bertha A. McGrail, his wife.

Which was read.

Also,

Bill No. 3021. REPEALING Resolution No. 214, approved April 7, 1975 which authorized the sale of property in the 25th Ward, being a vacant lot on Perrysville Avenue, designated as Block 23-A, Lot 224, to Hilary C. Opperman, for the sum of $2,000.00.

The reason for repealing this resolution is that the purchaser had intended to purchase along with the two city owned parcels one parcel that was privately owned. Since they are unable to obtain the private parcel, the two city parcels are of no use according to plan.

WHEREAS, said petition has not yet been filed and the prospective purchaser has requested that the sale be cancelled and the hand money returned.

N O W, THEREFORE, BE IT RESOLVED That Resolution No. 214, approved April 7, 1975 is hereby repealed and that the Department of Lands and Buildings is hereby authorized to return the hand money in the amount of $200.00 to Hilary C. Opperman.

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 3102.
City of Pittsburgh — Pete Flaherty, Mayor

September 24, 1975

President and Members of Council
510 City-County Building
Pittsburgh, Pennsylvania

Dear Gentlemen and Madam:

I am forwarding a Resolution for the appointment of Mr. John H. Allison as a member of the Zoo Commission.

Very truly yours,
PETE FLAHERTY

Which was read, received and filed.

Also,

Bill No. 3103. RESOLVED, That the appointment by the Mayor of Mr. John H. Allison of 860 Foxland Drive, be and the same is hereby approved and confirmed as a member of the Zoo Commission.

Which was read .

Mr. DePasquale:

What is the time period on that? Two weeks as usual?

Mr. Mason:

As usual, two weeks. This will give you time to review the resume and make any inquiries of the applicant that you may so desire.

Mr. Stone:

Mr. President, under Motions and Resolutions, if I may, last Friday the Housing Sub-committee had a hearing and at that particular time it came to our attention that the Public Housing Authority has had three vacancies; two of those vacancies became effective on September 8, 1975. Those two members of the Housing Authority Board who left on September 8th just happened to be the two most active people there. They were Aaron Levinson and Harold Tweedy; it seems that their commissions to the Board had expired. As you know, these Board Members are commissioned by the Mayor; therefore, I feel that we should write to the Mayor and ask that those vacancies be filled as expediently as possible. The Housing Authority should have a full compliment of Board Members. We have just gone through a period of six years of unaudited books at the Housing Authority at a time when I believe that they had four members on the Board; meaning that during that time they had 3 vacancies. Now, we have gone through an investigation of the Public Housing Authority, holding public hearings, and it is my understanding that, as yet, some of this is still not completely resolved. While I am gratified, and I speak for the Housing Subcommittee as well as myself, that there has been some improvement with regard to the operation of the Public Housing Authority under its present Executive Director, Jay Goggin, I still don't think that it is proper to operate with less than a full compliment of members on that particular Board.

Therefore, I move that this Council go on record as requesting the Mayor to fill the three vacant positions of the seven positions on that Board as expediently as possible with people who are competent to operate on that Board.

Mr. Caliguiri:

Second that motion.

Mr. Mason:

It has been properly moved and seconded but I am standing here in profound astonishment at this fact. It is hard to fathom how they could operate over there — never mind. Your motion is that Council request the Mayor to see to it that the three vacancies now existing on the Pittsburgh Housing Authority Board be filled as quickly and expedi-

ously as possible in order to give a full compliment of members to the Housing Authority Board; correct?

Mr. Stone:

Correct.

Which motion prevailed.

Mr. DePasquale moved

That Miss Ballinger be excused for absence from this meeting.

Which motion prevailed.

Mr. Lynch moved

That the Minutes of Council of Monday, September 25, 1975, be approved.

Which motion prevailed.

And on motion of Mr. DePasquale,

Council adjourned.

UNFINISHED BUSINESS

Mr. Lucchino:

Mr. Chairman, one of the clerks went to get a copy of the ordinance creating the Zoo Commission. We might want to wait until he brings it back. I don't believe the resolution offers the terms of the people that are nominated for the Zoo Commissions. The original ordinance is providing that they serve staggered terms, but that is not specified, is it Mike?

Mr. Perry:

It is not specified in terms.

Mr. Mason:

Could we have a few minutes so he can provide this particular aspect? This might be very important.

Mr. Caliguiri:

Why don't we come back?

Mr. Lynch:

With the Chair's ruling we can do that.

Mr. Mason:

Let's go on with the final reading.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

UNFINISHED BUSINESS

Mr. Mason:

All right. We will return to item two on our agenda.

Mr. Lucchino:

Mr. President, the ordinance provides that the people shall serve in staggered terms. On the initial appointment the Mayor shall nominate one member for a term of one year, one member for a term of two years, one member for a term of three years and one member for a term of four years. I don't believe the resolution says that.

Mr. Mason:

Do you have a suggestion?

Mr. Lucchino:

The only suggestion I can make is we suggest the term of the people and if they are to be approved or return them to the Mayor. The legislative courtesy is we should return them to the Mayor and, there, I would so move.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. DePasquale:

Mr. President, under resolutions, I don't know how Council feels, but I received a call from one of my constituents to submit a resolution banning stealing in baseball. He was not too pleased with Cincinnati winning, so, if Council wants to take action.

Mr. Lucchino:

Several months ago we asked the City Clerk to look into the possibility of us getting new microphones at the Committee table. No one can hear what is going on. Mike talked to the communications expert of the City and he is at the point where Council has to take action. Mike, can you give us a report as to where it stands?

Mr. Perry:

Five months ago I contacted Mr. O'Black about the microphones and he gave me a resume of the cost to put in a new system, but before I go ahead I would like to have permission to look into this or to get an okay from Council.

Mr. Lynch:

The figure was not a resume, but an estimate cost of $6,000.00, which struck me as high. It casually struck me as high at $6,000.00. I would like to see our City Clerk either go back to Mr. O'Black and tell him to get bids prepared or have Council get bids. I can't believe it costs that much.

Mr. Stone:

What is the problem?

Mr. Lynch:

They want to do the whole thing and we just need new microphones. Our sound system is fine, but our microphones do not pick things up. They can do it without changing the wiring system.

Mr. Caliguiri:

Why can't we get more speakers?

Mr. Lynch:

I would like Council to get bids and come back in thirty days.

Mr. Lucchino:

Mike was asking for guidance.

Mr. Mason:

I want to wish all of you the best of luck in doing this. I have been trying to get lights in here for the last four years, because these are murder on the television cameramen and, of course, lights make a tremendous difference.

Mr. Caliguiri moved

That the Minutes of Council of Monday, September 29, 1975 be approved.

Which motion prevailed.

Mr. DePasquale moved

That this meeting of Council adjourn and that the next Legislative Session of Council be scheduled for Tuesday, October 14, 1975, at 2:00 o'clock, P. M. (D.S.T.).

Which motion prevailed.

And Council adjourned

Bill No. 3103. RESOLVED, That the appointment by the Mayor of Mr. John H. Allison odf 860 Foxland Drive, be and the same is hereby approved and confirmed as a member of the Zoo Commission, for a term to expire in October of 1978.

Which was read.

Mr. DePasquale moved

That the appointments be approved.

Mr. Stone:

Mr. President, if I may, relative to the four bills and four appointments as I look personally at the four appointments: on the appointment of Mr. Scaife it reminds me of "My Place"; relative to Nancy Flaherty it reminds me of "All in the Family"; relative to Mr. Perlow it reminds me of "Our Gang"; and relative to Mr. Allison, anyone can be on the Zoo Commission. Mr. Allison is not a city resident and he has spent very little if any time in the City of Pittsburgh. Relative to the people of the Zoological Society, it reminds me of our forgotten living. It would be fine if it was just in jest, but it is no joke to the Zoological Society.

We had the best Zoo in this area and it was supported by volunteers. We had one of the largest groups of volunteers and it was an excellent operation. The question is how do you improve on excellence? According to the Flaherty Administration the way to improve excellence is to destroy it and you eliminate anything good about it.

I think, technically, with all the volunteers, we could have had a potential candidate to serve on the Zoo Commission, but not even one of the seven positions came from that particular Zoological Society. I personally believe the Zoo Commission has too much brass and not enough small people or animal lovers and the common touch. No wonder our citizenry gets distressed with the government involved. I can only say, shame, shame, shame. I, therefore, move that all four bills be sent back to the Mayor asking him to readjust and realign them by appointing one member of the Zoological Society.

Ms. Ballinger:

I want to speak on the motion. Mem-

bers of Council, I am sorry we did not get to the questioning of the four people, which I think is very necessary. It would not be a defamation of their reputation or their character, because their past action should not be their present action. I think we should question all of the people. I am not against the four appointments for the reason I don't feel they are qualified, but I believe, from these appointmnts, the Zoo may be controlled by Mayor Flaherty. I believe the Mayor's choices are tied to personal or political considerations and as Mr. Stone said and I did not hear his speech prior to this, so help me God, there is no Zoo expertise among these people or one representative of the little taxpayers who the Mayor professes to be interested in and looking out for and that is indeed unfortunate.

This is not to say Mayor Flaherty or the Councilmen are not suited for the Zoo Commission, but I believe that the public is inclined to be critical when so many are dedicated in trying and persist in giving their all voluntarily to animals and the welfare and care of animals and they are appointed through the virtue of their experienc and willingness to learn.

The Zoo Commission will run things in Highland Park and, of course, it lies with the Pittsburgh taxpayers and other people experienced in the care and welfare of animals. Therefor, I am in accordanc with Mr. Stone's suggestion that the four bills be sent back.

Mr. DePasquale:

In regard to my resolution. I don't think the world would collapse if something happened to our Zoo and I don't share the sentiments of some of my colleagues. We approved the people on the Commission and they have expertise. There has been Mr. Hays and qualified people that have been running that part of the Zoo for years and now they have the entire Zoo to run. The Zoological Society saw fit to give up. We have had a hearing with a quorum of Council and we said we wanted them, but they said in no way would they come back into the picture. They wanted out lock, stock and barrel.

The Commission is to oversee the Zoo, and the people, Mr. Hays and others are capable of running the Zoo. If I thought Mrs. Flaherty, Mr. Perlow, Mr. Scaife, or Mr. Allison would run the Zoo, I would be the first to say no. This is not the problem because the Commission will oversee the running of the Zoo and Mr. Hays and other qualified people will run it. My resolution stands.

Mr. Coyne:

I would like to address myself to Ms. Ballinger's remarks with regard to having the four appointees come before Council. That is possible if she desires to have them before Council. Council is on record as willing to have them come in.

Mr. Mason:

That never made it as a motion, could I correct that and she did not make any mention of it in her recent remarks.

Mr. Coyne:

I don't think it is too late if this is the wish of Ms. Ballinger. I am not altogether satisfied with the appointments to the Zoo Commission. On the appointments of Mrs. Flaherty and Mr. Perlow, I don't think they exhibit too much expertise in the field of zoology. It is my feeling the Mayor will come back with people that he wants to appoint and we will have a procession of people we will be rejecting until he ultimately gets who he wants.

Mr. Stone:

Mine is a point of order. I move to table them and give the Mayor the opportunity in which to come back with a change of appointments so we will have someone representing the volunteers from the Zoological Society and if it need be, since I move to table them, I think it has precedence over what is on the floor.

Mr. Mason:

Mr. Parliamentarian, does the motion to table have precedence over the resolution on the floor?

Mr. Curtin: (Parliamentarian)

Yes, it does and it is not debatable.

Mr. Mason:

Then the motion presented by the Chair and moved by Mr. DePasquale is now tabled, is that correct?

Mr. Stone:

You vote on the motion I had to table. You vote on my motion which is seconded by Ms. Ballinger to table the present motion and vote on it without discussion.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Stone

Noes:

Mr. Calliguiri	Mr. Lucchino
Mr. Coyne	Mr. Lynch
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 2 Noes 7

And there not being a majority of the votes of the Council in the affirmative, the motion to table the appointments was defeated.

Mr. Mason:

The Clerk will call the roll on approval of the Mayor's appointments.

And the roll being called, the ayes and noes were taken, agreeably to law, and were:

REPORTS OF COMMITTEES

Mr. Lynch presented

No. 3226. Report of the Committee on Finance for October 15, 1975, transmitting sundry ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3045. An Ordinance entitled, "An Ordinance authorizing and establishing procedure for the deposit of City funds in municipal depositories; authorizing the designation of a Paying Agent for General Obligation Bonds; prescribing the manner in which warrants shall be drawn from the City Treasurer; the execution and acceptance of said warrants and the signature requirements for checks drawn by the City on its depository; and repealing certain prior ordinances."

(Amended in Committee)

Which was read.

Mr. Lynch:

We are discussing the amendment to Section 12 of Bill No. 3045. I believe Mr. Stone would like not to support the striking of Section 12. As a question of procedure, is it possible for him to vote against the striking of Section 12? Will this bill come up for amendment again?

Mr. Mason:

Final action.

Mr. Lynch:

I am asking for a ruling from the Chair on making an amendment or reestablishing an amendment?

Mr. Lucchino:

Or voting yes with comment as we have done in our procedure.

Mr. Lynch:

Yes, but with comment is not parliamentary procedure if we want to vote this in or reamend it and vote again at this time.

Mr. Mason:

Is that correct, Mr. Parliamentarian?

Mr. Curtin:(Parliamentarian)

If he offers it as an amendment, you vote on that first, then vote again.

Mr. Lynch:

We have already changed it. He wants to vote to reestablish it. I think that is appropriate.

Mr. Mason:

I think it is appropriate.

Mr. Lynch:

After the first reading?

Mr. Mason:

After the first reading.

Mr. Stone:

Opposed. Mr. President, if I may, relative to Bill No. 3045.

Mr. Mason:

Would you object very much if the City Clerk reads Section 12 so we know?

Mr. Stone:

Let me include it in my motion. Relative to Bill No. 3045, more specifically and particulary, Section 12, I would move that, that paragraph entitled, "Investment of Funds" be reinserted, which reads as follows: "In addition to the deposit of City monies in depositories, the Treasurer shall have the power to invest funds in commercial paper as authoriz-

ed and in accordance with Act of the General Assembly, 53, Approved, July 25, 1973."

I have endorsed all of the provisions and changes in this particular bill as advocated, but I could not subscribe to paragraph 12. I regret that I was not here on Wednesday, due to my attendance at a funeral, but I believe we are defeating the purpose in this particular aspect. I do not see this as a see-saw battle as the money is going to the commercial paper or savings and loan and I don't see it as the direct opposite of one another. I do share the thought, however, that the money should go to the savings and loans, but I think it should be handled by percentage allotment

In addition to that, the General Assembly has already passed on this, particularly designating that commercial paper of this nature is the kind of paper form that municipalities are authorized to invest in. We are disservicing that amount of money which the Treasurer is permitted to invest if we do not permit him to invest in commercial paper, because obviously you get the greater amount of interest. You will get more interest and more money which will do good and this portion takes away from the intentions of this particular bill as it is being passed. I, therefore, move that Section 12 be reinserted in Bill No. 3045.

Mr. Lynch:

Mr. President, I would like to add a comment if I may. I support Mr. Stone's contentions completely and I think what he indicates is accurate. I would like to remind Council that the primary objection Mr. Lucchino had was the greater of the objections to this particular section, which was that it was discriminatory to the smaller savings and loans, in that, we would be able to invest in commericial paper with them not having to put in the kind of collateral that the banks and savings and loans would have to have. The nature of investing in this such kind of investment is that it offers commericial paper and those are in accordance with the General Assembly Act. The argument is strictly to the investment and he really ought to have this authority to allow our City funds to meet the onslaught of increasing rates which will face the economy in the coming years.

Mr. Lucchino:

Just one brief comment. I did not feel it was discriminatory against small savings and loans, but it is discriminating to all banks and savings and loan institutions. I would urge everyone to delay the ammendment and to stand fast, because we had five votes on Wednesday.

Mr. DePasquale:

I just want to say, on Mr. Stone's comments, Mr. Lucchino clarified his statement.

Mr. Stone:

Mr. President, if I may.

Mr. Mason:

Just a minute. Are there any other comments on the amendment?

Mr. Stone:

Mr. President, as I indicated, I endorsed the bill and it makes sense, but as I indicated this is not a conflict between the savings and loans and loans and commericial paper, but a certain amount of money the savings and loans could not hold on short term basis of thirty, sixty or ninety days. It is their nature that the kind of money they want is what they have long use of. Mr. Cosetti indicated and rightfully so, that if those monies were not on a short course, he wants latitude in doing that.

It is incumbent on us as legislators not to only have it there, but insist that it be done for the maximum amount of interest on the funds available on that particular aspect of short terms. That is the reason I am deeply concerned on this particular paragraph.

Mr. DePasquale:

One other thing, Mr. President. I share Mr. Lucchino's sentiments, but the people in the past have had good intentions and they could not get mortgages, but at that same time he stated a couple points back that it might be redlined and I know Mr. Lucchino does

not mean that. If we have to loan to certain people in certain areas, a number of banks will not get their money back. I know Mr. Lucchino does not want that to happen, but it will happen if we force these people's hands. I am not a banker and I don't intend to get in this field, but morally, it is wrong to tell people how to run their money.

Mr. Lucchino:

Nothing in the bill, Jeep, says how they have to loan money, but they can't deny certain people in the City money.

Mr. DePsquale:

If we don't give them the right not to loan money without the collateral, we are telling them to loan to these people or else.

Mr. Lucchino:

What Bob is talking about is a corporation like General Motors. They are not going to lend our people money for mortgag s. The banks have to put up this collateral and it has nothing to do with giving mortgages. They shall be required to put up the collateral, the banks and savings and loans in the City, when General Motors and the large corporations with commercial papers will not. I don't think we should change that when we make it more difficult for the banks and savings and loans.

Mr. Stone:

You are misleading the point here, Mr. DePasquale. We are talking about that kind of money the Treasurer could invest here and leaving it in a large bank and only getting six per cent. If we get commercial paper we are getting ten to twelve per cent.

Mr. Lucchino:

Don't talk about misleading. Joe said at the most we are getting is eight to eight and a quarter per cent more. Don't say it is six per cent versus eleven or twelve per cent. He said commercial paper is selling for less than what we are getting.

Mr. Stone:

On behalf of the internal belief, that is broad and it has to be okay. Commercial paper is the way to make more money or the chance of letting it lay in Mellon Bank. This is the reason I am cautious here. It is not commercial paper as opposed to the savings and loans, but it is a matter of commercial paper and Mellon Bank or commercial paper and Pittsburgh National Bank. We are trying to get the maximum return at this point of benefit for us and not General Motors. General Motors is paying through the nose on a short term basis and we are there with the ability to double it. I think we ought to push it because we owe it as a duty to get the additional funds.

Mr. Mason:

It seems to me that the reason I voted for this amendment is very simply because it has to do with history. For two years there was no money in this. Commercial monies were given only to two banks. It was a terrific fight before you got a third bank here. It seems to me also to even proceed with this aspect, as you know, Mr. Stone, from the pressures coming in, you can check it, it is certainly not satisfactory in no way to the people with homes with whom Mr. Lucchino has been dealing. I am just against percentage and it does not strike me right.

Mr. Stone:

The only thing is you are misconstruing it. This is not the money going to the savings and loans, but this is the money you would ordinarily have in the big institutions temporarily because it is short term paper. The choice is between Pittsburgh National, Mellon Bank, commercial paper and higher interest, or I can say, commercial paper with higher interest as opposed to Mellon and Pittsburgh National Banks. It is not a choice between commercial paper and savings and loans. The very nature of the busines is not a choice between those two.

Mr. Mason:

I undestand what you are indicating, but it is not spelled out in the amendment. It just says "commercial paper". I don't understand it; please clarify it, because I can't balance my checkbook.

Mr. Stone:

As long as you balance the City's.

Mr. Mason:

Can you clarify it on commercial paper and what we do on short term?

Mr. Stone:

First of all ,we are giving him the power to invest in commercial paper which the General Assembly Act on Statute 53, of July 25, 1975 has approved. This approves commercial paper within the Commonwealth of Pennsylvania. So, it is an authorized paper which they have approved for municipalities to invest in.

Number two, it is not by a practical matter the same identical money that would go into the savings and loans, but rather that money which would be temporarily, on a short term basis, put into the banks that could handle it; Pittsburgh National Bank and Mellon Bank and either the two or three that we approve. The choice is solely between the big banks and getting lesser interest and going to commercial paper for higher interest. It is not a choice between the savings and loans and commercial paper. It is not competing with the savings and loans, but it is competing with the big banks.

Also,

Bill No. 3238. An Ordinance entitled, "An Ordinance TRANSFERRING the amount of Forty Five Thousand ($45,000.00) Dollars from Code Accounts within the Department of Public Works."

Which was read.

Mr. Stone:

Mr. President on Bill No. 3238, I am opposed. That is the one transferring the money out of the Bridge Inspection Account. Consistent with my comments and vote of last Wednesday, I oppose the transfer of funds from the Bridge Inspection Account because I consider this a crucial issue and, in spite of the collapse of the Silver Bridge, we are only now being told by PennDOT that there are 42 "bad" bridges that are on the emergency level and having great priority and in need of repair in Pittsburgh, alone. PennDOT now says that they don't have the money to inspect and they have no money to repair if they could inspect them and found them to be in need. The City of Pittsburgh, by it's director, has indicated that there is no continuing program of bridge inspection and there has not been one for the last four years. I believe that we should do more inspection in view of PennDOT's present problems.

We have talked about the Liberty Bridge; it has the same construction as the Silver Bridge and it is in need of repairs. We are told that the bridge is not unsafe but, at the same time, it needs $10 million worth of repairs. We are also told that they (PennDOT) don't have the money and they don't know when they are going to get the money to do that $10 million worth of repairs. I think that we can ill afford to play "Russian Roulette" with the lives of those who must use this heavily traveled bridge. In the City, one ounce of prevention is worth a pound of cure. And -- we don't want the collapse of that bridge with citizens on it.

If we need additional money for bridge inspection, this City Council should be prepared to appropriate the funds for it. But, I don't approve of any diverting of money from ANY fund dealing with bridge inspection.

The Chair:

What is that Bill Number again?

Mr. Stone:

Bill No. 3238.

Mr. DePasquale:

One question here, if we transfer that $45,000, how much is left in that account?

Mr. Stone:

About $100,000. They have spent $90,000 so that leaves about $100,000.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

MOTIONS AND RESOLUTIONS

Mr. Coyne:

Mr. President, the report that we have received from the Mayor's Office regarding the Ordinance that Council passed some months' ago, concerning the Western Pennsylvania Water Company; that is the Ordinance where we requested that the Administration come back with an engineering feasibility report with regard to the purchasing of the Company (Western Pennsylvania Water Supply).

Also, the possible cost — estimated cost of that purchase. The report that was submitted to us today did not contain either one of those two requests that Council made in its Ordinance some time ago.

I would like to have the City Clerk ask the City Solicitor, Mr. Meade Mul-

vihill, Jr., to be here on Wednesday to conduct a Committee on Water Meeting, immediately following the Committee Meeting on Finance on Wednesday, November 5, 1975.

The Chair:

To those of you who are running for election or re-election this coming Tuesday, I wish the best of everything for you. Every success.

Secondly, I have some bad news. Mr. Kamyk's niece was involved in a terrific accident and I am sorry to say that she lost her life. It was not her fault but rather the case of a drunken driver hitting her and killing her. This girl was 18 years of age and I don't know the age of the other party. Please speak to Mr. Kamyk about this.

Mr. Kamyk:

Mr. Chairman, the other girl involved in this accident was my other niece but she was only slightly hurt and even though she was in the hospital she has been released.

Ms. Ballinger:

There was another death over this weekend. Mr. Richard Givens' brother, Robert Givens, passed away yesterday for those of you who are interested in this. He died of a heart-attack.

Mr. Lynch moved

That the Minutes of Council of Monday, October 27, 1975, be approved.

Which motion prevailed.

And on motion of Mr. Caliguiri,

Council adjourned.

Bill No. 3347. An Ordinance entitled, "An Ordinance VACATING Modena Way, between Cheston Street and Gilboa Way in the Twenty-Ninth Ward of the City of Pittsburgh."

Which was read.

The titles of the bills were read and agreed to.

The bills were read on final action.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Lynch
Mr. Coyne	Mr. Stone
Mr. DePasquale	Mr. Mason
Mr. Kamyk	(Pres't)

Ayes 9 Noes none

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. Stone presented

No. 3403. Report of the Committee on Planning and Redevelopment for November 12, 1975, transmitting sundry ordinances to Council.

Mr. Stone:

Mr. President, if I may, the two bills, Bill No. 2835 and Bill No. 2836 pertain to Sixth Presbyterian Church's housing for the elderly project. Might we not vote on that subject solely? That's Bills 2835 and 2836, take those two together, separate them from the other bills in my committee. They are companion bills and that is one project.

May I make this suggestion? Instead, let's take Bill No. 2835, solely. That's a zoning matter. That's the one that needs seven (7) votes.

Mr. Mason:

You know taking Bill No. 2835 separately, then Bill No. 2836 becomes null and void. If we take up Bill No. 2835 first and it does not pass, then 2836 becomes null and void, doesn't it?

Mr. Stone:

No. Because of the different vote requirement, we could take them together and end out with one passing and one not. In order to avoid a problem, what I would like to move for right now is that we take presently, only Bill No. 2835 and vote on that bill alone, right now.

Mr. DePasquale:

Mr. Stone, if we turn down Bill No. 2835, naturally you can't build the high-rise called for in Bill No. 2836.

Mr. Lucchino:

Then we would table it.

Mr. Lynch:

I would consent to that.

Mr. Mason:

You have heard the first reading of all the bills. The Chairman asks that Bill No. 2835 be considered separate and apart.

Mr. Caliguiri:

We had not taken a first vote.

Mr. Mason:

The Chairman of the Committee has asked that Bill No. 2835 be up for final action, and we will have the reading of the bill.

Also, with an affirmative recommendation,

Bill No. 2835. An Ordinance entitled, "An Ordinance amending the Zoning Ordinance, No. 192, approved May 10, 1958, Zoning District Map Sheet Z-0-E32 by changing from 'R2' Two Family Residence District and 'R3' Multiple Family Residence District to 'AP' Planned Commercial-Residential Unit Development District all that certain property bounded by Forbes Avenue; Murray Avenue; Lots No. 201 and 158, Block 86-G; and Lot No. 304, Block 86-F in the ACB&LS, 14th Ward."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

Miss Ballinger	Mr. Lucchino
Mr. Caliguiri	Mr. Stone
Mr. Coyne	Mr. Mason
Mr. Kamyk	(Pres't)

Noes:

Mr. DePasquale	Mr. Lynch

Mr. Lynch:

"No," and I would like to make some comments there, Mr. President. I would just like to comment as I vote, I join Mr. DePasquale in being deeply disturbed with the vicious and cynical manipulations of the elderly for a development that has no economic and/or social validity whatsoever. There is a difference between an expression of community feelings and a pressure campaign designed to distort community views and intimidate elected officials, and I think that is what we have seen in this case. I do not think we have seen an honest expression of the people in that community.

In recent years, this Council has attempted to be responsive to neighborhood attitudes and views and to a large extent, we have been successful. In today's actions, we are not being responsive to community desires whatsoever, but we are being responsive to pressures. I am sorry it appears this is going to pass but I urge Council to continue to be responsive to honest expressions of neighborhood views.

Ms. Ballinger:

Mr. President, there has not been any pressure on me other than over the weekend, I spent some time in Squirrel Hill, looking over the project area. I have spoken with some of the people who have already made their applications for

an apartment in this project, the majority being women, and I, being a women's advocate, realizing there are women living alone, widows, and those with no support other than the $7,000 they are permitted to make, I felt it is my prerogative and my right to change my vote. I had no pressure whatsoever, other than talking to people who had made application, and I went up there to look over the area, to see what it was all about.

Mr. Lynch:

I received a lot of pressure over the weekend, about 45 phone calls a day from every pressure group, every leader of every pressure group, and if Ms. Ballinger had an honest change of mind, I congratulate her on that score and I am sorry Ms. Ballinger has not seen fit to stand fast in behalf of that community.

Mr. Stone:

Mr. President, as Chairman of Council's Housing Subcommittee, this project came before our committee and we felt since it had one of the highest priority rates from HUD, itself, and since the project had merit, at least in the initial stages of it, we recommended it to City Council. Any bill ever presented to City Council, any subject matter ever presented to City Council, obviously had some for and some against, and we on City Council, after we hear the pros and cons, have to exercise what is our responsible vote and I think under the circumstances here, it is a question of whether or not it should be granted, the zoning, and whether or not a conditional use should be granted. My vote, and I am sure those who worked with us on the subcommittee believe this is a meritorious project, and therefore we have registered our vote, yes, for it, and I am registering my vote now, "Yes."

Mr. Mason:

Before registering my vote, I would say this, because I am the seventh vote. I have looked and listened and tried to reason with myself as to what is a reasonable approach to what we each of us know City Council has said of this community. Each and every one of us have said at one time or another, speaking from one platform or another, that we are for housing. We are for housing for the elderly. I was not intimidated in any way by the number of letters, not in any manner to which Mr. DePasquale has referred. I was swayed by this fact. That everytime City Council is faced with a situation like this, it is always, 'yes, housing is good for people, but not next door,' and I'm a little tired of hearing that because somebody has to pay a sacrifice along that line. It seems to me a matter of changing the zoning and from that point on, it is a matter of working out the problems between the developer and the Presbyterian Church.

The other problem on conditional use speaks for itself, but it seems to me it could be a very simple problem. Once resolved, we can build the housing and the risk falls on the developer and the group building the housing.

Therefore, I am perforce to vote, "yes."

Mr. Lynch:

The risk does not fall to the developer. It falls on the taxpayer. That is subsidized housing that's renting for $450 per apartment or better, and that is not a risk to the developer, but to the community.

Mr. Mason:

It is going to be subsidized, as I understand it.

Mr. Lynch:

And it comes out of taxpayers' pockets, make no mistake about that.

Mr. Mason:

Any time you subsidize from Washington, it comes out of the taxpayers' pockets.

Everyone has had a chance to vote. Can you give me a count now?

Ayes 7 Noes 2

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

Mr. DePasquale:

I may be out of order but at the same time, I would like to ask a question to Mr. Stone. Whatever happened to the project for Forward and Shady, which we approved two-and-a-half years ago?

Mr. Stone:

We approved it twice that I am fully aware of. It may have been three times. It is still in the hopper, waiting to go. I think the developer had problems, but it has approval and can go.

Mr: Stone:

Because the voting requirement was different, we separate the two bills. If the first bill had failed, we would have tabled this one. Now that the first one passed, we need a simple majority for Bill No. 2836.

Mr. DePasquale:

We don't need seven votes but a majority vote?

Mr. Stone:

Right, majority.

I would therefore move that we move on to Bill No. 2836.

Which motion prevailed.

Also,

Bill No. 2836. An Ordinance entitled, "An Ordinance approving a Conditional Use under Section 2801-1-A-(33) of the Zoning Ordinance, No. 192, approved May 10, 1958, as amended, for the erection of an eleven story structure, a portion of which is to contain 90 units of housing for the elderly for the Sixth Presbyterian Church located on certain property bounded by: Forbes Avenue; Murray Avenue; Lots No. 201 and 158, Block 86-G and Lot No. 304, Block 86-F in the ACB&LS, 14th Ward."

Which was read.

The title of the bill was read and agreed to.

The bill was read on final action.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:

MOTIONS AND RESOLUTIONS

The Chair presented

Bill No. 3405. RESOLVED, That the Council of the City of Pittsburgh hereby approves the Collective Bargaining Settlement between Pittsburgh Fire Fighters Local No. 1 and the City of Pittsburgh, a copy of which is attached.

Which was read.

Mr. Lucchino:

I would make a suggestion.

The resolutions we pass at the end of our meetings are not binding on the City of Pittsburgh and the only way that resolution can be properly binding is that it be introduced as a new paper, go to committee on Wednesday, and come back for final action. I recall Mr. Lynch (former City Solicitor) advising that those Council resolutions at the end of our Council meetings are not binding and just express the intent of Council. For that resolution to be effective, I suggest it has to go through our regular procedure. Otherwise, that is not an official act of the City of Pittsburgh that gets the Mayor's signature on a bill.

Mr. Lynch:

What is it he is reading, then, information?

Mr. Lucchino:

No, he is reading approval of the fireman's contract. I am not against it but it should be introduced as a bill.

Mr. DePasquale:

How does it differ from other resolutions, where it doesn't have to come up for final approval?

Mr. Lucchino:

Mr. Kamyk's bills are resolutions.

Mr. DePasquale:

I am talking about the difference in a resolution and an ordinance. An approval for appointment to a commission, that doesn't come up in committee and for final vote.

Mr. Lucchino:

That's only subject to approval of Council. Bills passed under Motions and Resolutions, that merely express the intent of Council. Every time we pass something, such as saying the Skybus should be built, or the Convention Center should be built, under Motions and Resolutions, that is not binding. Mr. Lynch (former City Solicitor) has given the opinion those motions and resolutions under that part of Council business merely express the intent of Council and that is all.

Mr. Mason:

But the "intent" doesn't make it binding.

Mr. Lucchino:

That's what I am saying. But it should be binding.

Mr. Lynch

May we inquire of the parlimentarian?

Mr. Curtin:

It doesn't appear to be a parlimentary question. I am not sure of the answer. I am not sure of the purpose of the resolution, whether Council and the Mayor have to approve a collective bargaining agreement. I think that would be the legal question, whether this is legal and if itis required, then Councilman Lucchino would be correct, but merely to express the intent of Council, then it does not need Councilmanic approval.

Mr. DePasquale:

The Mayor approved for the City and the firemen approved for the firemen. Its a matter now of Council passing the resolution now that all parties have agreed. The only thing left to bargain for is wages.

Mr. Curtin:

I am not an expert on labor laws.

Mr. DePasquale:

We were told if we did not pass it within a matter of days, it would fall through.

Mr. Lucchino:

That's not true. Mr. Campbell said the City is not presenting this until Thursday, so this can be introduced as a normal bill and it will come up on Wednesday.

Mr. DePasquale:

But the only thing the City is presenting Thursday is wage, but the other fringe benefits are already approved.

Mr. Lynch:

Why doesn't the President of Council re-introduce it as a new paper and it comes up in committee meeting on Wednesday?

Mr. Mason:

It might stymie presentation of the budget because we still have seven other groups to deal with and he has a valid point perhaps, but all I want to do is make sure we seal in the fringe benefit discussions already agreed to rather than delay it.

Mr. Lynch:

If he is right, this action doesn't lock it up all. He wants to lock it up. I don't think he is at variance with your intentions but with the procedure. He is saying, procedurally, in order to lock it up, the proper way to do it would be maybe to introduce it as a new paper. If there is no time limit, I would suggest that would be the safest course.

Mr. Mason:

You mean introduce it as a new paper today? It won't go down to defeat? I presented it already, as a resolution.

Mr. Lynch:

And he is saying it is not binding and all I am saying, it is not binding on the City when you do it this way. Just introduce it as a new paper, it comes up on Wednesday, and we're sure. Talking about delay, you would delay it another week if you introduce it next Monday. How can it be binding on the City without going through the normal procedure?

Mr. Stone:

When we got back to this discussion with then Solicitor Lynch, there was a question of whether there was validity; whether it should go through the full process or whether it should not. Frankly, and I disagree with that view, anything that Council passes that has an affirmative vote, that's sufficient, but the bill before us has distinction in two respects. The one before us now is not the final situation. What they are asking, they are after approval of portions of the bill. They want to have a feeling of Council with a feeling of the bargaining agent. I think that is what it is, so it is really a feeling of Council they want so they can proceed into stage two of it.

Secondly, this is totally different legislation. It is collective bargaining, where, again, I have a difference of opinion, but it is expressing the Administration's viewpoint.

They say they are the bargaining agents for the City so in effect, what we are really doing is rubberstamping what their agent has done and that's the Administration and that leads to this procedure rather than the full formality. I think you have a distinction. It is not a full approval and therefore, I think this is the difference now.

Mr. Kamyk:

Mr. President, this resolution only affirms our approval of what is in it and financially, these things would be presented in the budget at the end and they will have to be passed anyway, so why not pass the resolution?

Mr. Lucchino:

Mr. Kamyk, that's not so. What we approve now will lock us in. This is the final contract. The only thing, the arbitrator will now approve these issues and I challange any of you to tell me what is in these pages. There are 30 pages. The Firefighters have to have the information for five days before they have to give an answer. We get it at 9 o'clock, less than five hours ago, and we are asked to vote on it finally. I am not prepared to do that. When are the members of this Council going to stand up for the rights of this Council? If the Mayor comes in and says, 'here it is,' we say it's okay and there it is.

I am not opposed to this contract but I don't think we can review this on five hours notice. It has taken them months to negotiate and we say sure, we're going to approve it. I will vote against the resolution if that is the issue. I do not want to vote against it because it is probably a pretty good one, but I think we should be informed when we vote and I don't think anyone of us can say we are informed.

Mr. Stone:

He has introduced a new dimension. The question was not whether or not we should give it time, for informing ourselves. The question was the issue, whether or not we should vote on it now. If we feel so disposed to vote on it now, all Council has to do in any form, by their vote, in some way, no matter how it is, is vote approval. You're entitled to that. In view of that, I suggest you introduce it as a new bill, but that was not the original issue.

Mr. DePasquale:

Mr. Lucchino's point is well taken. I do not think any of us want to jeopardize the agreement and if one more week is not going to jeopardize it, let's go through the procedure, bringing it up as a new paper. Its not going to jeopardize the agreement, waiting a week. I am in favor of introducing it as a new paper; otherwise, I was prepared to vote yes.

Mr. Mason:

I think I am prepared to change my mind. It has to be voted on.

Let me say this, so everybody is fresh in their own minds. Some eight weeks ago, Mr. Lucchino made a motion, which motion was that we try to talk with Mr. Bruce Campbell prior to negotiations so we know what the City's input was going to be. I tried twice, and gave up, and this is where we get the bombshell dropped. He knew I would follow through. Now we get locked in and this gets to be a problem.

So, if you will, go on and drop this as a resolution, and Mr. Lynch can move to open for new business.

Mr. Lynch:

Move we reopen for new business.

Which motion prevailed.

NEW BUSINESS
